LPR INTEGRATIONS & PARKING SOLUTION DESCRIPTION

LINC SOLUTION

Using the Motorola ALPR Engine, LinC leverages existing infrastructure to transform non-ALPR cameras into high-performing ALPR systems. LinC software analyzes camera and VMS streams to extract ALPR events, enhances the data with location, time, and vehicle details, and integrates seamlessly with VehicleManager Enterprise for comprehensive data management.

Key Features and Benefits:

- **Integration with Existing Hardware:** This solution utilizes existing VMS cameras, and processing can be done either centrally or at the edge to offer compatibility with any level of network infrastructure.
- **Comprehensive Data Management:** Integrates with VehicleManager Enterprise for centralized data storage and management.
- **Real-Time Processing:** Processes VMS-supported RTSP feeds into ALPR detections in real time and allows real-time alerting from the Vehicle Manager through email, TAS, and Mobile Companion.
- **Enhanced Cloud Processing:** This technique combines local processing of HD video streams with subsequent cloud-based vehicle detail analysis to enhance metadata collection and accuracy.
- **Flexible Compatibility:** Supports ONVIF or RTSP-compatible cameras with specific technical requirements.

AVIGILON CAMERA INTEGRATION

The Avigilon Camera Integration allows customers to convert their non-ALPR Avigilon cameras into ALPR-capable devices. This integration incorporates ALPR data within the VehicleManager Enterprise back-office solution, providing a scalable, secure, and fully integrated data management system.

Key Features and Benefits:

- **Engineering Support:** Includes ongoing support, new integrations and security patching.
- **Integration Services:** Facilitates local device configuration and troubleshooting without requiring additional development.
- **Camera Mapping:** Provides detailed geocode mapping and camera-specific filtering for precise ALPR data management.
- **Full Data Management:** Offers secure storage, access control, and watchlist alerting based on site retention policies.
- **Image and Advanced Analytics:** Enables post-processing of images for vehicle details and offers comprehensive search and trend analysis capabilities.

COMPETITIVE INTEGRATION

The Competitive Integration solution enables customers to integrate their third-party ALPR hardware with the VehicleManager back-office system. This integration ensures seamless data ingestion and management, allowing federated queries and data sharing as if sourced directly from Motorola cameras.

Key Features and Benefits:

- **Engineering and Integration Support:** Provides updates, new integrations, security patching, and data migration services.
- **Seamless Installation:** Ensures easy installation and configuration without additional development requirements.
- **Detailed Camera Mapping:** Allows precise 1:1 camera mapping, geocode mapping, and specific camera filtering.
- **Robust Data Management:** Supports data storage based on agency retention policies and integrates with national data-sharing programs.
- **Advanced Image Analytics:** Processes ALPR data for detailed vehicle information and facilitates advanced vehicle search and analysis.

WATCHGUARD INTEGRATION

The WatchGuard ICV integration enhances existing camera systems by enabling license plate recognition and real-time data transmission to CarDetector Mobile (CDM). This integration supports immediate alerting, data synchronization, and scalable expansion of LPR capabilities.

Key Features and Benefits:

- **On-Device LPR:** M500 cameras use an on-device engine to provide immediate license plate recognition.
- **Real-Time Alerts:** Data sent to CDM triggers hotlist alerts, ensuring quick response to critical information.
- **CDM Feature Access:** Utilizes advanced CDM features like Mobile Hit Hunter for improved alert management.
- **Data Synchronization:** Supports hotlist synchronization and detection sharing through the VehicleManager platform.
- **Scalability:** Allows for easy addition of more LPR cameras, ensuring expandable coverage and enhanced situational awareness.

PARKING TOOLKIT

Our customizable Parking Toolkit offers a comprehensive solution for managing and enforcing parking regulations. It supports fixed camera installations in garages and mobile enforcement, providing features like permit verification, digital chalking, and real-time occupancy statistics tailored to specific locations and schedules.

Key Features and Benefits:

- **Permit Enforcement:** Helps ensure only authorized vehicles park in designated areas, increasing compliance.
- **Digital Chalking:** Automates vehicle marking to monitor parking durations and enforce time-limited regulations.
- **Duplicate Permit Detection:** Identifies and prevents fraudulent permit usage, ensuring fair parking practices.
- **Excessive Detection Monitoring:** Tracks and reports excessive detections to address permit misuse.
- **Flexible Zone Setup:** Allows the creation of geo-zones or manual zones for precise parking enforcement.
- **Customizable Permit Schedules:** Enables tailored enforcement rules based on specific times and days.
- **Occupancy Statistics:** Provides real-time data on parking occupancy for efficient space management.

L6Q CAMERA SYSTEM SOLUTION DESCRIPTION

L6Q CAMERA SYSTEM

The L6Q camera system revolutionizes license plate recognition (LPR) technology with its sophisticated capabilities, streamlined design, and consumer-grade installation process. This innovative system is ideal for law enforcement agencies and businesses seeking to enhance security through efficient and effective LPR. The L6Q seamlessly integrates with our backend software, VehicleManager or ClientPortal, to offer a comprehensive solution for building or supplementing a camera network, ensuring the safety and security of the communities they serve.

Key Features and Benefits:

- **Easy Install Out-of-Box:** The L6Q's user-friendly design, convenient carry case, and intuitive out-of-box workflow enable one-person installation and activation in minutes, using a smartphone for ultimate ease.
- **Precise Data Collection:** Configure the L6Q to capture vehicles moving at specific speeds and directions. It collects detailed information beyond license plates, including vehicle make, model, color, and speed, even in low-light conditions, enhancing investigative capabilities.
- **Versatile Power Options:** The L6Q operates anywhere with solar, AC/DC, Pole Tap, and internal battery options. It's built to withstand weather conditions and rated to IP67.
- **Amplified Insight & Awareness:** Beyond license plate data, the L6Q has advanced software for managing hot lists, alerts, searches, and patented analytics. Agencies control data retention and sharing, ensuring security and compliance.
- **App-Based Configuration & Activation:** Use the Mobile Companion app on Android or iOS for quick on-site setup. Scan the camera's QR code for guided configuration, including live video-enabled aiming and adjustable image capture regions for improved accuracy.
- **Advanced Night Vision:** Equipped with long-range infrared (IR) illumination and a starlight sensor, the L6Q can scan vehicles even in total darkness, ensuring round-the-clock operation.
- **Tamper-Proof Design:** The L6Q is built to be physically secure with a tamper-proof shroud, easily customized to blend with various environments.

Deploy the L6Q to enhance your LPR capabilities with a system designed for ease of use, versatility, and advanced data insights.

L5F SOLUTION DESCRIPTION

L5F CAMERA SYSTEM

The L5F License Plate Recognition Camera System sets a new standard in precision scanning for high-speed, high-traffic roadways, capturing clearer images at greater distances than ever. With state-of-the-art sensors and seamless integration with VehicleManager or VehicleManager Enterprise, the L5F provides a comprehensive fixed solution that delivers real-time alerts, comprehensive searches, and advanced analytics, enhancing community safety and generating revenue.

Key Features and Benefits:

- **Enhanced Image Quality:** Equipped with advanced color and infrared sensors, the L5F captures crystal-clear scans in bright and low-light conditions at over 30 frames per second per sensor, ensuring reliable performance in various environmental conditions.
- **Versatile Deployment:** The L5F offers a wide array of focal length options and an IP67 rating, allowing it to be deployed in diverse and challenging locations. This ensures consistent high-quality data collection wherever it's needed.
- **Comprehensive Data Management:** Easily create and manage hotlists and receive immediate notifications and alerts. The L5F simplifies system management and provides comprehensive searching and reporting capabilities, making it easier to locate vehicles of interest.
- **Advanced Software Integration:** Seamlessly pair the L5F with VehicleManager for law enforcement, VehicleManager Enterprise for enterprise solutions or ClientPortal for parking. These integrations offer advanced vehicle location analytics, parking enforcement tools, secure data sharing, and third-party integration, maximizing the utility of your LPR data.
- **High-Speed, High-Traffic Performance:** Designed to perform on high-speed, high-traffic roadways, the L5F ensures accurate and reliable license plate recognition, even in fast-paced environments, providing crucial data for safety and enforcement purposes.
- **Reliable and Durable:** With its IP67 rating, the L5F is built to withstand harsh weather conditions and challenging environments, ensuring long-term reliability and minimal maintenance.

Deploy the L5F to elevate your LPR capabilities with a system designed for superior image quality, versatile deployment, and advanced data management and analytics

L6D SOLUTION DESCRIPTION

L6D DUAL PURPOSE LPR CAMERA

The L6D Dual Purpose License Plate Recognition (LPR) Camera for law enforcement provides purpose-built LPR and video streaming all in one. Set it up with your mobile phone and use zoom for easy installation. The camera provides two lane high-accuracy detections and alerts of plate, state, make, model, color, direction of travel and speed.

Key features and benefits:

- **Global Shutter Sensors** - scan across two lanes with high accuracy.
- **Dual Zoom Lenses** - for deployments 30 to 250 feet.
- **Onboard Analytics** - make, model, color, plate, state, direction and speed.
- **VehicleManager** - a seamless experience from camera to software backend.
- **ONVIF Profile S** - compatible with your video management system (VMS) for video recording.
- **Comprehensive Data Management:** to easily create and manage hotlists and receive immediate notifications and alerts. VehicleManager simplifies system management and provides comprehensive searching and reporting capabilities, making it easier to locate vehicles of interest.
- **Advanced Software Integration:** seamlessly pair the L6D with VehicleManager for law enforcement and VehicleManager Enterprise for enterprise solutions. These software integrations offer advanced vehicle location analytics, secure data sharing, and third-party integration, maximizing the utility of your LPR data.

LICENSE PLATE RECOGNITION TECHNOLOGY STATEMENT OF WORK

OVERVIEW

This Statement of Work (SOW) outlines the responsibilities of Motorola Solutions, Inc. (Motorola) and the Customer for the implementation of fixed or mobile License Plate Recognition (LPR) technology(s) and your License Plate Recognition Technology solution, if Deployment or Installation Services are purchased as part of the Contract. For the purpose of this SOW, the term "Motorola" may refer to our affiliates, subcontractors, or certified third-party partners. A third-party partner(s) (Motorola-certified installer) will work on Motorola's behalf to install your License Plate Recognition Technology system(s) (if applicable).

This SOW addresses the responsibilities of Motorola and the Customer that are relevant to the implementation of the hardware and software components listed in the Solutions Description. Any changes or deviations from this SOW must be mutually agreed upon by Motorola and the Customer and will be addressed in accordance with the change provisions of the Contract. The Customer acknowledges any changes or deviations from this SOW may incur additional cost.

Motorola and the Customer will work to complete their respective responsibilities in accordance with the Project Schedule. Any changes to the Project Schedule must be mutually agreed upon by both parties in accordance with the change provisions of the Contract.

Unless specifically stated, Motorola will perform the work remotely. The Customer will provide Motorola personnel with access to their network and facilities so Motorola is able to fulfill its obligations. The Customer is responsible for acquisition and use of a remote access tool that complies with the regulations controlling use of the remote access tool. All work will be performed during normal business hours based on the Customer's time zone (Monday through Friday from 8:00 a.m. to 5:00 p.m.).

The number and type of software subscription licenses, products, or services provided by Motorola are specifically listed in the Contract and referenced in the SOW. Services provided under this SOW are governed by the mutually executed Contract between the parties, or Motorola's Master Customer Agreement and applicable addenda ("Contract").

AWARD, ADMINISTRATION, AND PROJECT INITIATION

Project Initiation and Planning will begin following the execution of the Contract between Motorola and the Customer. At the conclusion of Project Planning, Motorola's Project Manager (PM) will begin status meetings and provide status reports on a regular cadence with the Customer's PM. The status report will provide a summary of activities completed, activities planned, progress against the project schedule, items of concern requiring attention, as well as, potential project risks and agreed upon mitigation actions.

Motorola utilizes Google Meet as its teleconference tool. If the Customer desires to use an alternative teleconferencing tool, any costs incurred from the use of this alternate teleconferencing tool will be the responsibility of the Customer.

FBI-CJIS SECURITY POLICY – CRIMINAL JUSTICE INFORMATION

CJIS Security Policy Compliance

Motorola does not believe our LPR and License Plate Recognition Technology offerings require compliance with the *FBI-CJIS Security Policy* (CJISSECPOL) based on the definition in Section 4 of CJISSECPOL and how the FBI-CJIS defines Criminal Justice Information. However, Motorola does design its products with the CJISSECPOL security controls as a guide. Motorola's LPR system design and features support best practice security controls and policy compliance. In the event of a CJIS technical audit request, Motorola will support the Customer throughout this process.

Personnel Security – Background Screening

Motorola will assist the Customer with completing the *CJIS Security Policy Section 5.12 Personnel Security* related to authorized personnel background screening when requested to do so by the Customer. Based on Section 5.12, a Motorola employee is defined as someone who is required to be on the Customer's property with unescorted access. Motorola employees will also have access to the Customer's network(s) and stored information. Motorola has remote access tools to support virtual escorted access to on-premises customer assets.

Additionally, Motorola performs independent criminal background investigations including name based background checks, credential and educational vetting, credit checks, U.S. citizen and authorized worker identity verification on its employees.

Motorola will support the Customer in the event of a CJIS audit request to validate employees assigned to the project requiring *CJIS Section 5.12 Personnel Security* screening and determine whether this list is up to date and accurate. Motorola will notify the Customer within 24 hours or next business day of a personnel status change.

Security Awareness Training

Motorola requires all employees who will support the Customer to undergo Level 3 Security Awareness Training provided by Peak Performance and their CJIS online training platform. If the Customer does not have access to these records, Motorola can facilitate proof of completion. If the Customer requires additional and/or separate training, Motorola will work with the Customer to accommodate this request at an additional cost.

CJIS Security Addendum

Motorola requires all employees directly supporting the Customer to sign the CJIS Security Addendum if required to do so by the Customer.

Third Party Installer

The Motorola-certified third party installer will work independently with the Customer to complete the Section 5.12 Personnel Security checks, complete Security Awareness Training and execute the CJIS Security Addendum.

COMPLETION CRITERIA

The project is considered complete once Motorola has completed all responsibilities listed in this SOW. The Customer's task completion will occur based on the Project Schedule to ensure Motorola is able to complete all tasks without delays. Motorola will not be held liable for project delays due to incomplete Customer tasks.

The Customer must provide Motorola with written notification if they do not accept the completion of Motorola responsibilities. Written notification must be provided to Motorola within ten (10) business days of task completion. The project will be deemed accepted if no written notification is received within ten (10) business days.

In the absence of written notification for non-acceptance, beneficial use will occur thirty (30) days after functional demonstration of the system.

SUBSCRIPTION SERVICE PERIOD

If the contracted system includes a subscription, the subscription service period will begin upon the Customer's receipt of credentials for access. The provision and use of the subscription service is governed by the Contract.

PROJECT ROLES AND RESPONSIBILITIES OVERVIEW

Motorola Project Roles and Responsibilities (if applicable)

The Motorola Project Team will be assigned to the project under the direction of the Motorola Project Manager. Each team member will be engaged in different phases of the project as necessary. Some team members will be multi-disciplinary and may fulfill more than one role.

In order to maximize effectiveness, the Motorola Project Team will provide various services remotely by teleconference, web-conference, or other remote method in order to fulfill our commitments as outlined in this SOW.

Our experience has shown customers who take an active role in the operational and educational process of their system realize user adoption sooner and achieve higher levels of success with system operation. The subsections below provide an overview of each Motorola Project Team Member.

Project Manager (PM)

The PM will be the principal business representative and point of contact for Motorola. The PM's responsibilities may include but are not limited to:

- Manage Motorola responsibilities related to the delivery of the project.
- Maintain the Project Schedule, and manage assigned Motorola personnel, subcontractors, and suppliers as applicable.
- Coordinate schedules of assigned Motorola personnel, subcontractors, and suppliers as applicable.
- Maintain project communications with the Customer.
- Identify and manage project risks.
- Coordinate collaboration of Customer resources to minimize project delays.
- Evaluate project status against Project Schedule.
- Conduct status meetings on mutually agreed upon dates to discuss project status.
- Provide timely responses to Customer inquiries and issues related to project progress.
- Conduct status calls with the Customer throughout the Project up to and including Go-Live.

System Technologist

The System Technologist (ST) will work with the Customer's Project Team on:

- Camera programing
- Camera alignment

- Licensed Software Training
- Develop and submit Start Up and Commissioning Sign Off (SSU&C)

Technical Trainer / Instructor

The Technical Trainer / Instructor provides training in accordance with the Training Plan provided to the Customer.

Motorola-Certified Installer

The Motorola-certified installer is primarily responsible for installing in-car and fixed LPRs. There are specific requirements the 3rd party partner must meet in order to be considered a Motorola-certified installer, and they include (but are not limited to) the following:

Required Training

- SSU&C Onsite Training
 - Included Certification testing completed and passed
- Networking (must meet one of the following three requirements)
 - CompTia Network + Certification
 - Networking Degree in IT
 - Basic Networking RDS003
- ASE Certification for Mobile Installers
- Electrical Certification
 - Electrical Certification/Permitting
 - Low Voltage Certification
 - High Voltage Certification
- Equipment Certification
 - Bucket Truck Certification
 - Any applicable testing equipment certification

Other responsibilities the Motorola-certified installer may be involved in include the fixed and/or mobile installation of cellular routers, wired networks, poles, trenching, and conduit runs as well as the manufacturing and/or service of trailers. These activities will only be completed by Motorola if Motorola quotes these services; otherwise, the completion of these services are solely the responsibility of the Customer.

Customer Support and Services Team

The Customer Support and Services Team will provide on-going support to the Customer following Go-Live and final acceptance of the project.

Customer Project Roles and Responsibilities (if applicable)

Motorola has defined key resources that are critical to this project and must participate in all the activities defined in this SOW. During the Project Planning phase, the Customer will be required to provide names and contact information for the roles listed below. It is critical that these resources are empowered to make decisions based on the Customer's operational and administration needs. The Customer Project Team will be engaged from Project Initiation through Beneficial Use of the system. In the event the Customer is unable to provide the resources identified in this section, Motorola may be able to supplement these resources at an additional cost.

Project Manager

The PM will act as the primary point of contact for the duration of the project. In the event the project involves multiple locations, Motorola will work exclusively with the Customer's primary PM. The PM's responsibilities will include, but are not limited to:

- Communicate and coordinate with other project participants.
- Manage the Customer Project Team including subcontractors and third-party vendors. This includes timely facilitation of tasks and activities.
- Maintain project communications with the Motorola PM.
- Identify tasks required of Customer staff that are outlined in this SOW and the Project Schedule.
- Consolidate all project inquiries from Customer staff to present to Motorola PM.
- Approve a deployment date offered by Motorola.
- Review Project Schedule with the Motorola PM and finalize tasks, dates, and responsibilities.
- Measure and evaluate progress against the Project Schedule.
- Monitor project to ensure resources are available as required.
- Attend status meetings.
- Provide timely responses to issues related to project progress.
- Liaise and coordinate with other agencies, Customer vendors, contractors, and common carriers.
- Review and administer change control procedures, hardware and software certification, and all related project tasks required to meet the deployment date.
- Ensure Customer vendors' readiness ahead of the deployment date.
- Assign one or more personnel to work with Motorola staff as needed for the duration of the project, including one or more representatives from the IT department.
- Identify a resource with authority to formally acknowledge and approve milestone recognition certificates, as well as, approve and release payments in a timely manner.
- Provide Motorola personnel with access to all Customer facilities where system equipment is to be installed. Temporary identification cards are to be issued to Motorola personnel, if required for access.
- Ensure remote network connectivity and access for Motorola resources, if applicable to the solution.
- Assume responsibility for all fees pertaining to licenses, permits, inspections and any delays associated with inspections due to required permits as applicable to this project.
- Provide reasonable care to prevent equipment exposure from contaminants that may cause damage to the equipment or interruption of service.
- Ensure a safe working environment for Motorola personnel.
- Identify and manage project risks.
- Provide signature(s) of Motorola-provided milestone recognition certificate(s) within ten (10) business days of receipt.

IT Support

IT Support manages the technical efforts and ongoing activities of the Customer's system. IT Support will be responsible for managing Customer provisioning and providing Motorola with the required information for LAN, WAN, server and client infrastructure.

The IT Support Team responsibilities include but are not limited to:

- Participate in delivery and training activities to understand the software and functionality of the system.
- Participate with Customer Subject Matter Experts (SMEs) during the provisioning process and associated training.

- Authorize global provisioning decisions and be the Point of Contact (POC) for reporting and verifying problems.
- Monitor firmware updates
- Implement changes to Customer infrastructure in support of the proposed system.

Agency Manager

The Agency Manager will act as the primary POC upon project completion.

- Push internal requests for updates through appropriate channels
- Monitor all firmware updates and all other security measures for physical hardware as required by the Customer internal policies
- Administer users
- Audit reports
- Manage Hotlist and Hotlist functionality
- Attend Agency Manager training
- Oversee or act as the training POC
- Ensure all Authorized Users are aware of usage restrictions and any applicable terms related to the use of the LPR System
- Controls appropriate use and data storage policies as well as procedures for the data maintained outside the LPR system. This includes when any information is disseminated, extracted or exported out of the LPR system
- Controls and is responsible for developing the policies, procedures, and enforcement for applying deletion/purging and dissemination rules to information within and outside of the LPR system.
- Ensure data and system protection strategies are accomplished through the tools provided by Motorola for account and user management features along with audit and alert threshold features.

Subject Matter Experts (SMEs)

SMEs are a core group of users involved with the analysis, training and implementation process. The SMEs should be experienced users in their own respective field (evidence, dispatch, patrol, etc.) and should be empowered by the Customer to make decisions based on workflows and department policies related to the proposed system.

General Customer Responsibilities (If Applicable)

In addition to the Customer responsibilities listed above, the Customer is responsible for the following:

- **Customer Site.** If the Solution is to be installed at a Customer location ("Site"), the Solution will only be installed and/or evaluated at the Customer sites identified.
- Customer will be responsible for providing all necessary permits, licenses, and other approvals necessary for the installation and use of the Products and the performance of the Services at each applicable Site, including for Motorola to perform its obligations hereunder, and for facilitating Motorola's access to the Sites. This includes, but is not limited to providing a traffic safety plan to facilitate the safe deployment of all Equipment that is installed on, over, or near Sites with active roadways. No waivers of liability will be imposed on Motorola or its subcontractors by Customer or others at Customer facilities or other Sites, but if and to the extent any such waivers are imposed, the Parties agree such waivers are void. The Equipment used for the Services will only be located at such site.
- If the Solution is to be accessed remotely, Customer will only access Solution in the manner described by Solution documentation or as otherwise instructed by Motorola.

- Site Conditions and Issues. Customer will ensure that (a) all Sites are safe and secure, (b) Site conditions meet all applicable industry and legal standards (including standards promulgated by OSHA or other governmental or regulatory bodies), (c) to the extent applicable, Sites have adequate physical space, air conditioning, and other environmental conditions, electrical power outlets, distribution, equipment, connections, and telephone or other communication lines (including modem access and interfacing networking capabilities), and (d) Sites are suitable for the installation, use, and maintenance of the Products and Services. This Agreement is predicated upon normal soil conditions as defined by the version of E.I.A. standard RS-222 in effect on the Effective Date.
- All costs associated with permitting.
- Supply a proper power source to all Motorola Solutions provided equipment.
- Provide ALL points of attachment for hardware that include fixed LPR Cameras and associated equipment and ensuring all equipment is attached in accordance with local policies and codes.
- Supply any new infrastructure required to mount or attach the Motorola Solutions hardware to.
- Trenching as required for the purpose of running electrical power
- All poles and existing infrastructure that are not being purchased from Motorola as part of the LPR solution.
- All Utility locates needed for impacted areas.
- Providing the communications point of attachment for each site.
- When cellular service is used as the point of connection, customer is responsible for providing cellular service and SIM cards if they are not being purchased from Motorola as part of the LPR solution.
- All Customer-provided equipment, including third-party hardware and software needed for the proposed system but not listed as a Motorola deliverable. Examples include end user workstations, network equipment, etc.
- Configure, test, and maintain third-party system(s) that will interface with the proposed system.
- Establish an Application Programming Interface (API) for applicable third-party system(s) and provide documentation that describes the integration to the Motorola system.
- All work is to be performed by Motorola-certified installers. The Customer is responsible for work performed by non-certified installers.
- Upgrades to Customer's existing system(s) in order to support the proposed system.
- Mitigate the impact of upgrading Customer third-party system(s) that will integrate with the proposed system. Motorola strongly recommends working with the Motorola Project Team to understand the impact of such upgrades prior to taking action.
- Electronic versions of any documentation associated with business processes identified.
- Ability to participate in remote project meetings using Google Meet or a mutually agreed upon Customer-provided remote conferencing tool.
- Manage the Hotlist in accordance with the rules and regulations of the Customers State.

Motorola is not responsible for any delays that arise from Customer's failure to perform the responsibilities outlined in this SOW or delays caused by Customer's third-party vendor(s) or subcontractor(s).

NETWORK AND HARDWARE REQUIREMENTS

The following requirements must be met by the Customer prior to Motorola installing the proposed system:

- Provide network connectivity for the transfer and exchange of data for the proposed system.
- Provide remote access for Motorola personnel to configure the system and conduct diagnostics.
- Provide Internet access to fixed and mobile equipment.
- Provide devices such as workstations, tablets, and smartphones with Internet access for system usage. Chrome is the recommended browser for optimal performance. The workstations must support MS Windows 11 Enterprise.

- Provide and install antivirus software for workstation(s).
- Provide Motorola with administrative rights to Active Directory for the purpose of installation, configuration, and support (if applicable).
- Ensure required traffic is routed through Customer's firewall.

Motorola is not responsible for any costs or delays that arise from Customer's failure to meet network and hardware requirements.

PROJECT PLANNING

A clear understanding of the needs and expectations of Motorola and the Customer is critical to fostering a collaborative environment of trust and mutual respect. Project Planning requires the gathering of specific information to set clear project expectations and guidelines, as well as lay the foundation for a successful implementation.

Project Planning Session (if applicable)

A Project Planning Session will be scheduled after the Contract has been executed. The Project Planning Session is an opportunity for the Motorola and Customer PM to meet prior to the Project Kickoff Meeting and review key elements of the project and expectations. Depending on the items purchased, the agenda will typically include:

- A high level review of the following project elements:
 - Contract documents.
 - A summary of contracted applications and hardware as purchased.
 - Customer's involvement in project activities to confirm understanding of scope and required time commitments.
 - A high level Project Schedule with milestones and dates.
- Confirm CJIS background investigations and fingerprint requirements for Motorola employees and/or subcontractors.
- Confirm Customer location for Motorola to ship their equipment for installation.

Motorola Responsibilities

- Schedule the remote Project Planning Session.
- Request the assignment of Customer Project Team and any additional Customer resources that are instrumental to the project's success.
- Provide the initial Project Schedule.
- Baseline the Project Schedule.
- Review Motorola's delivery approach.
- Document mutually agreed upon Project Kickoff Meeting Agenda.
- Request user information required to establish the Customer in associated training portals.

Customer Responsibilities

- Identify Customer Project Team and any additional Customer resources that are instrumental to the project's success.
- Acknowledge the mutually agreed upon Project Kickoff Meeting Agenda.
- Provide approval to proceed with the Project Kickoff Meeting.

Motorola Deliverables

- Project Kickoff Meeting Agenda.

Project Kickoff (if applicable)

Motorola will work with the Customer to understand the impact of introducing a new solution and the preparedness needed for a successful implementation.

Note – The Detail Design Review (DDR), if applicable, is completed during the pre-sales process and normally completed prior to Contract award. Delay in the DDR review may impact the project schedule. Motorola will not be responsible for additional costs or delays incurred for Customer requested changes to the DDR.

Motorola Responsibilities

- Review Contract documents including project delivery requirements as described in this SOW.
- Discuss the deployment start date and deliver the Deployment Checklist.
- Discuss Mobile LPR equipment installation activities and responsibilities.
- Discuss Fixed LPR installation activities and responsibilities.
- Discuss project team participants and their role(s) in the project with fulfilling the obligations of this SOW.
- Review resource and scheduling requirements.
- Review the DDR, arranging for additional meeting for review as needed
- Review the Credentials Form
- Discuss Motorola remote system access requirements (24-hour access to a secured two-way Internet connection through the Customer's firewall for the purpose of deployment and maintenance).
- Complete all necessary documentation (i.e. fingerprints, background checks, card keys, etc.) required for Motorola resources to gain access to Customer facilities.
- Discuss the Training Plan.
- Review and agree on completion criteria and the process for transitioning to support.

Customer Responsibilities

- Provide feedback on project delivery requirements.
- Review the Deployment Checklist.
- Review the roles of project participants to identify decision-making authority.
- Grant Motorola Support access in the License Plate Recognition Technology program
- Validate non-disclosure agreements, approvals, and other related items are complete (if applicable).
- Provide all documentation (i.e. fingerprints, background checks, card keys, etc.) required for Motorola resources to gain access to Customer facilities.

Motorola Deliverables

- Project Kickoff Meeting Minutes
- Deployment Checklist

PROJECT EXECUTION

Hardware Procurement and Installation (if applicable)

Motorola will procure contracted hardware as part of the ordering process. The Customer is responsible for providing an installation environment that meets manufacturer's specifications for the hardware, which includes but is not limited to:

- Power
- Heating and Cooling
- Network Connectivity
- Access and Security
- Conduit and Cabling

Motorola Responsibilities

- Procure contracted equipment and ship to the Customer's designated location.
- Verify remote connection to hardware.
- The installer will be responsible for installing all Motorola provided hardware.
- Installer will utilize a certified electrician when wiring power to equipment.
- Verify whether the hardware is properly installed, connected to the network, and positioned to capture license plate data. (if applicable).
- Create a Trip Report outlining the activities completed during configuration and testing of system hardware.

Customer Responsibilities (if applicable)

- Provide Motorola with the correct IP address(es) for configuration
- Ensure the Customer's network is operational.
- Inventory LPR equipment after arrival at Customer location.
- Procure Customer-provided equipment and make it available at the installation location.
- Install backend server in Customer's designated area (if applicable).
- Confirm the server room complies with environmental requirements (i.e. power, uninterruptible power, surge protection, heating/cooling, etc.)(if applicable).
- Verify the server is connected to the Customer's network and installed for use.(if applicable)
- Conduct a power-on test to validate the installed hardware and software are ready for configuration.
- Provide, install, and maintain antivirus software for server(s) and/or workstation(s).
- Enable outgoing network connection (external firewall) to License Plate Recognition Technology
- Install Customer-supplied Access Points (if applicable).
- Verify all equipment directly connected to power is properly installed and connected to the network (if applicable).
- For remote deployments, the Customer is responsible for verifying all equipment is connected to their network
- Confirm access to installed software on Customer-provided workstation(s).

Motorola Deliverables

- Contracted Equipment

Mobile LPR Camera System (If Applicable)

The Motorola-certified installer will complete the installation of the Mobile LPR system(s) within the Customer-provided vehicle(s) or selected location. The installer may also be responsible for installing cellular routers or Wi-Fi radios inside the vehicle(s) for wireless upload of video and images.

The Customer vehicles must be available for the ST to complete the configuration and testing of the contractual number of Mobile LPR cameras. If the Customer does not have all vehicles available during the agreed upon date and time, the Customer may opt to sign-off on the number of Mobile configurations completed. If the Customer requires the ST to complete the full contractual number of Mobile LPR Cameras at a later date and time, additional cost may be incurred.

Note – The Pricing Page will reflect the Mobile LPR installation services by Motorola if Motorola is responsible for the installations.

Motorola Responsibilities

- Setup server for Mobile LPR digital video recorder (DVR) configuration.
- Create configuration USB used to complete Mobile LPR hardware configuration and validation.
- Travel to the Customer site to conduct configuration and testing of Mobile LPRs.
- Complete Mobile LPR configuration on a single vehicle, and validate the configuration with the Customer.
- Point and aim the Mobile LPR camera for image capturing.
- Install Licensed Software on Customer-provided mobile data terminal (MDT)
- Configure MDT Network Card
- Enable AI in Video Manager
- Configure NetMotion (if applicable)
- Receive Customer approval to proceed with remaining Mobile LPR configurations.
- Complete remaining contracted vehicle configurations.
- Test a subset of completed Mobile LPR hardware configurations.
- For Motorola-certified installer, complete the installation of cellular router and confirm placement of antenna mounting with Customer (if applicable).
- The Motorola-certified installer will install Customer-provided SIM card into cellular router and connect cellular router to the Mobile LPR (if applicable).

Customer Responsibilities

- Provide Motorola with remote connection and access credentials to complete Mobile LPR hardware configuration.
- Notify Motorola of the vehicle installation location.
- Coordinate and schedule date and time for Mobile LPR hardware configuration(s).
- Make Mobile LPR hardware available to Motorola for configuration and testing in accordance with the Project Schedule.
- Provide cellular SIM Card for Internet connectivity to the installer at time of installation.

Motorola Deliverables

- Complete Configuration and camera aiming as it applies to the proposed solution.

Fixed LPR Camera System Configuration (If Applicable)

The Motorola-certified installer will complete the installation of the Fixed LPR system(s) within the Customers designated locations. The installer may also be responsible for installing cellular routers or Wi-Fi radios for wireless upload of video and images. In the instance where Customer has purchased a self-deploy or quick-deploy camera without deployment or installation, the below Motorola responsibilities will be absorbed by the Customer.

Motorola Responsibilities

- Review preliminary plans for installation
- Verify with customer that proper permits and authorizations have been obtained
- Identify installation locations (pole or infrastructure asset) on which to install the Fixed LPR camera
- Motorola-certified installer will install the Fixed LPR camera
- Point and aim the Fixed LPR camera for image capturing
- Install License Plate Recognition Technology Software

Customer Responsibilities

- Approve installation locations
- Obtain necessary permits and authorizations
- Provide power to installation locations
- Provide any required trenching
- Coordinate with local utility companies in the case of any interrupted service requests or instances

NOTE - The Customer is responsible for having all vehicles and devices available for installation per the Project Schedule. All cellular data fees and Internet connectivity charges are the responsibility of the Customer. When cellular service is used as the point of connection, customer is responsible for providing cellular service, and SIM cards if they are not being purchased from Motorola as part of the LPR solution. If a Motorola-certified installer is not used for installation, Motorola is not responsible for any errors in hardware installation, performance or delays in the Project Schedule. In the event the Customer takes on the responsibility of installing LPR cameras through a Motorola-certified installer, Motorola is also not responsible for any errors in hardware installation, performance or delays in the Project Schedule. For in-car LPR installations, an MDT is required for all vehicles (if applicable).

Automatic License Plate Recognition (ALPR) Commissioning (If Applicable)

This section highlights the responsibilities of Motorola and the Customer when a Motorola In-Car Video (ICV) system interfaces with the LPR database.

Motorola Responsibilities

- Create a Customer account in the LPR data system with authorized user emails.
- Verify License Plate Recognition Technology software has been installed and launched per the Quickstart Guide.
- Provide Mobile LPR - Officer Safety Basic and Advanced Pre-Installation Checklist.
- Provide Agency Manager with Training Materials and Licensed Software MDT installation guide.
- Advise Agency Manager of different options available to add new users.
- Confirm Agency Manager is aware of registration required for Hotlists.
- Confirm Agency Manager understands how to set up data-sharing.

Customer Responsibilities

- Identify the Agency Manager.
- Register to receive access to Hotlists.

SOFTWARE INSTALLATION AND CONFIGURATION (IF APPLICABLE)

Motorola will install LPR software on a specified number of workstations. The Customer will be responsible for installing the software on the remaining workstations.

Licensed Software for the Mobile LPR Solution

Licensed Software is used in conjunction with Mobile LPR cameras. Installation consists of the following activities:

- Network discovery.
- Operating system and software installation.
- Onboarding user / system identity set up.
- Provide user access to the application.

License Plate Recognition Technology

License Plate Recognition Technology software is a cloud solution that does not require an onsite server and supports the full LPR Solution.

Motorola Responsibilities

- Based on Customer feedback, perform the following activities:
 - Create users, groups, and permissions.
- Test to ensure software is accessible to the Customer

Customer Responsibilities

- Verify traffic can be routed through Customer's firewall and reaches end user workstations.

CloudConnect Installation and Configuration (applicable for CommandCentral Aware purchase)**Motorola Responsibilities**

- Verify remote access capability.
- Remotely configure CloudConnect Virtual Machine within the Cloud Anchor Server.
- Configure network connectivity and test connection to the CloudConnect Virtual Machine.
- Create an IPSEC tunnel.
- Provide Customer with the information for setting up the IPSEC tunnel.

Customer Responsibilities

- Provide Motorola with two static IP addresses, corresponding subnet masks/default gateway, and available NTP and DNS IP for the CloudConnect Virtual Machine and the Cloud Anchor Server.
- Confirm with Motorola the network performance requirements are met.
- Configure firewall to allow traffic from IPSEC tunnel.

Completion Criteria

- CloudConnect Virtual Machine configuration is complete and accessible throughout the network.

CommandCentral Evidence (if applicable)

Motorola will work with the Customer to determine best industry practices, current operations environment, and subsystem integration to ensure optimal configuration of your CommandCentral Evidence solution.

Motorola Responsibilities

- Use the CommandCentral Admin Portal to provision users, groups, and rules based on Customer Active Directory data.
- Guide the Customer in the configuration of CommandCentral Evidence.

Customer Responsibilities

- Supply access and credentials to Customer's Active Directory for the purpose of Motorola conducting CommandCentral Evidence provisioning.
- Respond to Motorola's inquiries regarding users, groups and agency mapping to CommandCentral Evidence.
- Provision policies, procedures, and user permissions.
- Configure evidence as directed by Motorola.

Third-Party Interfaces (if applicable)

The integration between Motorola's LPR system and the Customer's third-party system may consist of an iterative series of activities depending on the complexity of accessing the third-party system. Interfaces will be installed and configured in accordance with the Project Schedule. The Customer is responsible for engaging third-party vendors as required to facilitate connectivity and testing of the interface(s).

Motorola Responsibilities

Develop and configure interface(s) to support the functionality described in the Solution Description.

Establish and validate connectivity between Motorola and third-party systems.

Perform functional demonstration to confirm the interface(s) can transmit and receive data to the Customer's digital evidence management system.

Customer Responsibilities

- Act as liaison between Motorola and third-party vendor(s) as required to establish connectivity to the LPR system.
- Provide personnel authorized to make changes to the network and third-party systems to support Motorola's integration efforts.
- Provide network connectivity between the LPR and the third-party system(s).
- Provide information on API, SDKs, data scheme, and any documentation necessary to establish interfaces with all local and remote systems. This information should be provided to the Motorola PM within ten (10) business days of the Interface Engagement Meeting.

NOTE - At the time of initial design, unknown circumstances, requirements or anomalies may present difficulties with interfacing Motorola products to a third-party application. These difficulties could result in a poorly performing or a non-functional interface. By providing Motorola with this information early in the deployment process, will put us in the best position to mitigate these potential issues. If the resolution requires additional third-party integration, application upgrades, APIs, and/or additional software licenses, the Customer is responsible for addressing these issues at their cost. Motorola is not responsible for any delays or costs associated with third-party applications or

Customer-provided third-party hardware or software. All APIs provided by Motorola or integrations with third-party software are provided AS IS. Motorola is not liable for any claims or damages associated with third party applications, or Customer-provided third party hardware or software.

SYSTEM TRAINING

The objective of this section is to prepare for and deliver training. Motorola training consists of computer-based (online) and instructor-led (on-site or remote). Our training delivery methods will vary depending on course content. Training will be delivered in accordance with the Training Plan. As part of our training delivery, Motorola will provide user guides and training materials in an electronic format.

Online Training (if applicable)

Online training is made available to the Customer through LXP and/or Motorola vetted third party platforms.

Motorola Responsibilities

- Designate a LXP Administrator to work with the Customer (if applicable).
- Establish an accessible instance of LXP for the Customer (if applicable).
- Configure a Customer-specific portal view.
- Organize content to align with Customer's selected technologies.
- Create initial Customer user accounts and a single Primary Administrator account..
- Provide technical support for user account and access issues, LXP functionality, and Motorola managed content (if applicable).
- Provide instruction to Customer on building groups.
- Coordinate third party platform usage and additional course offerings

Customer Responsibilities

- Provide user information for the initial creation of accounts.
- Complete LXP Administrator training (if applicable).
- Ensure network and Internet connectivity for Customer access to training platforms.

Instructor-Led Training (On-Site and/or Remote, if applicable)

Instructor-led courses are based on products purchased and the Customer's Training Plan.

Motorola Responsibilities

- Deliver User Guides and training materials in an electronic format.
- Perform training in accordance with the provided Training Plan.
- Provide the Customer with training attendance rosters and summarize any pertinent information that may impact end user training.

Customer Responsibilities

- Supply classroom(s) with the required computer and audio-visual equipment for training.
- Designate training representatives who will work with the Motorola trainer(s) to deliver the training content.
- Facilitate training of all Customer end users in accordance with the Customer's Training Plan.

Motorola Deliverables

- Electronic versions of User Guides and training materials.
- Attendance rosters.

PROJECT GO-LIVE, CLOSURE, AND HANDOVER TO SUPPORT

Motorola will utilize the Deployment Checklist throughout the deployment process to verify features and functionality are in line with installation and configuration requirements. The Customer will witness the ST demonstrating the Deployment Checklist and provide feedback as features and functionality are demonstrated. The Customer is considered Live on the system after the equipment has been installed, configured, and made available for use, and training has been delivered or made available to the Customer.

Upon the conclusion of Go-Live, the project is prepared for closure. Project closure is defined as the completion of tasks and the Customer's receipt of contracted components. The Deployment Checklist serves as the artifact that memorializes a project closure. A System Acceptance Certificate will be provided to the Customer for signature to formally close out the project. The Customer has ten (10) business days to provide Motorola with a signed System Acceptance Certificate. If the Customer does not sign off on this document or provide Motorola written notification rejecting project closure, the project will be deemed closed. Upon project closure, the Customer will engage with Technical Support for on-going needs in accordance with the Customer's specific terms and conditions of support.

Motorola Responsibilities

- Provide the Customer with Motorola Technical Support engagement process and contact information.
- Provide Technical Support with the contact information of Customer users who are authorized to engage Technical Support.
- Ensure Deployment Checklist is complete.
- Obtain Customer signature on the System Acceptance Certificate.
- Provide Customer survey upon closure of the project.

Customer Responsibilities

- Within ten (10) business days of receiving the System Acceptance Certificate, provide signatory approval signifying project closure.
- Provide Motorola with the contact information of users who are authorized to engage Motorola's Technical Support.
- Engage Technical Support as needed.

Motorola Completion Criteria

- Provide Customer with survey upon closure of the project.

ASSUMPTIONS

This SOW is based on the following list of assumptions (if applicable):

- Customer is aware of and abiding by their States' laws, mandates and requirements in relation to the Hotlist
- Pole installations will be done on grassy/dirt/gravel areas or sites where excavation can easily be done with standard auger equipment.
- Site conditions meet all applicable industry and legal standards (including standards promulgated by OSHA or other governmental or regulatory bodies)
- Information provided and approved in the Presales DDR process was accurate

LPR REMOTE MONITORING SERVICE

STATEMENT OF WORK

OVERVIEW

The Remote Monitoring service provides Motorola Solutions' Network Operations Center ("NOC") with operational status of Customer's LPR cameras, enabling the NOC to provide proactive technical support response to defined alerts from the Customer's camera system. When an actionable event takes place, it becomes an incident. Centralized Managed Support Operations ("CMSO") technologists acknowledge and assess these incidents, and initiate a defined response.

This Statement of Work ("SOW"), including all of its subsections and attachments, is an integral part of the applicable agreement and applicable addenda ("Agreement") between Motorola Solutions, Inc. ("Motorola Solutions") and the customer ("Customer"). All services provided under this SOW shall be governed by the terms of the Agreement.

DESCRIPTION OF SERVICE

This service is made up of two main components:

1. Upon initial purchase of this Service, Motorola Customer Representatives will onboard the Customer to receive service.
2. The alerts will be monitored and responded to by the NOC.

Alerts will be generated based on the health status of the camera. These alerts may be tied to events like a camera losing power or not recording detections after a defined period of time.

SCOPE

Remote Monitoring service will provide a response to detected health status alerts. The NOC will begin the standard troubleshooting process on the system directly and initiate the appropriate next steps.

MOTOROLA SOLUTIONS RESPONSIBILITIES

- Verify connectivity and event monitoring prior to system acceptance or start date of the Service.
- Once alerted, create an incident, as necessary. Gather information to perform the following:
 - Describe the event
 - Assign and track the incident to resolution (if applicable)
- Electronically transmit the Incident ticket to the Customer.
- Maintain communication as needed with the Customer in the field until incident resolution.
- Upon request, provide updates on incident resolution to the Customer.
- If the Customer would like to have an on-site technician dispatched, LPR Standard On-site Replacement is an optional solution available for purchase with associated fees.

LIMITATIONS AND EXCLUSIONS

The following activities are outside the scope of the LPR Remote Monitoring service:

- Motorola Solutions will not monitor alerts from any elements outside of the Customer's identified LPR solution, or monitor infrastructure provided by a third party, unless specifically agreed upon in writing. Monitored elements must be within the Motorola LPR Solution and capable of sending alerts to the monitoring platform.
- Customer shall inform Motorola Solutions of any changes made to the Motorola Solutions System. Motorola Solutions is not responsible or liable for Services necessary due to such changes. Additional support charges above contracted service agreement fees may apply if Motorola Solutions determines that system faults were caused by the Customer or a third party making changes to the System without written approval from Motorola Solutions.
- Monitoring of network transport, such as WAN ports, WAN Cloud and redundant paths, unless provided by supplemental service outside this standard scope.
- On-site visits required to resolve technical issues that cannot be resolved by working remotely with the Customer's technical resource.
- System installations, hardware upgrades and expansions.
- Customer training.
- Hardware repair and/or replacement.
- Network security services.
- Information Assurance.
- Customer-provided or third-party equipment, services or software not provided by Motorola.

CUSTOMER RESPONSIBILITIES

- Provide internet connectivity for the camera(s) included in this service, unless otherwise provided as agreed upon by Motorola Solutions.
- Purchase camera licenses for any cameras covered by this service.
- Provide access to the camera as needed for troubleshooting efforts.
- Provide continuous utility service to any Motorola Solutions supported equipment installed or used at the Customer's premises to support delivery of the service. The Customer agrees to take reasonable due care to secure the Motorola Solutions supported equipment from theft or damage while on the Customer's premises.
- Prior to contract start date, provide Motorola Solutions with pre-defined information necessary to complete a Customer Support Plan (CSP), including:
 - Incident notification preferences and procedure
 - Repair verification preference and procedure
 - Database and escalation procedure forms
- Submit timely changes in any information previously supplied to Motorola Solutions and included in the CSP.
- Notify the CMSO when the Customer performs any activity that impacts the system. Activity that impacts the system may include, but is not limited to: installing software or hardware upgrades, performing upgrades to the network, renaming elements or devices within the network, moving (including installing/reinstalling/deinstalling) cameras, and taking down part of the system to perform maintenance. All such changes must be communicated through the opening of a Change ("CRQ") ticket with the NOC.
- Allow Motorola Solutions field service technician, if designated in the CSP, access to remove Motorola Solutions-owned monitoring equipment upon cancellation of service.

- Provide Motorola Solutions with all Customer-managed passwords required to access the Customer's system upon request, when opening a request for service support, or when needed to enable response to a technical issue.
- Pay additional support charges above the contracted service agreements that may apply if it is determined that system faults were caused by the Customer or a third party making changes to the System without written approval from Motorola Solutions, or if Customer-provided network connectivity is not capable of supporting consistent heartbeat event transmission. Additional fees may be necessary to resolve an issue, based on the exclusions above.
- Cooperate with Motorola Solutions and perform reasonable or necessary acts to enable Motorola Solutions to provide these services.

RESPONSE TIMES

In the event of an incident, a ticket is opened. Motorola Solutions will provide an initial response during normal business hours: 8:00 a.m. to 5:00 p.m, Monday through Friday; excluding statutory (Federal and State) holidays, and excluding Customer-specific holidays when a Customer representative would not be available to collaborate with the CMSO Service Desk. Motorola's response time will be based on Customer's local time zone.

Upon ticket opening, the CMSO Service Desk and Technical Support will determine if a replacement camera and/or solar panel will be required to resolve the incident. Motorola will then notify Customer to request an advance replacement unit through their warranty coverage.

If On-site Standard Replacement has been purchased and meets requirements, the Customer will then notify the Service Desk upon receipt of the replacement unit. Motorola will aim to have a Field Service Technician arrive on-site within 8 hours of confirmation that Customer has received the replacement unit.

LPR STANDARD ON-SITE REPLACEMENT STATEMENT OF WORK

OVERVIEW

Motorola Solutions' LPR Standard On-site Replacement service provides incident management for on-site technical service requests associated with hardware replacement provided under warranty or extended warranty. The service is delivered by Motorola's Centralized Managed Support Operations ("CMSO") in cooperation with a local service provider.

This Statement of Work ("SOW"), including all of its subsections and attachments, is an integral part of the applicable master agreement and any applicable addenda ("Agreement") between Motorola Solutions, Inc. ("Motorola") and the customer ("Customer"). All services provided under this SOW shall be governed by the terms of the Agreement.

LPR On-site Replacement Service may also be referred to herein as On-site Support.

DESCRIPTION OF SERVICE

The Motorola CMSO team will receive a request for support that may ultimately require replacement of the hardware under warranty. This replacement will then result in a request for on-site service.

The dispatched field service technician will travel to the Customer's location to restore the system in accordance with Section 1.8: Response Times.

Motorola will manage incidents as described in this SOW. The CMSO Service Desk will maintain contact with the field service technician until incident closure.

GEOGRAPHIC AVAILABILITY

LPR Standard On-site Replacement is available in the United States where certified Motorola servicers are present. Response times are based on the Customer's local time zone, availability of personnel and equipment, and site location.

INCLUSIONS

LPR Standard On-site Replacement Service is provided for Motorola-manufactured equipment, specifically the L6Q camera and associated solar panel, whose installed height is reachable using a maximum 14-foot A-frame ladder. In addition, the equipment must be covered by a warranty plan with advanced replacement as a prerequisite for the LPR Standard On-site Replacement Service.

LIMITATIONS AND EXCLUSIONS

The following items are excluded from this service:

- All Motorola-manufactured equipment beyond the post-cancellation support period.
- Any technical service requests related to equipment or hardware no longer under warranty, third-party equipment or software, including Broadband Services and related hardware.
- Physically damaged equipment.
- Accessories and consumable items including, but not limited to, batteries, connectors, cables, toner or ink cartridges, tower lighting, laptop computers, monitors, keyboards and mouse.

- Retrieval of video from malfunctioning LPR Cameras.
- Construction related services and poles.
- Procurement or use of a Bucket Truck or any specialized equipment for accessing or servicing equipment above 14-foot height.
- Permitting (unless otherwise agreed upon by parties in writing), local licensing and coordination and costs associated with Public Safety.
- State or City-specific specialty contractor licenses.
- Procuring or coordinating traffic control where the service is to be performed.
- Any electrical or utility work that may be found to be required to restore operation of the equipment.
- RF infrastructure and backhaul components, including but not limited to, antennas, transmission lines, antenna dehydrators, microwave, line boosters, amplifiers (such as tower top amplifiers and bi-directional amplifiers), logging recorders, data talker wireless transmitters, short haul modems, combiners, multicouplers, duplexers, shelters, shelter HVAC, generators, UPS's and test equipment.
- Racks, furniture and cabinets.
- Tower and tower-mounted equipment
- Non-standard configurations, customer-modified equipment, and certain third-party equipment, software or solutions.
- Any services and replacements during unsafe conditions, including but not limited to Acts of God, Natural Disasters and unsafe weather and site conditions.

MOTOROLA SOLUTIONS RESPONSIBILITIES

- Receive service requests.
- Dispatch a field service technician, as necessary and in accordance with Motorola standard procedures, and provide necessary incident information.
- Provide the required personnel access to relevant Customer information, as needed.
- Motorola Solutions field service technician will perform the following on-site:
 - If applicable, evaluate the customer's environment and equipment to determine the source of the issue. This may result in restoration of camera functionality without replacement.
 - If necessary, replace defective LPR Equipment, per the warranty or extended warranty coverage associated with the defective equipment.
 - Technician will be equipped with the tools and documentation needed to perform the work and will supply ancillary materials required to perform the service
 - Update the component with the latest Firmware and/or Software updates and confirm updates.
- Close the incident upon receiving notification from the Customer or Motorola field service technician, indicating the incident is resolved.
- Provide incident activity reports to the Customer, if requested.

CUSTOMER RESPONSIBILITIES

- Prior to start date, provide Motorola with the following pre-defined Customer information and preferences necessary:
 - Incident notification preferences and procedure
 - Repair verification preference and procedure
 - Database and escalation procedure forms
- As part of service onboarding, establish a Maintenance User Account (username/login) that is to be provided to the responding on-site technician, to be utilized by the technician in effecting camera configuration as needed.

- Submit timely changes to any information, previously supplied to Motorola, which is needed for Motorola to perform the service.
- Provide the following information when initiating a service request:
 - Serial number of Camera
 - Assigned System ID number
 - Problem description and site location
 - Other pertinent information requested by Motorola to open an incident
- Provide field service technician with prompt and safe access to equipment
 - Customer will ensure that (a) all Sites are safe and secure, (b) Site conditions meet all applicable industry and legal standards (including standards promulgated by OSHA or other governmental or regulatory bodies), (c) to the extent applicable, Sites have adequate physical space, air conditioning, and other environmental conditions, electrical power outlets, distribution, equipment, connections, and telephone or other communication lines (including modem access and interfacing networking capabilities), and (d) Sites are suitable for the installation, use and maintenance of the Products and Services. Customer is responsible for providing a security detail to facilitate a safe working environment, at Motorola's request, while a Motorola employee or servicer/subcontractor is conducting on-site demonstrations, installations or site walks. If Motorola or Customer identifies any deficiencies or non-conformities in the Site, Customer will promptly remediate such issues or the Parties will select a replacement Site.
- Maintain and store software needed to restore the system in an easily accessible location.
- Maintain and store proper system backups in an easily accessible location.
- Cooperate with Motorola and perform reasonable or necessary acts to enable Motorola to provide these services.
- Provide a primary onsite contact to be available, as needed, to the Motorola technician.
- In the event that Motorola agrees in writing to provide supplemental LPR On-site Replacement Services to Customer-provided third-party elements, the Customer agrees to obtain and provide applicable third-party consents or licenses to enable Motorola to provide the service. All services provided by Motorola in this case are provided AS IS with no warranties or representations. Additionally, Motorola disclaims all liability for any claims related to supplemental services and third-party elements.
- Customer responsible to complete the advanced replacement cycle and return camera.
- Customer responsible for ensuring the solar panels and camera lenses are inspected and cleaned annually.

RESPONSE TIMES

In the event of an incident, a ticket is opened. Motorola will provide an initial response during normal business hours: 8:00 a.m. to 5:00 p.m, Monday through Friday; excluding statutory (Federal and State) holidays, and excluding Customer-specific holidays when a Customer representative would not be available to collaborate with the CMSO Service Desk and onsite technician. Motorola's response time will be based on Customer's local time zone, availability of personnel and equipment and site location.

Upon ticket opening, the CMSO Service Desk and Technical Support will determine if a replacement camera and/or solar panel will be required to resolve the incident. Motorola will then notify Customer to request an advance replacement unit through their warranty coverage. Customer will then notify the Service Desk upon receipt of the replacement unit. Motorola will aim to have a Field Service Technician arrive on-site within 8 hours of confirmation that Customer has received the replacement unit.

Re: Notice to Proceed for Motorola Solutions Equipment Purchase

This letter serves as authorization for Motorola to place an order and invoice for License Plate Recognition Equipment per QUOTE -3404192 dated 11/24/2025 (the "Quote") with a purchase price of \$793,715.71. Furthermore, the products and services described in the Quote shall be provided under the terms and conditions of the NASPO Agreement No. OK-MA-145-21-500 (State Participating Addendum 16087 OC) (the "Lead Contracts"), and the Pricing Template Attachment D to Agreement No. OK-MA-145-21-500. The Lancaster County Sheriff's Department agrees to pay Motorola Solutions for the equipment "Net 30 days upon delivery to:

Lancaster County Sheriff's Department
575 S 10th Street
Lincoln, NE 68508

Motorola Solutions will release shipment with written approval from the Lancaster County Sheriff's Department to ensure federal funding has been received, dock space is available, and that the Project Manager is ready to receive all products.

When Motorola Solutions invoices the Lancaster County Sheriff's Department, the invoice should reference the Quote and should be sent to Chief Deputy Ben Houchin at the following address: Chief Deputy Ben Houchin Bhouchin@lancaster.ne.gov 402-441-6500.

For taxation purposes, even if tax-exempt, the equipment sold to the Lancaster County Sheriff's Department will ultimately reside at the following address: Lancaster County Sheriff's Department 575 South 10th Street, Lincoln, NE 68508.

I submit that I am a duly authorized official of Lancaster County and that I am authorized to execute this notice. Payments can be authorized solely on this document. The contract price is fully committed and identified. The Customer will pay all invoices as received from Motorola in compliance with the terms of the Lead Contracts, and any changes in scope will be subject to any future change order signed by Lancaster County.

If you have any questions regarding this order, please contact Chief Deputy Ben Houchin, 402-441-6500.

Sincerely,

LANCASTER COUNTY BOARD OF COMMISSIONERS

By: _____

Rick Vest, County Board Chair

The terms of this Notice to Proceed are agreed to by the below authorized individual on behalf of Motorola Solutions:

Signature

Printed Name

Title

Participating Addendum Number 16087 OC
for
PUBLIC SAFETY VIDEO SYSTEMS (2023-2028)
between
STATE OF NEBRASKA
and
MOTOROLA SOLUTIONS, INC.

This Participating Addendum is entered into by the State of Nebraska ("Participating Entity") and the following Vendor (each a "Party" and collectively the "Parties") for the purpose of participating in NASPO ValuePoint Master Agreement Number OK-MA-145-21-500, executed by Vendor and the State of Oklahoma ("Lead State") for Public Safety Video Systems (2023-2028) ("Master Agreement"):

Motorola Solutions, Inc. ("Vendor")
500 W. Monroe St
Chicago, IL 60661

I. PARTICIPATING ADDENDUM CONTACTS.

Vendor's contact for this Participating Addendum is:

Hannah Karr
Hannah.karr@motorolasolutions.com
(925) 848-1676

Participating Entity's contact for this Participating Addendum is:

Matthew Caddy
Procurement Contracts Officer
Matthew.Caddy@nebraska.gov
(402) 471-1428

- II. TERM.** This Participating Addendum is effective as of the date of the last signature below or November 1, 2024, whichever is later, and will terminate upon termination of the Master Agreement, as amended, unless the Participating Addendum is terminated sooner in accordance with the terms set forth herein.
- III. PARTICIPATION AND USAGE.** This Participating Addendum may be used by all state agencies, institutions of higher education, cities, counties, districts, and other political subdivisions of the state, and nonprofit organizations within the state if authorized herein and by law. Participating Entity has sole authority to determine which entities are eligible to use this Participating Addendum. If Vendor becomes aware that an entity's use of this Participating Addendum is not authorized, Vendor will notify NASPO ValuePoint to initiate outreach to the appropriate parties.
- IV. GOVERNING LAW.** The construction and effect of this Participating Addendum and any Orders placed hereunder will be governed by, and construed in accordance with Participating Entity's laws.
- V. SCOPE.** Except as otherwise stated herein, this Participating Addendum incorporates the scope, pricing, terms, and conditions of the Master Agreement and the rights and obligations set forth therein as applied to Vendor and Participating Entity and Purchasing Entities.
- a. Products.** All products available through the Master Agreement may be offered and sold by Vendor to Purchasing Entities.
 - b. Services.** All services available through the Master Agreement may be offered and sold by Vendor to Purchasing Entities.
 - c. Vendor Partners.** All subcontractors, dealers, distributors, resellers, and other partners identified on Vendor's NASPO ValuePoint webpage as authorized to provide Products and Services to Participating Entity may provide Products and Services to users of this Participating Addendum. Vendor will ensure that the participation of Vendor's subcontractors, dealers, distributors, resellers, and other partners is in accordance with the terms and conditions set forth in the Master Agreement and in this Participating Addendum.

**Participating Addendum Number 16087 OC for
Public Safety Video Systems (2023-2028)**

Between **State of Nebraska** and **Motorola Solutions, Inc.**

Any amendment to the Master Agreement shall be deemed incorporated into this Participating Addendum unless the amendment is rejected by Participating Entity in writing to Vendor within ten (10) calendar days of the amendment's effective date and is documented thereafter via written amendment hereto.

Any conflict between this Participating Addendum and the Master Agreement will be resolved in favor of the Participating Addendum. The terms of this Participating Addendum, including those modifying or adding to the terms of the Master Agreement, apply only to the Parties and shall have no effect on Vendor's participating addenda with other participating entities or Vendor's Master Agreement with the Lead State.

- VI. ORDERS.** Purchasing Entities may place orders under this Participating Addendum by referencing the Participating Addendum Number on an Order. Each Order placed under this Participating Addendum is subject to the pricing and terms set forth herein and in the Master Agreement, including applicable discounts, reporting requirements, and payment of administrative fees to NASPO ValuePoint and Participating Entity, if applicable.
- VII. PARTICIPATING ENTITY REPORTING REQUIREMENTS AND ADMINISTRATIVE FEE.** *Identified in Attachment A*
- VIII. FEDERAL FUNDING REQUIREMENTS.** Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. When applicable, a Purchasing Entity will identify in the Order any alternative or additional requirements related to the use of federal funds. By accepting the Order, Vendor agrees to comply with the requirements set forth therein.
- IX. INFORMATION TECHNOLOGY STANDARDS.** *Identified in Attachment A*
- X. ATTACHMENTS.** This Participating Addendum includes the following attachments:
- a. Attachment A: Participating Entity Modifications and Additions to Master Agreement Terms and Conditions
- XI. NOTICE.** Any notice required herein shall be sent to the following:

Attachment A

I. State of Nebraska Terms and Conditions

IMPORTANT NOTICE: Pursuant to Neb. Rev. Stat. § 84-602.04, State contracts in effect as of January 1, 2014, and contracts entered into thereafter, must be posted to a public website. The resulting Participating Addendum will be posted to a public website managed by DAS, which can be found at <http://statecontracts.nebraska.gov>.

A. GENERAL

The Participating Addendum shall incorporate the following documents:

1. Participating Addendum
2. Lead Entity Master Agreement/Contract and all associated documents
3. Amendments/Addendums.

These documents constitute the entirety of the Participating Addendum.

Any ambiguity or conflict in the Participating Addendum discovered after execution, not otherwise addressed herein, shall be resolved in accordance with the rules of contract interpretation as established by the State of Nebraska.

B. GOVERNING LAW (Nonnegotiable)

Notwithstanding any other provision of this contract, or any amendment or addendum(s) entered into contemporaneously or at a later time, the parties understand and agree that, (1) the State of Nebraska is a sovereign state and its authority to contract is therefore subject to limitation by the State's Constitution, statutes, common law, and regulation; (2) this contract will be interpreted and enforced under the laws of the State of Nebraska; (3) any action to enforce the provisions of this agreement must be brought in the State of Nebraska per state law; (4) the person signing this contract on behalf of the State of Nebraska does not have the authority to waive the State's sovereign immunity, statutes, common law, or regulations; (5) the indemnity, limitation of liability, remedy, and other similar provisions of the final contract, if any, are entered into subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity; and, (6) all terms and conditions of the final contract, including but not limited to the clauses concerning third party use, licenses, warranties, limitations of liability, governing law and venue, usage verification, indemnity, liability, remedy or other similar provisions of the final contract are entered into specifically subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity.

The Parties must comply with all applicable local, state, and federal laws, ordinances, rules, orders, and regulations.

C. DISCOUNTS

Prices quoted shall be inclusive of ALL available trade discounts.

D. PRICES

Prices quoted shall be net, including transportation and delivery charges fully prepaid by the Vendor, F.O.B. destination. No additional charges will be allowed for packing, packages, or partial delivery costs. When an arithmetic error has been made in the extended total, the unit price will govern.

The State will be given full proportionate benefit of any decreases for the term of the contract.

E. AMENDMENTS

This Participating Addendum may be amended in writing, within scope, upon the agreement of both parties.

F. SUBSEQUENT AMENDMENTS

The Vendor and the State of Nebraska agree that any amendments executed by the Vendor and the Lead State subsequent to the execution of this Participating Addendum ("Subsequent Amendments") are not agreed to by the State of Nebraska until the State of Nebraska agrees in writing. The Vendor shall not be required to sign or provide written consent for the State to execute or incorporate any Subsequent Amendments.

G. BEGINNING OF WORK & SUSPENSION OF SERVICES

The Vendor shall not commence any billable work until a valid contract or other applicable binding document has been fully executed by the State and the successful Vendor; or a purchase order has been issued by the State. The Vendor will be notified in writing when work may begin.

The State may, at any time and without advance notice, require the Vendor to suspend any or all performance or deliverables provided under this Contract. In the event of such suspension, the Contract Manager or POC, or their designee, will issue a written order to stop work. The written order will specify which activities are to be immediately suspended and the reason(s) for the suspension. Upon receipt of such order, the Vendor shall immediately comply with its terms and take all necessary steps to mitigate and eliminate the incurrence of costs allocable to the work affected by the order during the period of suspension. The suspended performance or deliverables may only resume when the State provides the Vendor with written notice that such performance or deliverables may resume, in whole or in part.

H. RECORD OF VENDOR PERFORMANCE

The State may document the vendor's performance, which may include, but is not limited to, the customer service provided by the vendor, the ability of the vendor, the skill of the vendor, and any instance(s) of products or services delivered or performed which fail to meet the terms of the purchase order, contract, and/or participating addendum specifications. In addition to other remedies and options available to the State, the State may issue one or more notices to the vendor outlining any issues the State has regarding the vendor's performance for a specific contract ("Contract Compliance Request"). The State may also document the Vendor's performance in a report, which may or may not be provided to the vendor ("Contract Non-Compliance Notice"). The Vendor shall respond to any Contract Non-Compliance Notice or Contract Compliance Request in accordance with such notice or request.

I. NOTICE OF POTENTIAL VENDOR BREACH

If Vendor breaches the contract or anticipates breaching the contract, the Vendor shall immediately give written notice to the State. The notice shall explain the breach or potential breach, a proposed cure, and may include a request for a waiver of the breach if so desired. The State may, in its discretion, temporarily or permanently waive the breach. By granting a waiver, the State does not forfeit any rights or remedies to which the State is entitled by law or equity, or pursuant to the provisions of the contract. Failure to give immediate notice, however, may be grounds for denial of any request for a waiver of a breach.

J. BREACH

Either Party may terminate the contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the contract in a timely and proper manner. Termination requires written notice of default and a thirty (30) calendar day (or longer at the non-breaching Party's discretion considering the gravity and nature of the default) cure period. Said notice shall be delivered by email to the Vendor's point of contact with acknowledgement from the Vendor, Certified Mail - Return Receipt Requested, or in person with proof of delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time. In case of default of the Vendor, the State may contract the service from other sources and hold the Vendor responsible for any excess cost occasioned thereby.

The State's failure to make payment shall not be a breach, and the Vendor shall retain all available statutory remedies and protections.

K. NON-WAIVER OF BREACH

The acceptance of late performance with or without objection or reservation by a Party shall not waive any rights of the Party nor constitute a waiver of the requirement of timely performance of any obligations remaining to be performed.

L. SEVERABILITY

If any term or condition of the contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and conditions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the provision held to be invalid or illegal.

M. INDEMNIFICATION**1. SELF-INSURANCE**

The State of Nebraska is self-insured for any loss and purchases excess insurance coverage pursuant to Neb. Rev. Stat. § 81-8,239.01. If there is a presumed loss under the provisions of this agreement, Vendor may file a claim with the Office of Risk Management pursuant to Neb. Rev. Stat. §§ 81-8,239.01 to 81-8,306 for review by the State Claims Board. The State retains all rights and immunities under the State Miscellaneous (Neb. Rev. Stat. § 81-8,294), Tort (Neb. Rev. Stat. § 81-8,209), and Contract Claim Acts (Neb. Rev. Stat. § 81-8,302), as outlined in state law and accepts liability under this agreement only to the extent provided by law.

The Parties acknowledge that Attorney General for the State of Nebraska is required by statute to represent the legal interests of the State, and that any provision of this indemnity clause is subject to the statutory authority of the Attorney General.

N. ATTORNEY'S FEES

In the event of any litigation, appeal, or other legal action to enforce any provision of the contract, the Parties agree to pay all expenses of such action, as permitted by law and if ordered by the court, including attorney's fees and costs, if the other Party prevails.

O. ASSIGNMENT, SALE, OR MERGER

Either Party may assign the contract upon mutual written agreement of the other Party. Such agreement shall not be unreasonably withheld.

The Vendor retains the right to enter into a sale, merger, acquisition, internal reorganization, or similar transaction involving Vendor's business. Vendor agrees to cooperate with the State in executing amendments to the contract to allow for the transaction. If a third party or entity is involved in the transaction, the Vendor will remain responsible for performance of the contract until such time as the person or entity involved in the transaction agrees in writing to be contractually bound by this contract and perform all obligations of the contract.

P. CONTRACTING WITH OTHER NEBRASKA POLITICAL SUBDIVISIONS OF THE STATE

The Vendor may, but shall not be required to, allow agencies, as defined in Neb. Rev. Stat. § 81-145(3), to use this contract. The terms and conditions, including price, of the contract may not be amended. The State shall not be contractually obligated or liable for any contract entered into pursuant to this clause. A listing of Nebraska political subdivisions may be found at the website of the Nebraska Auditor of Public Accounts.

Q. FORCE MAJEURE

Neither Party shall be liable for any costs or damages, or for default resulting from its inability to perform any of its obligations under the contract due to a natural or manmade event outside the control and not the fault of the affected Party ("Force Majeure Event") that was not foreseeable at the time the Contract was executed. The Party so affected shall immediately make a written request for relief to the other Party and shall have the burden of proof to justify the request. The other Party may grant the relief requested; relief may not be unreasonably withheld. Labor disputes with the impacted Party's own employees will not be considered a Force Majeure Event.

R. CONFIDENTIALITY

All materials and information provided by the Parties or acquired by a Party on behalf of the other Party shall be regarded as confidential information. All materials and information provided or acquired shall be handled in accordance with federal and state law, and ethical standards. Should said confidentiality be

breached by a Party, the Party shall notify the other Party immediately of said breach and take immediate corrective action.

It is incumbent upon the Parties to inform their officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a (i)(1), which is made applicable by 5 U.S.C. 552a (m)(1), provides that any officer or employee, who by virtue of his/her employment or official position has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.

S. EARLY TERMINATION

The contract may be terminated as follows:

1. The State and the Vendor, by mutual written agreement, may terminate the contract, in whole or in part, at any time.
2. The State, in its sole discretion, may terminate the contract, in whole or in part, for any reason upon thirty (30) calendar day's written notice to the Vendor. Such termination shall not relieve the Vendor of warranty under the terms of the contract. In the event of termination, the Vendor shall be entitled to payment, determined on a pro rata basis, for products or services satisfactorily performed or provided.
3. The State may terminate the contract, in whole or in part, immediately for the following reasons:
 - a. if directed to do so by statute,
 - b. Vendor has made an assignment for the benefit of creditors, has admitted in writing its inability to pay debts as they mature, or has ceased operating in the normal course of business,
 - c. a trustee or receiver of the Vendor or of any substantial part of the Vendor's assets has been appointed by a court,
 - d. fraud, misappropriation, embezzlement, malfeasance, misfeasance, or illegal conduct pertaining to performance under the contract by its Vendor, its employees, officers, directors, or shareholders,
 - e. an involuntary proceeding has been commenced by any Party against the Vendor under any one of the chapters of Title 11 of the United States Code and (i) the proceeding has been pending for at least sixty (60) calendar days; or (ii) the Vendor has consented, either expressly or by operation of law, to the entry of an order for relief; or (iii) the Vendor has been decreed or adjudged a debtor,
 - f. a voluntary petition has been filed by the Vendor under any of the chapters of Title 11 of the United States Code,
 - g. Vendor intentionally discloses confidential information,
 - h. Vendor has or announces it will discontinue support of the deliverable; and,
 - i. In the event funding is no longer available.

T. CONTRACT CLOSEOUT

Upon contract closeout for any reason the Vendor shall within 30 days, unless stated otherwise herein:

1. Transfer all completed or partially completed deliverables to the State,
2. Transfer ownership and title to all completed or partially completed deliverables to the State,
3. Return to the State all information and data, unless the Vendor is permitted to keep the information or data by contract or rule of law. Vendor may retain one copy of any information or data as required to comply with applicable work product documentation standards or as are automatically retained in the course of Vendor's routine back up procedures,
4. Cooperate with any successor Contactor, person or entity in the assumption of any or all of the obligations of this contract,

5. Cooperate with any successor Contactor, person or entity with the transfer of information or data related to this contract,
6. Return or vacate any state owned real or personal property; and,
7. Return all data in a mutually acceptable format and manner.

Nothing in this Section should be construed to require the Vendor to surrender intellectual property, real or personal property, or information or data owned by the Vendor for which the State has no legal claim.

U. PROHIBITED PRODUCTS

The State will not accept Gray Market Products for this solicitation. Gray Market is defined as the trade of a commodity through distribution channels which, while legal, are unofficial, unauthorized, or unintended by the original manufacturer. Gray Market items are not designed to be sold in a particular market and cannot be supported by the authorized importer because of various reasons.

The State will not accept any products made by a company owned by the Chinese Communist Party. Furthermore, pursuant to Executive Order No. 23-05, the State will not accept any communications equipment or services developed by organizations on the Federal Communications Commission's Covered List.

The State will not accept goods from countries or persons identified on the Office of Foreign Assets Control Sanctions List.

V. AMERICANS WITH DISABILITIES ACT

Vendor shall comply with all applicable provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12131–12134), as amended by the ADA Amendments Act of 2008 (ADA Amendments Act) (Pub.L. 110–325, 122 Stat. 3553 (2008)), which prohibits discrimination on the basis of disability by public entities.

II. VENDOR DUTIES

A. INDEPENDENT VENDOR / OBLIGATIONS

It is agreed that the Vendor is an independent Vendor and that nothing contained herein is intended or should be construed as creating or establishing a relationship of employment, agency, or a partnership.

The Vendor is solely responsible for fulfilling the contract. The Vendor or the Vendor's representative shall be the sole point of contact regarding all contractual matters.

The Vendor shall secure, at its own expense, all personnel required to perform the services under the contract. The personnel the Vendor uses to fulfill the contract shall have no contractual or other legal relationship with the State; they shall not be considered employees of the State and shall not be entitled to any compensation, rights or benefits from the State, including but not limited to, tenure rights, medical and hospital care, sick and vacation leave, severance pay, or retirement benefits.

By-name personnel commitments made in the Vendor's proposal shall not be changed without the prior written approval of the State. Replacement of these personnel, if approved by the State, shall be with personnel of equal or greater ability and qualifications.

All personnel assigned by the Vendor to the contract shall be employees of the Vendor or a subcontractor and shall be fully qualified to perform the work required herein. Personnel employed by the Vendor or a subcontractor to fulfill the terms of the contract shall remain under the sole direction and control of the Contractor or the subcontractor respectively.

With respect to its employees, the Vendor agrees to be solely responsible for the following:

1. Any and all pay, benefits, and employment taxes and/or other payroll withholding,
2. Any and all vehicles used by the Vendor's employees, including all insurance required by state law,
3. Damages incurred by Vendor's employees within the scope of their duties under the contract,

4. Maintaining Workers' Compensation and health insurance that complies with state and federal law and submitting any reports on such insurance to the extent required by governing law,
5. Determining the hours to be worked and the duties to be performed by the Vendor's employees; and,
6. All claims on behalf of any person arising out of employment or alleged employment (including without limit claims of discrimination alleged against the Vendor, its officers, agents, or subcontractors or subcontractor's employees).

If the Vendor intends to utilize any subcontractor, the subcontractor's level of effort, tasks, and time allocation should be clearly defined. The Vendor shall agree that it will not utilize any subcontractors not specifically included in its proposal in the performance of the contract without the prior written authorization of the State.

Vendor shall insure that the terms and conditions contained in any contract with a subcontractor do not conflict with the terms and conditions of this contract.

The Vendor shall include a similar provision, for the protection of the State, in the contract with any Subcontractor engaged to perform work on this contract.

B. FOREIGN ADVERSARY CONTRACTING PROHIBITION ACT CERTIFICATION (Nonnegotiable)

The Vendor certifies that it is not a scrutinized company as defined under the Foreign Adversary Contracting Prohibition Act, Neb. Rev. Stat. Sec. § 73-903 (5); that it will not subcontract with any scrutinized company for any aspect of performance of the contemplated contract; and that any products or services to be provided do not originate with a scrutinized company.

C. EMPLOYEE WORK ELIGIBILITY STATUS

The Vendor is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of an employee.

D. COMPLIANCE WITH CIVIL RIGHTS LAWS AND EQUAL OPPORTUNITY EMPLOYMENT / NONDISCRIMINATION (Nonnegotiable)

The Vendor shall comply with all applicable local, state, and federal statutes and regulations regarding civil rights laws and equal opportunity employment. The Nebraska Fair Employment Practice Act prohibits Vendors of the State of Nebraska, and their Subcontractors, from discriminating against any employee or applicant for employment, with respect to hire, tenure, terms, conditions, compensation, or privileges of employment because of race, color, religion, sex, disability, marital status, or national origin (Neb. Rev. Stat. §§ 48-1101 to 48-1125). The Vendor guarantees compliance with the Nebraska Fair Employment Practice Act, and breach of this provision shall be regarded as a material breach of contract. The Vendor shall insert a similar provision in all Subcontracts for goods and services to be covered by any contract resulting from this participating addendum.

E. COOPERATION WITH OTHER VENDORS

Vendor may be required to work with or in close proximity to other Vendors or individuals that may be working on same or different projects.

F. INSURANCE REQUIREMENTS

The Vendor shall throughout the term of the contract maintain insurance as specified herein and provide the State a current Certificate of Insurance/Acord Form (COI) verifying the coverage. The Vendor shall not commence work on the contract until the insurance is in place. If Vendor subcontracts any portion of the Contract the Vendor must, throughout the term of the contract, either:

1. Require each subcontractor to have equivalent insurance and provide written notice to the State that the Vendor has verified that each subcontractor has the required coverage; or,

2. Provide the State with copies of each subcontractor's Certificate of Insurance evidencing the required coverage.

The Vendor shall not allow any Subcontractor to commence work until the Subcontractor has equivalent insurance. The failure of the State to require a COI, or the failure of the Vendor to provide a COI or require subcontractor insurance shall not limit, relieve, or decrease the liability of the Vendor hereunder.

In the event that any policy written on a claims-made basis terminates or is canceled during the term of the contract or within three (3) years of termination or expiration of the contract, the Vendor shall obtain an extended discovery or reporting period, or a new insurance policy, providing coverage required by this contract for the term of the contract and three (3) years following termination or expiration of the contract.

If by the terms of any insurance a mandatory deductible is required, the Vendor shall be responsible for payment of the amount of the deductible in the event of a paid claim.

Notwithstanding any other clause in this Contract, the State may recover up to the liability limits of the insurance policies required herein.

1. **WORKERS' COMPENSATION INSURANCE**

The Vendor shall take out and maintain during the life of this contract the statutory Workers' Compensation and Employer's Liability Insurance for all of the contactors' employees to be engaged in work on the project under this contract and, in case any such work is sublet, the Vendor shall require the Subcontractor similarly to provide Worker's Compensation and Employer's Liability Insurance for all of the Subcontractor's employees to be engaged in such work. This policy shall be written to meet the statutory requirements for the state in which the work is to be performed, including Occupational Disease. **The policy shall include a waiver of subrogation in favor of the State.**

2. **COMMERCIAL GENERAL LIABILITY INSURANCE AND COMMERCIAL AUTOMOBILE LIABILITY INSURANCE**

The Vendor shall take out and maintain during the life of this contract such Commercial General Liability Insurance and Commercial Automobile Liability Insurance as shall protect Vendor performing work covered by this contract from claims for damages for bodily injury, including death, as well as from claims for property damage, which may arise from operations under this contract, whether such operation be by the Vendor and the amounts of such insurance shall be the limits stated hereinafter.

The Commercial General Liability Insurance shall be written on an **occurrence basis**, and provide Premises/Operations, Products/Completed Operations, Personal Injury, and Contractual Liability coverage. **The policy shall include the State, as required by the contract documents, as Additional Insured(s). This policy shall be primary, and any insurance or self-insurance carried by the State shall be considered secondary and non-contributory.** The Commercial Automobile Liability Insurance shall be written to cover all Owned, Non-owned, and Hired vehicles.

REQUIRED INSURANCE COVERAGE	
COMMERCIAL GENERAL LIABILITY	
General Aggregate	\$ 5,000,000
Products/Completed Operations Aggregate	\$ 5,000,000
Personal/Advertising Injury	\$ 5,000,000 per occurrence
Bodily Injury/Property Damage	\$ 5,000,000 per occurrence
Medical Payments	\$10,000 any one person
Damage to Rented Premises (Fire)	\$300,000 each occurrence
Contractual	Included
XCU Liability (Explosion, Collapse, and Underground Damage)	Included
<i>If higher limits are required, the Umbrella/Excess Liability limits are allowed to satisfy the higher limit.</i>	
WORKER'S COMPENSATION	
Employers Liability Limits	\$1M/ \$1M/ \$1M
Statutory Limits- All States	Statutory - State of Nebraska
Voluntary Compensation	Statutory
COMMERCIAL AUTOMOBILE LIABILITY	
Bodily Injury/Property Damage	\$ 5,000,000 combined single limit
Include All Owned, Hired & Non-Owned Automobile liability	Included
Motor Carrier Act Endorsement	Where Applicable
CYBER/ PROFESSIONAL LIABILITY	
Breach of Privacy, Security Breach, Denial of Service, Remediation, Fines and Penalties	\$5,000,000 Per claim and Annual aggregate

3. EVIDENCE OF COVERAGE

The Vendor shall furnish a certificate of insurance coverage, complying with the above requirements prior to beginning work, via email to the state's Primary Contact listed on this Participating Addendum.

These certificates shall reference the contract number, and the certificates shall include the name of the company, policy numbers, effective dates, dates of expiration, and amounts and types of coverage afforded. If the State is damaged by the failure of the Vendor to maintain such insurance, then the Vendor shall be responsible for all reasonable costs properly attributable thereto.

Thirty (30) day notice of cancellation on the Commercial General Liability, Automobile Liability, and Workers' Compensation policies must be submitted to the contract manager as listed above when issued and a new coverage binder shall be submitted immediately to ensure no break in coverage.

4. DEVIATIONS

The insurance requirements are subject to limited negotiation. Negotiation typically includes, but is not necessarily limited to, the correct type of coverage, necessity for Workers' Compensation, and the type of automobile coverage carried by the Vendor.

G. CONFLICT OF INTEREST

By signing, Vendor certifies that no relationship exists between the Vendor and any person or entity which either is, or gives the appearance of, a conflict of interest related to this participating addendum.

Vendor further certifies that Vendor will not employ any individual known by Vendor to have a conflict of interest nor shall Vendor take any action or acquire any interest, either directly or indirectly, which will conflict in any manner or degree with the performance of its contractual obligations hereunder or which creates an actual or appearance of conflict of interest.

If there is an actual or perceived conflict of interest, Vendor shall provide a full disclosure of the facts describing such actual or perceived conflict of interest and a proposed mitigation plan for consideration. The State will then consider such disclosure and proposed mitigation plan and either approve or reject.

H. SITE RULES AND REGULATIONS

The Vendor shall use its best efforts to ensure that its employees, agents, and Subcontractors comply with site rules and regulations while on State premises. If the Vendor must perform on-site work outside of the daily operational hours set forth by the State, it must make arrangements with the State to ensure access to the facility and the equipment has been arranged. No additional payment will be made by the State on the basis of lack of access, unless the State fails to provide access as agreed to in writing between the State and the Vendor.

I. ADVERTISING

The Vendor agrees not to refer to the contract award in advertising in such a manner as to state or imply that the company or its goods or services are endorsed or preferred by the State. Any publicity releases pertaining to the project shall not be issued without prior written approval from the State.

J. NEBRASKA TECHNOLOGY ACCESS STANDARDS (Nonnegotiable)

1. The State of Nebraska is committed to ensuring that all information and communication technology (ICT), developed, leased, or owned by the State of Nebraska, affords equivalent access to employees, program participants and members of the public with disabilities, as it affords to employees, program participants and members of the public who are not persons with disabilities.
2. By entering into this Contract, Vendor understands and agrees that if the Vendor is providing a product or service that contains ICT, as defined in subsection II.J.3 (below) and such ICT is intended to be directly interacted with by the user or is public facing, such ICT must provide equivalent access, or be modified during implementation to afford equivalent access, to employees, program participants, and members of the public who have and who do not have disabilities. The Vendor may comply with this section by complying with Section 508 of the Rehabilitation Act of 1973, as amended, and its implementing standards adopted and promulgated by the U.S. Access Board.
3. ICT means information technology and other equipment, systems, technologies, or processes, for which the principal function is the creation, manipulation, storage, display, receipt, or transmission of electronic data and information, as well as any associated content. Vendor hereby agrees ICT includes computers and peripheral equipment, information kiosks and transaction machines, telecommunications equipment, customer premises equipment, multifunction office machines, software, applications, web sites, videos, and electronic documents. For the purposes of these assurances, ICT does not include ICT that is used exclusively by a Vendor.

K. DISASTER RECOVERY/BACK UP PLAN

The Vendor shall have the disaster recovery and back-up plan submitted with the bid, of which a copy should be provided upon request to the State.

L. DRUG POLICY

Vendor certifies it maintains a drug free workplace environment to ensure worker safety and workplace integrity. Vendor agrees to provide a copy of its drug free workplace policy at any time upon request by the State.

M. ADMINISTRATIVE FEE/REBATE

The Vendor agrees to provide a quarterly administrative fee in the form of a check. The fee will be payable to the State for an amount equal to one-quarter of one percent (0.25% or 0.0025) the net sales (net of any returns, credits, or adjustments) under this Addendum for the period. Payments shall be made in accordance with following schedule:

Period End	Fee Due
December 31	January 31
March 31	April 30
June 30	July 31

September 30

October 31

N. ADMINISTRATIVE FEE/REBATE REMITTANCE LOCATION

All administrative fees/rebates will be sent to the following address:

State Purchasing Bureau
c/o Central Finance, Administrative Services
1526 K Street, Suite 190
Lincoln, NE 68508

O. REPORTS

The Vendor agrees to provide a utilization report, reflecting new sales to the State during the requested period, less any credits. The report will be provided in secure electronic Excel format and submitted electronically to the State as listed below.

The Vendor shall provide to the State of Nebraska, via email to the state's Primary Contact listed on this Participating Addendum, the reports containing at a minimum the following information pertaining to State of Nebraska agencies, boards, commissions, and political subdivisions utilization:

State of Nebraska Contract Number
Ordering Entity
Purchase order number,
Description,
Quantity; and
Price.

P. TIME IS OF THE ESSENCE

Time is of the essence with respect to Vendor's performance and deliverables pursuant to this Contract.

III. PAYMENT**A. PROHIBITION AGAINST ADVANCE PAYMENT (Nonnegotiable)**

Pursuant to Neb. Rev. Stat. § 81-2403, "[n]o goods or services shall be deemed to be received by an agency until all such goods or services are completely delivered and finally accepted by the agency."

B. TAXES (Nonnegotiable)

The State is not required to pay taxes and assumes no such liability as a result of this participating addendum. The Vendor may request a copy of the Nebraska Department of Revenue, Nebraska Resale or Exempt Sale Certificate for Sales Tax Exemption, Form 13 for their records. Any property tax payable on the Vendor's equipment which may be installed in a state-owned facility is the responsibility of the Vendor.

C. INVOICES

Invoices for payments must be submitted by the Vendor to the agency requesting the services with sufficient detail to support payment. The terms and conditions included in the Vendor's invoice shall be deemed to be solely for the convenience of the parties. No terms or conditions of any such invoice shall be binding upon the State, and no action by the State, including without limitation the payment of any such invoice in whole or in part, shall be construed as binding or estopping the State with respect to any such term or condition, unless the invoice term or condition has been previously agreed to by the State as an amendment to the contract.

The State shall have forty-five (45) calendar days to pay after a valid and accurate invoice is received by the State.

D. INSPECTION AND APPROVAL

Final inspection and approval of all work required under the contract shall be performed by the designated State officials.

The State and/or its authorized representatives shall have the right to enter any premises where the Vendor or Subcontractor duties under the contract are being performed, and to inspect, monitor or otherwise evaluate the work being performed. All inspections and evaluations shall be at reasonable times and in a manner that will not unreasonably delay work.

E. PAYMENT (Nonnegotiable)

Payment will be made by the responsible agency in compliance with the State of Nebraska Prompt Payment Act (See Neb. Rev. Stat. § 81-2403). The State may require the Vendor to accept payment by electronic means such as ACH deposit. In no event shall the State be responsible or liable to pay for any goods and services provided by the Vendor prior to the Effective Date of the contract, and the Vendor hereby waives any claim or cause of action for any such services.

F. LATE PAYMENT (Nonnegotiable)

The Vendor may charge the responsible agency interest for late payment in compliance with the State of Nebraska Prompt Payment Act (See Neb. Rev. Stat. §§ 81-2401 through 81-2408).

G. SUBJECT TO FUNDING / FUNDING OUT CLAUSE FOR LOSS OF APPROPRIATIONS (Nonnegotiable)

The State's obligation to pay amounts due on the Contract for fiscal years following the current fiscal year is contingent upon legislative appropriation of funds. Should said funds not be appropriated, the State may terminate the contract with respect to those payments for the fiscal year(s) for which such funds are not appropriated. The State will give the Vendor written notice thirty (30) calendar days prior to the effective date of termination. All obligations of the State to make payments after the termination date will cease. The Vendor shall be entitled to receive just and equitable compensation for any authorized work which has been satisfactorily completed as of the termination date. In no event shall the Vendor be paid for a loss of anticipated profit.

H. RIGHT TO AUDIT (Nonnegotiable)

The State shall have the right to audit the Vendor's performance of this contract upon a thirty (30) days' written notice. Vendor shall utilize generally accepted accounting principles, and shall maintain the accounting records, and other records and information relevant to the contract (Information) to enable the State to audit the contract. (Neb. Rev. Stat. § 84-304 et seq.) The State may audit, and the Vendor shall maintain, the Information during the term of the contract and for a period of five (5) years after the completion of this contract or until all issues or litigation are resolved, whichever is later. The Vendor shall make the Information available to the State at Vendor's place of business or a location acceptable to both Parties during normal business hours. If this is not practical or the Vendor so elects, the Vendor may provide electronic or paper copies of the Information. The State reserves the right to examine, make copies of, and take notes on any Information relevant to this contract, regardless of the form or the Information, how it is stored, or who possesses the Information. Under no circumstance will the Vendor be required to create or maintain documents not kept in the ordinary course of Vendor's business operations, nor will Vendor be required to disclose any information, including but not limited to product cost data, which is confidential or proprietary to Vendor.

The Parties shall pay their own costs of the audit unless the audit finds a previously undisclosed overpayment by the State. If a previously undisclosed overpayment exceeds one-half of one percent (0.5%) of the total contract billings, or if fraud, material misrepresentations, or non-performance is discovered on the part of the Vendor, the Vendor shall reimburse the State for the total costs of the audit. Overpayments and audit costs owed to the State shall be paid within ninety (90) days of written notice of the claim. The Vendor agrees to correct any material weaknesses or condition found as a result of the audit.
