

**STAFF MEETING MINUTES
LANCASTER COUNTY BOARD OF COMMISSIONERS
THURSDAY, APRIL 16, 2026, AT 8:30 A.M.
COUNTY CITY BUILDING, 555 S. 10TH STREET
ROOM 112 – CITY COUNTY CHAMBERS**

Advance public notice of the meeting was posted on the County-City Building bulletin board, posted on the Lancaster County, Nebraska website, and emailed to the media on April 14. Notice was also published in the Lincoln Journal Star print and digital editions on April 12.

Commissioners present: Christa Yoakum, Chair
Chelsea Johnson, Vice Chair
Sean Flowerday
Matt Schulte
Rick Vest

Others present: David Derbin, Chief Administrative Officer
Kristy Bauer, Deputy Chief Administrative Officer
Leila Luft, Administrative Services Officer, County Clerk's Office

Yoakum noted the location of the Nebraska Open Meetings Act and opened the meeting at 8:33 a.m.

1. APPROVAL OF MEETING MINUTES FOR APRIL 9, 2026

MOTION: Vest moved and Flowerday seconded approval of the minutes. Johnson, Flowerday, Schulte, Vest, and Yoakum voted yes. Motion carried 5-0.

2. LEADERSHIP LESSON – Commissioner Matt Schulte

Schulte provided a leadership lesson (Exhibit 1), sharing a quote emphasizing that the most creative ideas often emerge in moments of boredom and encouraging leaders to intentionally create space for them. He noted that in a fast-paced, distraction-driven environment, individuals tend to fill idle time with devices and entertainment rather than allowing for reflection and creativity. Schulte further discussed leadership decision-making during periods of organizational change, noting that while there is often pressure to make immediate decisions, taking time to reflect can lead to better outcomes. He described this as a “speed paradox,” where slowing down can ultimately improve effectiveness, and highlighted the importance of distinguishing urgency from importance. Schulte concluded by reinforcing that thoughtful, deliberate action can prevent the need to revisit decisions, and encouraged leaders to slow down, be intentional, and prioritize making the right decision over the quickest one.

3. LEGISLATIVE UPDATE – Joe Kohout, Brennen Miller, and Sarah Wagelie, Kissel, Kohout, ES Associates LLC

Kohout provided a legislative update (Exhibits 2-6), noting that the final day of the 2026 regular session was expected to include primarily ceremonial activities and potential veto overrides, with speculation of several

vetoed but none impacting Lancaster County priorities. He reviewed the session's progression, highlighting the significant budget shortfall that grew from approximately \$470 million to \$646 million, requiring substantial work by the Appropriations and Revenue Committees to balance cuts and advance revenue packages, including LB901 and LB803, both of which overcame filibusters. Kohout discussed the time-intensive nature of budget debates and noted that several high-profile or controversial bills did not advance, while key gubernatorial priorities, including incentive and energy-related legislation, were successfully passed. He also reported early revenue projections showing a \$73 million shortfall heading into the next session and noted the possibility, though uncertain, of a special session depending on future fiscal conditions.

Kohout summarized legislative outcomes relevant to Lancaster County, noting successful passage of several supported measures, including conflict counsel provisions, tax credits related to domestic violence and human trafficking, noxious weed legislation, license plate revenue allocations, and updates to mobile tracking statutes. He also highlighted bills that did not advance, including hard cap legislation, tuition-related measures affecting county employees, and inheritance tax revisions. Additionally, he noted that changes to the property tax "pink postcard" system were delayed until January 1, 2027. Kohout concluded by referencing interim studies that may impact the county and committed to ongoing monitoring. Board members expressed appreciation for the legislative team's work, describing the session as challenging but ultimately successful for Lancaster County, and acknowledged the collaborative effort between staff and the Board in tracking and responding to legislation.

Vest left the meeting at 8:55 a.m.

4. CONTINUUM ANNUAL REPORT – Gail Sutter, LMHP, CEAP, Executive Director, Continuum

Sutter presented an overview of Continuum's services (Exhibit 7) and its longstanding partnership with Lancaster County, noting 48 years of collaboration and emphasizing the organization's role as a well-utilized component of the county's employee benefits. She described two primary service areas: organizational support and employee assistance.

Vest returned to the meeting at 8:57 a.m.

Services include performance coaching, substance use support, disruptive event management, survey facilitation, and a wide range of training opportunities, including Leadership Academy sessions and department-specific trainings. Sutter also highlighted newer offerings, such as estate-planning resources, including access to low-cost, attorney-reviewed wills and trusts, aimed at improving employee well-being. Sutter reported on program utilization, noting 46 cases served and 51 clients with 380 total contacts in the past year, with life stressors emerging as the most common concern. She emphasized improved accessibility through multiple entry points, including phone, app, website, and chat, with appointments typically available within three to four business days. Sutter also outlined upcoming initiatives, including the development of peer support programs with the Sheriff's Office and Corrections to support employee wellness and reduce burnout. Board members asked questions regarding peer support structure, program awareness, and training participation. Board members expressed appreciation for the program's growth and continued value to county employees.

The Board moved to item 6

VISITORS IMPROVEMENT FUND GRANTS

Vest presented a proposal (Exhibit 8) for allocating Visitor Improvement Fund grants, distributing approximately \$12 million among family-oriented projects, sports-related initiatives, arts organizations, and downtown development. Vest explained the intent to balance investments across categories while maximizing tourism impact and community benefit. Board members discussed the importance of geographic distribution, support for arts funding, and prioritization of projects that attract out-of-town visitors. Flowerday and Johnson expressed support for the balanced approach, noting the inclusion of both economic drivers and community-focused amenities. Schulte noted that he wished there were more rural participation.

MOTION: Vest moved and Johnson seconded to approve the Visitors Improvement Fund grants as

presented in Exhibit 8. Vest, Johnson, Flowerday, Schulte, and Yoakum voted yes. Motion carried 5-0

Additional discussion focused on implementation, with Flowerday recommending that Dennis Meyer, Budget and Fiscal Officer, coordinate directly with each funded project to establish timelines and phased funding distributions rather than front-loading payments. Meyer indicated staff would develop a funding schedule based on project readiness and return to the Board for approval if adjustments are needed.

The Board moved to Item 7

ACTION ITEMS

A. Application to the Nebraska Crime Commission for SFY 2027 Byrne Memorial Justice Assistance Grant (JAG) funding in the amount of \$153,668.

Sara Sump and Benjamin Houchin with the Lancaster County Sheriff's Office presented an application to the Nebraska Crime Commission for continuation of a narcotics investigator position in partnership with the Lincoln Police Department. Houchin explained that the request represents year two of the program and includes an effort to secure full funding after partial funding in the previous cycle.

MOTION: Vest moved and Flowerday seconded to approve Item 7A. Schulte, Vest, Johnson, Flowerday, and Yoakum voted yes. Motion carried 5-0.

B. Application to the Nebraska State Patrol for FY25 BJA FY25 Comprehensive Opioid, Stimulant, and Substance Use Site-Based Program Grant funding in the amount of \$793,715.71.

Houchin presented a second grant application through the Nebraska State Patrol for a comprehensive opioid, stimulant, and substance use program. He explained that the county's participation is part of a larger, multi-agency funding request and includes a proposal to fund license plate reader technology previously sought but not awarded. Sump noted prior unsuccessful attempts and emphasized continued efforts to secure funding. Johnson and Flowerday expressed appreciation for staff persistence in pursuing grant opportunities that reduce taxpayer burden while enhancing public safety resources.

MOTION: Vest moved and Johnson seconded to approve Item 7B. Flowerday, Schulte, Vest, Johnson, and Yoakum voted yes. Motion carried 5-0.

5. EXECUTIVE SESSION

A. Pending Litigation; and B. Legal Advice

MOTION: Vest moved and Schulte seconded to enter an executive session at 9:24 a.m. for the purposes of pending litigation and receiving legal advice. Johnson, Flowerday, Schulte, Vest, and Yoakum voted yes. Motion carried 5-0.

Yoakum restated the purposes for the Board to enter an executive session.

MOTION: Vest moved and Johnson seconded to exit the executive session at 10:01 a.m. Vest, Johnson, Flowerday, Schulte, and Yoakum voted yes. Motion carried 5-0.

6. VISITORS IMPROVEMENT FUND GRANTS

Item 6 was moved up in the agenda.

7. ACTION ITEMS

Items 7A and 7B were moved up in the agenda.

8. DISCUSSION OF BOARD MEMBER MEETINGS ATTENDED

A. Realtors Association Government Affairs Committee

Schulte reported discussion on the county's upcoming property manager position and noted that a real estate license is a preferred or required qualification. He indicated there was interest among attendees, though some hesitation exists due to potential impacts on private broker staffing. Schulte also noted the meeting included updates from the City regarding planned summer street projects.

B. NACO Friday Call

Yoakum reported it was canceled due to legislative activity.

C. Apace

Yoakum reported that Apace is beginning its budget development process. She noted discussions regarding upcoming evaluations for the executive directors of Apace and Region V and highlighted the planned sale of a portion of its building. Yoakum also attended Apace's annual convening, where approximately 600 individuals with developmental disabilities participated in performances and shared personal achievements. Additionally, she reported ongoing issues with a state-mandated GPS-based clock-in system, which has resulted in unpaid claims, and noted that legal action is being pursued following unsuccessful appeals.

D. Region 5 Systems Governing Board

Yoakum reported that Region V has begun early budget discussions and received a presentation from SquareOne regarding its programming and facility progress.

E. Lincoln-Lancaster County Board of Health

Flowerday stated there was a discussion and presentation on declining vaccination rates. He noted concern regarding the downward trend and its implications for public health.

F. OTHER MEETINGS ATTENDED SINCE LAST STAFF MEETING

None.

9. SCHEDULE OF BOARD MEMBER MEETINGS

See agenda for schedule.

10. EMERGENCY ITEMS

None.

11. PUBLIC COMMENT ON ITEMS ON THE AGENDA

None.

12. ADJOURNMENT

MOTION: Vest moved and Flowerday seconded to adjourn at 10:07 a.m. Schulte, Vest, Johnson, Flowerday, and Yoakum voted yes. Motion carried 5-0.

Leadership Lesson: The Power of Slowing Down

In leadership, there is constant pressure to move faster... make decisions quicker, respond immediately, produce more. But some of your best thinking doesn't happen in the rush. It happens in the quiet.

"Your most interesting and captivating ideas come during periods of boredom. On a walk. In the shower. In the car. Make time to be bored." – Random Facebook Meme

Great leaders don't just create space for action... they create space for thought. In those unstructured moments, your mind connects dots you didn't even realize were related. Problems untangle. Vision becomes clearer. Creativity surfaces. But if every second is filled with noise, meetings, or scrolling, you rob yourself of that clarity.

This connects directly to what might feel like a contradiction: **The speed paradox**. Slowing down actually makes you more effective.

When you slow down, you restore your energy. You begin to notice things you previously missed—subtle team dynamics, early warning signs, new opportunities. Your decisions become more deliberate instead of reactive. You stop confusing activity with progress.

There's a phrase often used in high-performance environments:
Slow is smooth. Smooth is fast.

It's not just a saying... it's a principle. When you rush, you make mistakes. Mistakes require rework. Rework costs time. But when you move with intention calm, steady, focused you reduce errors and increase precision. Over time, that actually makes you faster and far more effective.

Leaders who embrace this understand that urgency is not the same as importance. They know when to press forward and when to pause. They schedule margin into their lives. They take the walk. They sit in the quiet. They think.

If you want better ideas, stronger decisions, and sustainable energy, don't just manage your time—protect your stillness.

Because sometimes the fastest way forward... is to slow down.

Questions:

Can I think of a time when I was moving too fast and it hurt me or the project I was working on?

When was the last time I truly unplugged from the world and slowed down?

Am I taking time to slow down and spend time with myself in reflection?

RE Final Report of the 2026 Legislative Session

Commissioners,

The second session of the 109th Nebraska Legislature convened on Wednesday, January 7 with the weight of many loose ends. As a 60-day short session, the calendar was compressed from the outset, senators carried over a substantial list of unfinished business in the form of legislative bills from 2025, as well as a significant budget shortfall to fill. At least 12 senators were serving in their final session, including 10 due to term limits and 2 who chose not to seek re-election.

Governor Pillen's January 15 State of the State address predictably emphasized property tax relief and fiscal conservatism as the session's priorities. Speaker Arch attempted to reinforce that focus by requiring senators to formally re-prioritize any 2025 carryover bills before they could receive floor time, a practical step to keep the agenda moving given the limited calendar.

Balancing the budget was a central challenge throughout the session. Senators entered January facing a \$471 million projected deficit for the biennium, which later ballooned to \$646 million, the product of multi-year income and corporate tax reductions working their way through the system, combined with revenues running below earlier projections. Initial attempts to advance the budget with gap funding for private school scholarships alongside an expansion of childcare subsidy eligibility (LB 304) stalled floor progress for several weeks, as the two issues proved difficult to package together. Lawmakers ultimately removed the private school scholarship funding and moved LB 304 forward as a standalone bill. The result preserved childcare subsidy eligibility at 185% of the federal poverty level rather than allowing it to fall to 130%. Funding for private schools did not advance in any form.

Budget adjustments did not advance until Day 54, later than any prior session. Governor Pillen signed the budget adjustment bills on April 7, 2026, without line-item vetoes.

To help close the deficit, senators approved several revenue generating measures. The tax on skill game machines was doubled from 5% to 10% through Sen. Brad von Gillern's LB 901, projected to generate more than \$21 million annually. Nebraska also enacted an excise tax on kratom products, placing it among a small number of states to have done so. A cigarette tax increase was debated as an additional Medicaid offset but fell to a filibuster and was not resurrected for the remainder of the session. (Continued)

One major policy achievement during the session was the passage of LB 1235, establishing Nebraska's first regulatory framework for medical cannabis. Following voter approval of the 2024 ballot initiative, the Legislature has faced pressure to implement a workable program. LB 1235 granted the Medical Cannabis Commission authority to set fees and oversee dispensaries.

Separately, Sen. John Cavanaugh's LB 933 was put forward in an effort to protect health care professionals who recommend medical cannabis to patients, addressing the practical barrier that had prevented any Nebraska physician from issuing a recommendation since the program was authorized. LB 933 advanced to the second round of debate but was pulled from the agenda after amendments were adopted that sufficiently watered down the intent of the bill.

Several hotly contested bills pertaining to social policy were introduced but did not ultimately advance. Sen. Kathleen Kauth's LB 730, which would have required individuals to use restroom facilities based on biological sex at birth, as well as LB 732, which would have prohibited health care professionals from prescribing puberty blockers to patients under the age of 19, did not reach the floor for a vote. Last minute efforts to attach these bills to LB 878 and LB 933, respectively, were also unsuccessful due to challenges of germaneness. The oft discussed effort to shift Nebraska to a winner-take-all system for presidential electoral votes - LR24CA - was not scheduled for debate despite receiving a priority designation, the third consecutive session in which the proposal has failed to secure sufficient support despite backing from the Governor.

Several bills did not make it across the finish line. Among these was Sen. Dave Wordekemper's LB 400, which would have extended workers' compensation cancer benefits to firefighters, failed to advance beyond a filibuster over concerns over cost to municipalities. Additionally, a priority of Governor Pillen targeting reading skills in public schools failed over concerns of mandatory retention of students and the cost to school systems.

Senators did successfully pass, and the Governor signed, LB1165, a broad economic development bill aimed at strengthening the state's ability to retain and attract major employers-including the aim of keeping Union Pacific headquartered in Nebraska. The measure adopts the "Grow the Good Life Act" and revises several existing incentive programs, including the Key Employer and Jobs Retention Act, the ImagiNE Nebraska Act, the Nebraska Advantage Act, and the Site and Building Development Act. LB1165 assists in positioning in a broader effort to make Nebraska more attractive for business investment and job retention.

While no special session has been announced, ongoing federal uncertainty and the state's precarious revenue picture may require lawmakers to return before the 110th Legislature convenes in January 2027. We at Kissel, Kohout ES Associates will continue to closely monitor the situation and vigorously pursue our clients' interests in this ever-changing political landscape.

It is an honor to represent you in front of our state's government. We are proud of the things we have accomplished together over the past 60 days and look forward to our continued partnership as we begin to look towards the 2027 session. Attached, along with this narrative, you will find supplemental materials, including the final disposition of legislation of interest and a list of those interim studies that we have noted as being of interest to you.

We encourage you to reach out to us at any time if you have questions. Wishing you a restful interim period and looking forward to continued successes.

Sincerely,

ACTION SINCE OUR LAST MEETING

LANCASTER COUNTY PRIORITIES FOR THE 2026 SESSION

Below is the status of Lancaster County's legislative priorities for this session:

- **LB859 (Bostar) Provide for county conflict counsel to represent certain indigent persons when the public defender is unavailable.** The legislation creates a statutory framework for the appointment and use of county conflict counsel—attorneys employed or contracted by counties to represent indigent clients when public defenders have a conflict of interest or other good cause prevents their representation. The bill defines 'county conflict counsel,' mandates notification procedures for their appointment, clarifies their responsibilities, and amends multiple statutes to require that courts appoint county conflict counsel before appointing other private attorneys in applicable cases. The bill also specifies compensation and fee structures, and clarifies when county conflict counsel, rather than other court-appointed attorneys, should be used in criminal, juvenile, and mental health commitment proceedings. The hearing on this bill has been scheduled for February 11, 2026, before the Judiciary Committee. **POSITION: SUPPORT TESTIMONY; STATUS: PASSED ON A VOTE OF 39-10 AS PART OF LB965.**

The hearing on this bill occurred on February 11, 2026. Those who appeared in support included Commissioner Yoakum and Jon Cannon from NACO. The Nebraska Criminal Defense Attorneys appeared in a neutral capacity. There were some questions from committee members, but most seemed very amenable to the bill and its purpose.

Following floor debate in which several senators questioned whether statutory authority is necessary for counties to establish an office of conflict counsel, an amendment is anticipated on Select File to clarify and limit how such offices may be structured in larger jurisdictions. Specifically, for counties with populations of 100,000 or more, the amendment would require that any conflict counsel function be established and maintained as an internal county office, prohibiting the use of outside contracts with private law firms or attorneys to fulfill this role, and ensuring that conflict counsel services are provided within the county's governmental structure.

On Select File, the Legislature considered AM3038 to LB965 which clarifies and tightens the conflict counsel provisions. It makes minor wording and cross-reference fixes, but most importantly requires that counties with populations of 100,000 or more must employ conflict counsel, while smaller counties may either employ or contract for those services. It also requires counties to provide written notice when they first establish conflict counsel.

- **LB1225 (Raybould) Expedited Appeals Timeline for Juvenile Court Transfers.** The bill modifies section 43-274 of the Nebraska Juvenile Code to require that the Nebraska Court of Appeals render a judgment and opinion on appeals of juvenile court transfer decisions within ninety days of the appeal being perfected. This change ensures a specific time limit for expedited review, aiming to provide greater certainty and timeliness in juvenile justice proceedings. The

hearing on this bill has been set for February 20, 2026, before the Judiciary Committee. **POSITION: SUPPORT; STATUS: DID NOT PASS**

The hearing on this bill occurred on February 20, 2026. Those who appeared in support included Spike Eickholt on behalf of the Nebraska Criminal Defense Attorneys Association and Katie Nungesser representing Voices for Children in Nebraska. Testifying in a neutral capacity was Josh Shasserre, representing the Clerk of the Nebraska Supreme Court and Court of Appeals. No individuals testified in opposition to the bill.

- **LB96 (Dungan) Require the Department of Health and Human Services to file certain 1115 waivers.** The legislation states that Nebraska's Department of Health and Human Services submit two federal waiver applications by July 1, 2025: one for reentry demonstration opportunities providing healthcare services to incarcerated populations transitioning to society, and another for health-related social needs providing temporary housing, food assistance, and support services to formerly incarcerated individuals. Both waivers aim to reduce recidivism and facilitate successful community reintegration through expanded Medicaid coverage and support services. **POSITION: SUPPORT; STATUS: DID NOT PASS**
- **LB25 (Ballard) Appropriate funds to the Department of Administrative Services for interoperable communication equipment.** The bill appropriates \$5 million in state funds to create a matching grant program that helps volunteer departments purchase mobile radios, programming services, and installation of communication equipment to achieve interoperability between departments. Recipients must provide equal local funding to receive grants, with a maximum award limit of \$3.5 million per applicant. **POSITION: SUPPORT; STATUS: DID NOT PASS**
- **LB619 (Ballard) Provide for cities of the primary class and certain counties to receive grants relating to certain highways.** The bill directs the Nebraska Department of Transportation to provide grants jointly to cities of the primary class and the counties where they are located. These grants are designated for the construction of motor vehicle transportation infrastructure that connects state highways to the National System of Interstate and Defense Highways. Recipient cities and counties must report annually on the use of funds, and any unspent or misused funds must be repaid to the state. The bill expresses legislative intent to appropriate \$15 million from the General Fund for this purpose in FY 2025-26. The act is declared an emergency and will take effect immediately upon passage. **POSITION: SUPPORT; STATUS: DID NOT PASS**
- **LB255 (Quick) Provide for use of the Opioid Treatment Infrastructure Cash Fund for problem solving courts.** The legislation authorizes the use of the Opioid Treatment Infrastructure Cash Fund to support problem solving courts (such as drug, veterans, mental health, DUI, reentry, and young adult courts) in ordering medication-assisted treatment for substance use disorders. It explicitly states the Legislature's intent to appropriate funds for these purposes and provides for \$1 million annually for fiscal years 2025-26 and 2026-27. The bill takes effect immediately due to an emergency clause. **POSITION: SUPPORT; STATUS: DID NOT PASS**
- **LB693 (Meyer, F.) Prohibit as a Deceptive Trade Practice Certain Conduct Relating to Assistance or Referrals in Veterans Benefits Matters. POSITION: SUPPORT - Carries over from last session.** The bill adds new provisions to

Nebraska's deceptive trade practices law, making it unlawful for individuals to receive compensation, directly or indirectly, for preparing, presenting, prosecuting, advising, consulting, or assisting with, or for referring individuals to such services, in any veterans benefits matter before specified federal or state veterans' agencies. The bill provides definitions, exceptions for attorneys and county veterans service officers, and does not alter other common law or statutory unfair trade practices. **POSITION: SUPPORT; STATUS: DID NOT PASS**

BILLS IDENTIFIED BY DEPARTMENT HEADS

Mark Lakamp – LB767 (Holdcroft) Certified Help Options in Claims Expertise for Veterans Act. The bill creates a regulatory framework for those offering compensated services related to veterans' benefits claims. It restricts who may act as a veteran's agent or attorney, sets limits on compensation, mandates disclosures, requires data protection and accreditation, and makes violations a deceptive trade practice. Exemptions are provided for federally accredited representatives and state/county officers. **POSITION: OPPOSE WITH TESTIMONY STATUS: DID NOT PASS**

The hearing on LB767 occurred on January 21, 2026, before the Government, Military and Veterans Affairs Committee. The National Association for Veterans Rights And a Nebraska rancher, US Marine Corps veteran, testified in support. Lancaster County, Nebraska Veterans Council, Nebraska Veterans Service Organizations, Dawes and Sioux Counties Veterans Service Office , Platte and Colfax Counties Veterans Service Office, Vietnam Veterans of America, Disabled American Veterans, Veterans of Foreign Wars Department of Nebraska, County Veterans Service Offices, American Legion, Department of Nebraska, Lancaster County Veterans Service Committee, Nebraska Association of County Officials, Veterans of Foreign Wars (VFW) of the United States all testified in opposition. No neutral testimony.

Mark Lakamp – LB826 (DeKay) Changes to Homestead Exemption Late Application Process. SPEAKER PRIORITY BILL. The bill allows owners to file a late application for a homestead exemption if certification of veteran status from the U.S. Department of Veterans Affairs is received after June 30. It specifies that such late applications must include documentation of the late certification and be filed within the same timeframe as other late applications due to medical conditions or the death of a spouse. The bill also reorganizes subsections for clarity and maintains the requirement for the county assessor to review and decide on late filings within thirty days. The act is declared an emergency and takes effect immediately upon passage. **POSITION: SUPPORT; STATUS: PASSED ON A VOTE OF 49-0.**

The hearing on LB 826 occurred on February 11, 2026. Those who appeared in support included NACO and Commissioner Lakamp. No individuals or organizations appeared in opposition or in a neutral capacity.

Brad Johnson – LB993 (McKinney) Provide a cause of action for deprivation of constitutional rights by a law enforcement officer, eliminate the defense of qualified immunity as prescribed, and change provisions of the Political Subdivisions Tort Claims Act and State Tort Claims Act. The legislation establishes a civil remedy for individuals whose constitutional rights are violated by law enforcement officers acting under color of law. Qualified immunity and similar defenses are eliminated for these claims. Public employers are generally required to indemnify law enforcement officers unless the officer acted in bad faith or with malicious intent. The bill waives sovereign immunity for these claims, sets a three-year statute of limitations, and specifies that such

claims are not subject to the Political Subdivisions Tort Claims Act or the State Tort Claims Act. Definitions and statutory language are updated accordingly. The hearing on this bill has been set for February 19, 2026. **POSITION: OPPOSE; STATUS: DID NOT PASS**

The hearing on LB 993 took place on February 19th, 2026. The Nebraska Association of Trial Attorneys testified in support, while the Nebraska Attorney General's Office and NACO testified in opposition.

Brad Johnson – LB996 (Rountree) Prohibit the use of shackling or restraints on juveniles. The bill bans the use of shackling (mechanical restraints) on juveniles except under narrowly defined circumstances involving substantial risk of harm. It defines shackling and clarifies limited emergency exceptions. Policies and procedures for transporting juveniles must prohibit routine use of restraints and adhere to the new restrictions, with any exceptions documented and reviewed. The bill updates statutory references to incorporate these changes into the Nebraska Juvenile Code. The hearing on this bill has been set for February 20, 2026. **POSITION: MONITOR; STATUS: DID NOT PASS**

The hearing on LB 996 took place on February 20th, 2026. Proponent testimony was offered by Voices for Children in Nebraska, Boys Town, the Nebraska Children's Commission, and the ACLU of Nebraska. Opposition testimony was provided by the Douglas County Sheriff's Office on behalf of the Nebraska Sheriffs' and Police Chiefs' Associations, the Nebraska Public Service Commission, and the Nebraska Department of Health and Human Services, citing safety, logistical, and operational concerns.

Brad Johnson – LB1011 (Dungan) Change provisions relating to compensation for temporary disability under the Nebraska Workers' Compensation Act. The bill revises section 48-121 to extend and clarify the period during which temporary disability compensation must be paid to injured workers. It establishes specific conditions for when such benefits may cease, including a mandatory minimum notice period and requirements regarding evidence disclosure and independent medical examination rights. Hearing on this measure has been set for February 23, 2026. **POSITION: MONITOR; STATUS: DID NOT PASS**

Brad Johnson – LB1195 (Storer) Repeal of Jail Matron and Female Inmate Requirements in County Jails. The legislation repeals section 47-111, which previously mandated requirements concerning the management or treatment of female inmates and the appointment or duties of jail matrons in county jails. With the repeal, these requirements will no longer be in effect, potentially changing how female inmates are managed in county jails and removing the statutory need for jail matrons. Hearing has been set for February 5, 2026. **POSITION: NEUTRAL WITH APPRECIATION FOR WORKING WITH US ON AMENDMENT; STATUS: PASSED ON A VOTE OF 48-1.**

The hearing on LB 1195 was held on February 5th, 2026. Supporters included Knox County Sheriff (Sheriff Don Henry), Nebraska Association of County Officials (NACO) Custer County Sheriff (Sheriff Dan Osmond). Neutral testimony was offered by the Lancaster County Board of Commissioners (Joe Kohout) and the ACLU of Nebraska.

Todd Wiltgen – LB884 (Andersen) Change provisions relating to voter registration, ballots, and poll watchers and observers. The bill implements several changes to Nebraska's election laws. It requires the Secretary of State to use the federal Systematic Alien Verification for Entitlements (SAVE) Program to verify voter citizenship. It prohibits any indication of a voter's political party affiliation on the exterior of ballots or ballot envelopes. The bill imposes stricter requirements for the transportation and handling of

ballots to centralized counting locations and clarifies observation rights for poll watchers and observers, including access to view all ballot counting activities and early voting processes. It also provides that watchers appointed under statute must be allowed to observe early ballot counting. No appropriations are included in the bill. Hearing on this bill has been scheduled for February 11, 2026. **POSITION: NEUTRAL WITH TESTIMONY; STATUS: PASSED ON A VOTE OF 49-0 AS PART OF LB1075.**

Proponents included the Nebraska Taxpayers for Freedom and Wayne Bena on behalf of the Secretary of State. Opponents included Nebraska Appleseed and Civic Nebraska with specific concerns about the SAVE program. Neutral testifiers included Todd Wiltgen, Lancaster County Election Commissioner, the Douglas County Election Commissioner, and NACO, all whose concerns were resolved by an amendment to the bill.

Todd Wiltgen – LB951 (Ballard) Inclusion of Extraterritorial Zoning Residents in Municipal Governance. The legislation mandates that cities and villages in Nebraska redraw their governing board district boundaries to include their extraterritorial zoning jurisdictions by January 1, 2027. Additionally, residents of these areas are to be considered electors of the corresponding city or village, enabling them to vote in municipal elections. These changes apply to metropolitan, primary, first-class, second-class cities, and villages. The bill establishes a uniform approach for future redistricting to always include ETJs and clarifies the electoral status of ETJ residents. The hearing on this measure occurred on January 21, 2026. **POSITION: NEUTRAL WITH TODD TESTIFYING; STATUS: DID NOT PASS.**

The provisions of LB951 will be limited via amendment to only Omaha and Lincoln and included as part of AM2365 to LB997. This week there was an attempt by Senator Ballard to amend this into LB1075 on Select File with its provisions only applying to Lincoln. When it became clear that an amendment of that kind could imperil the bill, Senator Ballard withdrew the amendment.

Todd Wiltgen – LB1075 (Sanders) Nebraska Election Law Revisions and Clarifications Act. This legislation amends, clarifies, and updates a broad range of Nebraska election statutes. It establishes duties and emergency procedures for village boards, modifies candidate filing and name change rules, refines notification and training requirements for election officials, updates procedures for special elections and election notice publication, revises requirements for early and mail-in voting, restricts access to certain election records, and changes recount procedures and costs. The bill also addresses penalties for election-related offenses and clarifies procedures for school district tax request elections. Several technical and procedural improvements are made, including changes to deadlines, ballot handling, and public inspection of certain records. **POSITION: SUPPORT; STATUS: PASSED ON A VOTE OF 49-0.**

LB 1075 is the annual clean-up bill from the Secretary of State, which included provisions from NACO and the League of Municipalities. Proponents included Wayne Bena on behalf of the Secretary of State, Todd Wiltgen, the Lancaster County Election Commissioner, the Hall County Election Commissioner, NACO and the League. There were no opponents or neutral testimony.

The bill was advanced on March 17, 2026 with AM2496 that created a package. The package of bills reflects a broad effort to strengthen election integrity, transparency, and state financial administration while reducing unnecessary costs. LB 884 (Andersen) updates election procedures by removing the requirement to use the federal SAVE database for citizenship verification, while also addressing practical election-day operations such as mid-day ballot pickups and eliminating a costly closed-circuit

television mandate. LB 927 (Andersen) targets foreign influence in ballot measure campaigns by prohibiting foreign national involvement in funding and organizing ballot question committees and adds enforcement teeth by allowing the Nebraska Accountability and Disclosure Commission to recover investigation and adjudication costs from violators. LB 1002 (Cavanaugh, M.) complements these efforts by increasing fees under the Political Accountability and Disclosure Act to better support oversight and enforcement activities.

In addition, LB 969 (Hallstrom) and LB 1074 (Sanders) focus on improving state financial transparency and administration. LB 969 creates a centralized database of county and municipal financial information, shifting responsibility to the Department of Administrative Services to avoid added costs for the State Auditor. LB 1074 modernizes unclaimed property laws by clarifying reporting timelines, establishing tolling provisions in certain cases, and creating the Unclaimed Property Liquidation Proceeds Trust Fund. Together, these measures aim to enhance accountability, streamline government operations, and ensure more efficient management of public resources.

Sara Hoyle – LB734 (Hunt) Change waiver of work requirements under the Supplemental Nutrition Assistance Program. The bill directs the Department of Health and Human Services to submit an annual application to the USDA for a waiver of SNAP work requirements for homeless individuals, veterans, and foster care individuals (defined as those up to age 24 who were in foster care at age 18 or older). This restores work requirement exemptions for these groups that were removed by recent federal law changes. The bill strikes previous prohibitions on seeking work requirement waivers and discretionary authority for the department to require participation in employment and training programs under SNAP. The hearing on this measure occurred on January 30, 2026. **POSITION: MONITOR; STATUS: DID NOT PASS.**

Sara Hoyle – LB740 (McKinney) Adopt the Housing First Supportive Services Act and require the Department of Health and Human Services to seek federal approval for coverage under the Medical Assistance Act. The bill enacts the Housing First Supportive Services Act, requiring the Department of Health and Human Services to seek federal approval for Medicaid coverage of supportive housing services. It defines housing-related and supportive services, establishes a fund for program financing (including appropriations, federal matching funds, and other contributions), and outlines allowed uses such as covering nonfederal Medicaid costs and other housing supports. The department must coordinate with housing and economic development agencies, submit annual reports to the legislature, and arrange for independent evaluation of the program. Rulemaking authority is granted to implement eligibility, provider standards, reimbursement, and service delivery consistent with federal guidelines. The hearing on this bill has been set for February 20, 2026. **POSITION: SUPPORT; STATUS: DID NOT PASS.**

Sara Hoyle – LB812 (Bostar) Provide requirements for the Department of Health and Human Services relating to Medicaid eligibility redeterminations and community engagement. The bill requires the Department of Health and Human Services to conduct eligibility redeterminations for the medical assistance program no more frequently than mandated by federal law (42 U.S.C. 1396a(e)(14)(L)), and to implement community engagement requirements only as required by federal law (42 U.S.C. 1396a(xx)). The bill specifies timing, duration of compliance, and verification frequency for community engagement requirements. The act is declared an emergency and takes effect immediately upon passage. The hearing on this measure occurred on February 4, 2026. **POSITION: SUPPORT WITH LETTER; STATUS: DID NOT PASS**

The hearing on LB 812 was held on February 4th, 2026 in front on the Health and Human Services Committee. The organizations that testified in support were Health Center Association of Nebraska, Nebraska Hospital Association, Nebraska Rural Health Association, AARP Nebraska, American Diabetes Association, Blood Cancer United (formerly Leukemia and Lymphoma Society), Brain Injury Association of Nebraska, Nebraska Appleseed, no individuals or organizations testified in a neutral capacity. The Nebraska Department of Health and Human Services testified in Opposition.

Sara Hoyle – LB856 (McKinney) Adopt the Community Reinvestment and Equity Act, establish an excise tax, and create a fund and a grant program. The bill enacts the Community Reinvestment and Equity Act, imposing a 5% excise tax on the gross receipts of businesses such as gas stations, convenience stores, and package liquor stores operating in federally designated qualified census tracts. The tax is intended to address neighborhood disinvestment, health burdens, and lack of access to essential services in low- and moderate-income areas. Proceeds will fund grants for healthcare, housing, childcare, food access, and community development. Covered businesses are required to file annual reports on reinvestment activities and will be rated publicly, with penalties for noncompliance. A new Community Reinvestment Fund and grant program are created, with oversight and transparency requirements. The hearing on this bill has been set for February 18, 2026. **POSITION: MONITOR; STATUS: DID NOT PASS.**

The hearing on this bill was held on February 18th, 2026. Included testimony in support from the Heartland Family Service, the Nebraska Commission on African American Affairs, and Project Extra Mile. Testifying in opposition were representatives of the Nebraska Liquor Wholesalers Association and the Platte Institute. No individuals or organizations were listed as testifying in a neutral capacity.

Sara Hoyle – LB860 (Bostar) Require the Department of Health and Human Services to create a program to provide behavioral health care services to individuals under twenty-one years of age. This bill mandates the Nebraska Department of Health and Human Services to establish, by January 1, 2027, a comprehensive behavioral health program for individuals under 21 years old experiencing complex behavioral health needs. The program must offer a continuum of care and prioritize community support to prevent institutionalization. Required services include mobile response, intensive home-based treatment, inpatient and outpatient care, residential treatment, substance use disorder treatment, psychiatric care, and developmental disability care. Care coordination will be regionally administered, with provisions for a statewide managed care plan. The department is authorized to seek federal approval for Medicaid reimbursement and adopt necessary regulations. Hearing has been scheduled for January 30, 2026. **POSITION: SUPPORT TESTIMONY BY SARA HOYLE; STATUS: DID NOT PASS.**

The hearing on this bill was held on January 30th 2026. Testimony in support from Liz Lyons representing Magellan and Sarah Hoyle on behalf of the City of Lincoln and Lancaster County. Testifying in opposition were Dr. Thomas Janousek for the Nebraska Department of Health and Human Services, Division of Behavioral Health, and Robert M. Bell representing the Nebraska Association of Medicaid Health Plans, which includes Molina Healthcare, Nebraska Total Care, and UnitedHealthcare of the Midlands. No individuals testified in a neutral capacity during the hearing. The committee also noted the submission of online comments, including three proponents, zero opponents, and one neutral.

Sara Hoyle – LB965 (Bostar) Prohibit sexual abuse of a probationer or problem-solving court participant; prohibit sexual abuse by a conservator, guardian, guardian ad litem, or child welfare service provider; provide for administration of naloxone by

probation employees; and change conduct constituting the offense of incest. JUDICIARY COMMITTEE PRIORITY. The bill creates new felony offenses for sexual abuse by conservators, guardians, guardians ad litem, and child welfare service providers. It expands existing statutes on sexual abuse of inmates and parolees to include probationers and problem-solving court participants. The bill updates definitions, adds these new offenses to the Sex Offender Registration Act, and extends notification, eligibility, and victim protection provisions to cover these expanded crimes. It also grants immunity to probation employees who administer opioid overdose reversal medications in good faith. Hearing has been scheduled for January 28, 2026. **POSITION: SUPPORT TESTIMONY PROVIDED BY DAN ZIEG; STATUS: PASSED ON A VOTE OF 39-10.**

AM 2846 is a comprehensive committee amendment that strikes the original bill and replaces it with a multi-bill package combining LB 965 and six additional measures addressing family law, criminal penalties, public safety, and court administration. LB 965 remains unchanged and serves as the underlying framework of the amendment. Among the incorporated provisions, LB 908 requires courts to consider credible evidence of improved intellectual and social outcomes for children with equal access to both parents when establishing parenting plans in divorce proceedings. LB 1000 creates a graduated penalty structure for violations of domestic abuse and sexual assault protection orders, increasing penalties for repeat offenses, while LB 818 strengthens penalties for serious domestic assault crimes, including enhanced consequences for repeat and high-risk offenders and for assault by strangulation or suffocation with prior convictions.

The amendment also includes LB 1123, which enhances due process protections for law enforcement officers related to Brady-Giglio disclosures by establishing uniform standards for notice, confidentiality, and review, while also increasing penalties for impersonating a peace officer. LB 859 allows counties to better manage the cost of court-appointed counsel by authorizing the use of county-employed conflict counsel in cases where public defenders have conflicts of interest. Finally, LB 785 expands the definition of burglar's tools to include certain postal service receptacle keys and locks when possessed with criminal intent.

Sarah Hoyle – LB1131 (Bostar) Domestic Violence and Human Trafficking Service Providers Tax Credit Act and Data Center Tax Exemption Repeal. The bill establishes the Domestic Violence and Human Trafficking Service Providers Tax Credit Act, providing refundable income tax credits for qualifying organizations beginning January 1, 2027. It outlines distribution methods for these credits and allows transferability of credits between taxpayers. The bill amends multiple sections of Nebraska law to integrate the new tax credit program and explicitly includes it in allowable credits for individuals, estates, trusts, and corporations. Importantly, the bill eliminates an existing personal property tax exemption for tangible property acquired by data centers for out-of-state use, and it outright repeals the related sales and use tax exemption for data centers. The act becomes operative January 1, 2027. The hearing on this bill occurred on February 4, 2026. **POSITION: SUPPORT WITH TESTIMONY BY SARAH HOYLE; STATUS: SIGNED BY THE GOVERNOR AS PART OF LB901.**

This hearing was held on February 4th, 2026. Proponents included the Nebraska Coalition to End Sexual and Domestic Violence, Lincoln Police Department, Catholic Social Services of Southern Nebraska, Nebraska Catholic Conference, The SAFE Center Friendship Home of Lincoln, Lancaster County. No neutral testimony or opposition testimony. 10 proponent letters were submitted as well. LB1131 was advanced to General File with AM2071 attached. The provisions of this were included in a committee amendment to LB901, a Revenue Committee priority bill.

Sarah Hoyle – Agency 78 – Crime Commission. Sarah Hoyle has indicated that the budget for the Nebraska Crime Commission is proposing a significant cut to community-based services funding and eliminating juvenile services grant funding. In addition, it is proposed to cut out most of the Office of Violence Prevention funds. This will significantly impact our juvenile services. The hearing on this section of the budget occurred on Wednesday, February 11, 2026. **POSITION: OPPOSE WITH COMMISSIONER SCHULTE TESTIFYING; STATUS: SIGNED BY THE GOVERNOR**

Those appearing at the hearing in opposition to the proposed cuts included Lincoln Public Schools, Lancaster County, the City of Lincoln, and several other organizations. Committee members appreciated much of the data provided.

Brent Meyer - LB807 (Ibach) Transfer of Noxious Weed Control Act Administration and Related Reforms. The legislation moves the responsibility for administering the Noxious Weed Control Act and associated programs from the Department of Agriculture to the Department of Water, Energy, and Environment. It redefines key terms to reflect this transfer, mandates the administration of a grant program for noxious weed control, increases legislative intent for annual appropriations for riparian vegetation management, updates the composition of the Riparian Vegetation Management Task Force, and prohibits the use of Water Resources Cash Fund for administrative expenses and salaries for state agencies or political subdivisions. Obsolete provisions and references are eliminated throughout. The bill is now on Final Reading. **POSITION: SUPPORT BASED ON BRENT MEYERS RECOMMENDATION; STATUS: SIGNED BY THE GOVERNOR**

Senator Ibach in her introduction spoke to an amendment (AM1757) which corrects an issue in the originally introduced legislation. Proponents included Jon Cannon (NACO); Brent Meyer (on behalf of NE Weed Control Association, Lancaster County Board, and Lower Platte Weed Management Area); Mike Reed (Chair, Governor's Riparian Vegetation Management Task Force); John Thorburn (Tri-Basin NRD) and John Hansen (Nebraska Farmers Union).

There were no opponents, but Sherry Vinton, the Director of the Department of Agriculture, appeared in a neutral capacity, due to concerns about the originally introduced language which would have moved all noxious weed responsibilities away from the Department of Agriculture. Director Vinton does support the amendment which maintains the Noxious Weed Control Act with the Department of Agriculture and allows for the expanded funding use for the Water Resources Cash Fund to allow grants for weed management. There was discussion about where the funding from the Water Resources Cash Fund comes from, and it was previously a mix of general funds and Environmental Trust Funds, but now it is 100% Environmental Trust Funds, which is appropriate because several weed districts have applied for grants from this fund in the past. The hope is this will be a more sustainable funding source versus making general fund requests. The bill was passed by the Legislature and was signed by the Governor on March 4, 2026.

Commissioners - LB972 (Fredrickson) Nebraska Motor Vehicle Law Modernization and License Plate Reform Act. The bill enacts broad changes to Nebraska's motor vehicle statutes, affecting registration, license plates (including ending and introducing new types), operator licensing, insurance proof, and vehicle titling. Notable changes include replacing license suspensions with revocations in certain criminal cases, requiring new notification and lien extinguishment processes for bonded titles on motorboats, adding a new 'In Transit' definition and process, shifting to electronic SR-22 insurance filings, eliminating the snowmobile safety certificate, and enabling digital/remote license renewals for qualified drivers. The bill also sunsets special interest license plates and

introduces 'Choice Color Plates.' **POSITION: NEUTRAL TESTIMONY BY COMMISSIONER YOAKUM; STATUS: PASSED ON A VOTE OF 48-1.**

The hearing on this bill was held on January 26th, 2026. Testimony in support from the Nebraska DMV, Nebraska Association of County Officials (NACO), and the Nebraska New Car and Truck Dealers Association. In Opposition was the Nebraska Association of Service Providers, Hands of Heartland, and Integrated Life Choices. Neutral testimony was provided by the Nebraska Insurance Federation, Lancaster County Board (Commissioner Yoakum), APACE, and Region V.

The bill was advanced to Select File following the adoption of AM2260 on March 5, 2026. Senator Moser filed and the Legislature adopted AM2844 which, for which the “blackout” license plates will contribute 30% of the \$100 fee for the plates to the Development Disabilities Provider Capital and Equipment Maintenance Cash Fund.

Commissioners – LB1010 (Brandt) Nebraska Energy Storage and Electric Supplier Regulatory Amendments. The legislation expands the authority of public power districts and electric cooperatives to include energy storage under eminent domain and operational powers. It introduces and defines 'energy storage resource' and related terms and establishes application and approval requirements for private electric suppliers seeking to construct or operate energy storage resources. The bill also amends compliance, notice, and violation provisions to include energy storage alongside generation and transmission facilities, clarifying that private suppliers cannot sell retail electricity, operate distribution facilities, or exercise eminent domain. New requirements are established for joint agreements, consents, and development agreements between private and consumer-owned suppliers for energy storage projects. The hearing on this measure has been set for February 11, 2026. **POSITION: OPPOSE; STATUS: PASSED ON A VOTE OF 49-0**

The hearing on this bill was held on February 11th, 2026. Testimony in support was from Norris Public Power District, Nebraska Rural Electric Association; Omaha Public Power District (OPPD), Nebraska Power Association; and the Nebraska Farmers Union. Testifying in opposition were Eolian LP and Sophos Power, represented by David Levy of Baird Holm Law Firm; the Lancaster County Board (David Cary), and the Nebraska Sierra Club. Neutral testimony was provided by Lincoln Electric System (LES) and the Nebraska Power Review Board.

The bill was advanced with a committee amendment. The committee amendment AM2422 replaces the original bill and combines three measures focused on electric infrastructure, large energy users, and data center oversight. LB1010, as amended, streamlines the approval process for electric supply resources (ESRs) by eliminating the requirement for joint applications between developers and consumer-owned utilities and instead requiring supporting evidence within the application. It also protects approved ESR projects from the use of eminent domain by other electric suppliers. LB1064 establishes the Large Load Customer Regulation Act, creating a regulatory framework for entities seeking high-capacity electrical service (over 20MW). It requires transparency from applicants, upfront study fees, proof of site control, and financial commitments for necessary infrastructure, while allowing public power suppliers to negotiate customized rates and impose curtailment or demand-response requirements during emergencies.

LB1111, as amended, focuses on oversight of large-scale data centers by defining facilities with at least 10MW of demand and requiring annual reporting to state agencies and the Legislature. The reporting requirements include detailed disclosures on ownership, location, energy and water usage, tax incentives received, energy sourcing, and

sustainability practices. The amendment also strengthens the authority of public power suppliers to ensure that data centers bear the full cost of electric service, preventing cost-shifting to other customers. Together, these provisions aim to modernize Nebraska's approach to high-demand energy users, improve transparency, and protect existing ratepayers while supporting economic development. The bill was debated and advanced to Select File on March 12, 2026. The committee amendment to the bill was adopted.

Commissioners – LB1027 (Storm) Changes to Regulation of Privately Developed Renewable Energy Generation Facilities. The bill removes multiple statutory exemptions that allowed privately developed renewable energy generation facilities to avoid the standard application, hearing, and approval process by the Nebraska Power Review Board if they complied with alternate requirements. It amends the process for commencing construction of such facilities, requiring advance certifications and public meetings, and mandates that the Power Review Board hold a hearing and approve or deny construction based on compliance with these requirements. It also revises notification, certification, and enforcement provisions, including penalties for noncompliance. A new requirement is added that the owner must enter into a power purchase agreement with a public power district and receive board approval before construction. The bill generally harmonizes statutory language and removes automatic exemptions for these facilities. The hearing on this measure has been set for February 5, 2026. **POSITION: OPPOSE; STATUS: DID NOT PASS.**

The hearing on this bill was held on February 5th, 2026. Testimony in support came from the Nebraska Rural Electric Association (NREA). Testifying in opposition were Students for Sustainability; Invenergy LLC and NextEra Energy Resources LLC, the Allen School District, BHE Renewables; Ranger Power; Advanced Power Alliance; the Nebraska Chapter of the Sierra Club; Citizens' Climate Lobby (CCL) Omaha; the Nebraska Farmers Union; and the National Audubon Society (Audubon Great Plains/Nebraska). No individuals or organizations were listed as testifying in a neutral capacity.

Commissioners – LB1117 (Ibach) Changes to Tuition Waivers for Dependents of Veterans and First Responders. The legislation updates and clarifies the requirements for tuition waivers for dependents of veterans, including requiring exhaustion of certain federal benefits before eligibility. It also modifies the structure and limitations of tuition waivers for first responders, their children, and eligible disabled persons, including a new GPA requirement and a cap on credit hours or years. Additionally, the bill establishes a state reimbursement system where, beginning July 1, 2028, the Coordinating Commission for Postsecondary Education will reimburse educational institutions for fifty percent of tuition waivers granted under these programs, subject to available appropriations, with provisions for prorating if funds are insufficient. The hearing on this bill has been set for February 12, 2026. **POSITION: OPPOSE WITH TESTIMONY FROM BEN HOUCHIN AND MARK LAKAMP; STATUS: DID NOT PASS.**

The hearing on this bill was held on February 12th, 2026. Those testifying in opposition included the Bellevue Police Department, the Omaha Police Department, Veterans of Foreign Wars (VFW) Department of Nebraska, Dawes and Sioux County Veterans Service Officer, Lancaster County Veteran Service Officer and the Nebraska Professional Council; the State Troopers Association of Nebraska; the Lancaster County Sheriff's Office, Omaha Police Officers Association (OPOA), Nebraska State Fraternal Order of Police, including the state FOP and Lodge 8 (Douglas County Department of Corrections), Lodge 3 (Sarpy County), and Lodge 32 (Lancaster County Department of Corrections); the Douglas County Department of Corrections, Lincoln Police Department and Lincoln Police Union, Omaha Professional Firefighters; Lincoln Firefighters, Nebraska

Professional Firefighters Association, Columbus Fire Department, League of Nebraska Municipalities. Testifying in a neutral capacity was the Nebraska State College System, the Nebraska Community College Association, and the University of Nebraska.

Commissioners – LB1072 (Arch at Request of Governor) Nebraska Government Funds, Transfers, and Appropriations Act. This bill is a large omnibus measure addressing Nebraska's state government finances. It authorizes a vast array of one-time and recurring transfers from various cash, trust, revolving, and special funds to the General Fund and other designated funds for fiscal years 2025-2027. The bill creates new funds (e.g., Medical Cannabis Regulation Fund, 988 Emergency Lifeline Cash Fund) and provides for new and amended fee assessments. Numerous funds, programs, and associated laws are terminated or repealed, with explicit directions for the disposition of remaining balances. The bill adjusts or eliminates fees, modifies fund investment earnings designations, and reassigns administrative responsibilities for certain programs. Appropriations and salary payments for some offices are redirected to specific funds. The act also makes technical and harmonizing changes across dozens of statutes and provides for emergency enactment. Hearing date on the Department of Veterans Affairs set for February 17, 2026. **POSITION: OPPOSE PROVISIONS RELATING TO VETERANS AID; STATUS: SIGNED BY THE GOVERNOR**

Commissioners – LB964 (Bostar) Nebraska Public Property Disclosure Act. This legislation enacts the Nebraska Public Property Disclosure Act, mandating that governing bodies of political subdivisions in Nebraska conduct open and public hearings before selling, leasing, or purchasing real property. The bill requires public notice, the opportunity for public comment, and sets a two-month window to complete the transaction after the hearing or else requires a new hearing. Notices must be published in a legal newspaper and provide specific property and transaction details. Hearing on this measure has been scheduled for February 5, 2026. **POSITION: SUPPORT; STATUS: DID NOT PASS.**

The hearing on this bill was held on February 5, 2026. Testimony in support from the Nebraska Public Power District (NPPD), the Central Nebraska Public Power and Irrigation District, the Nebraska Association of County Officials (NACO), and the Lancaster County Board of Commissioners (Matt Hansen). Testifying in opposition was the Omaha Public Power District (OPPD). No individuals or organizations were listed as testifying in a neutral capacity.

Pam Dingman - LB1218 (Brandt) County Bridge Match Program Funding and Operations Modifications. The bill requires the County Bridge Match Working Group to award at least \$4 million annually to applicants through the program. It changes the transfer amounts from the Roads Operations Cash Fund to the Transportation Infrastructure Bank Fund from \$4 million to \$5 million for fiscal years 2026 and 2027, and updates the statutory language to clarify and modernize authorized uses for the Highway Cash Fund and Roads Operations Cash Fund. Obsolete provisions are removed. The hearing on this bill occurred on February 4, 2026. **POSITION: SUPPORT WITH TESTIMONY FROM PAM DINGMAN; STATUS: DID NOT PASS**

The hearing on this bill was held on February 4, 2026. Testimony in support from John Cannon, Executive Director of the Nebraska Association of County Officials (NACO); Associated General Contractors Nebraska Chapter (AGC); Mark Schoenrock, Jefferson County Commissioner; Emily Haxby, Vice Chair of the Gage County Board of Supervisors and member of its Road & Bridge Committee; Pam Dingman, Lancaster County Engineer representing the Nebraska Professional Engineers Coalition and serving on the County Bridge Match Program Working Group; Gary Connot, Holt County Highway

Superintendent; Don Ryba, Hall County Public Works Director and Highway Superintendent; and Scott Huppert on behalf of Richardson County. Testifying in opposition was the Nebraska Department of Transportation (NDOT). No neutral testimony was given.

Purchasing – LB799 (Urban Affairs) Adoption of the Service Contract Reporting Act. This bill creates the Service Contract Reporting Act. It mandates that metropolitan-class cities, counties with over 500,000 residents, and most state agencies annually report specified details about service contracts awarded, particularly highlighting contracts to individuals or entities in economic redevelopment areas or qualified census tracts. The materiel division of the Department of Administrative Services must compile and publicly report this information. Cities or counties that fail to comply with reporting requirements face suspension of state aid until compliance is achieved. Hearing was held on February 10, 2026. **POSITION: MONITOR; STATUS: DID NOT PASS.**

No organizations testified (as proponents, opponents, or neutral) on LB 799. Only Senator McKinney introduced and closed on the bill; there were no public testifiers.

Purchasing – LB997 (Andersen) Changes to Emergency Contract Reporting in State Procurement Act. BALLARD PRIORITY BILL. The bill revises requirements for emergency contract approvals under Nebraska's State Procurement Act. It mandates that, following approval of an emergency contract, copies of the contract and the agency's justification must be provided to both the Director of Administrative Services and the Auditor of Public Accounts within three business days. Previously, only the Director was to receive a copy. The bill also updates language to require that multiple copies (rather than a single copy) of documentation are provided as necessary. The original section is repealed and replaced by these updated provisions. **POSITION: RECOMMEND MONITOR; STATUS: PASSED ON A VOTE OF 48-1 AS PART OF LB1048.**

The hearing on this was held on February 5th, 2026. Testimony in support from Auditor Mike Foley on behalf of the Office of the Nebraska Auditor of Public Accounts and Director Lee Will representing the Nebraska Department of Administrative Services. Testifying in a neutral capacity was former DAS Director Jason Jackson, who spoke personally and not on behalf of a specific organization. No individuals or organizations testified in opposition.

AM 2365 amends LB 997 by adding four new sections that incorporate a narrowed version of LB 951, which proposed extending voting rights in city elections to residents living in municipal extraterritorial jurisdictions (ETJs). As revised, the amendment limits this authority to residents of ETJs associated with cities of the metropolitan or primary classes, rather than applying statewide. It also directs affected cities to redraw district boundaries to account for the inclusion of eligible ETJ residents in municipal elections.

In addition, AM 2365 scales back the scope of voting rights originally contemplated under LB 951. While the original bill would have allowed ETJ residents to vote in all city elections, the amendment excludes participation in city bond elections. As a result, the proposal represents a more targeted expansion of voting rights, balancing broader representation for certain ETJ residents with limitations on fiscal decision-making authority.

Senator Andersen amended the provisions from LB997 into LB1048, a bill offered by Speaker Arch that had originated from the Government, Military & Veterans Affairs Committee.

Purchasing – LB1215 (McKinney) Political Subdivision Contracting Transparency Act. The bill establishes the Political Subdivision Contracting Transparency Act, which mandates prompt payment practices, transparent procurement procedures, a centralized online calendar for solicitations, debriefs for unsuccessful bidders, and support for small business vendors in public contracts. The act is race neutral, terminates July 1, 2030, and requires a performance review in 2029. **POSITION: OPPOSE; STATUS: DID NOT PASS.**

Commissioners - LB1254 (Bostar) Nebraska Prohibition on Retail Sale of Electronic Smoking Devices Without Child Safety Feature. The bill defines 'electronic smoking device' and 'nicotine analogue,' and makes it illegal to sell, offer, or distribute for retail sale any electronic smoking device manufactured after the act's effective date that lacks a child safety feature. Violations constitute a Class IV misdemeanor. The bill exempts interstate transportation and warehouse storage of such devices from these requirements. **POSITION: SUPPORT WITH TESTIMONY FROM COMMISSIONER SCHULTE; STATUS: DID NOT PASS.**

LB 1254 was heard by the Judiciary Committee on Thursday, February 26. Proponent testimony was offered by Commissioner Schulte, as well as a parent who described witnessing a toddler using a vaping device that belonged to the child's parent, highlighting concerns about youth access to vaping products. Opposition testimony was limited to a representative from E-Titan Vapors, who appeared in person. The representative raised concerns regarding potential impacts on interstate commerce and suggested that regulatory authority over vaping products would be more appropriately handled at the federal level by the Food and Drug Administration.

Commissioners - LB1219 (Brandt) Nebraska Property Tax Levy Cap for Political Subdivisions. HANSEN PRIORITY BILL. Beginning January 1, 2027, the bill limits the total amount of property taxes that political subdivisions in Nebraska may levy each year. The annual increase cannot exceed the previous year's levy by more than the 'allowable growth percentage,' which is defined as 2% plus the percentage of real growth in property valuation. The bill provides definitions for 'allowable growth percentage,' 'real growth percentage,' and 'real growth value,' outlining what qualifies as real growth, including property improvements, annexations, and increases in personal property valuation. These limits override the Property Tax Growth Limitation Act and the School District Property Tax Limitation Act. The hearing on this measure occurred before the Revenue Committee on February 5, 2026. The bill has been advanced by the Revenue Committee and prioritized by Senator Ben Hansen. **POSITION: OPPOSE; STATUS: DID NOT PASS.**

The hearing on this bill was held on February 5th, 2026. Testimony in support from Nebraska Taxpayers for Freedom, the Nebraska Farm Bureau, Nebraska Cattlemen, Nebraska Pork Producers, Nebraska Corn Growers, Nebraska Sorghum Producers, Renewable Fuels Nebraska, and the National Federation of Independent Business. Testifying in opposition were Nebraska Rural Community Schools Association; City of Omaha; City of La Vista; Nebraska Community College Association; Omaha Public Schools; Nebraska Educational Service Unit Coordinating Council; Nebraska Association of County Officials (NACO); League of Nebraska Municipalities; Nebraska Association of School Boards and Norris School District 160; Greater Nebraska Schools Association and Stand for Schools. No organizations testified in a neutral capacity.

The bill has been advanced to General File. On March 23, Senator Hansen introduced AM2655 to LB1219 and it restructures the bill's property tax limitation framework by shifting from an annual cap to a biennial (two-year) levy limit system beginning July 1, 2027. Under the amendment, political subdivisions are limited in the first year of a

biennium to prior-year property tax collections plus allowable growth, while the second year permits additional flexibility by allowing unused growth from year one (up to 2.5%) to be carried forward and applied. The amendment exempts community colleges from the cap and allows political subdivisions to exceed the limits only with approval from 60% of voters at an election.

Commissioners - LR317CA (Brandt) Nebraska Constitutional Amendment: Cap on Political Subdivision Property Tax Growth. This legislative resolution proposes to add a new section to Article VIII of the Nebraska Constitution, establishing that, beginning January 1, 2027, political subdivisions cannot increase the total amount of property tax levied each year by more than an 'allowable growth percentage.' This percentage is defined as 2% plus the political subdivision's real growth percentage, which is based on increases in property valuation due to new improvements, annexations, changes in property use, and increases in personal property valuation. The amendment would be submitted to voters at the November 2026 general election. The hearing on this measure occurred before the Revenue Committee on February 5, 2026. **POSITION: OPPOSE; STATUS: DID NOT PASS**

The hearing on this bill was held on February 5, 2026. Testimony in support from Nebraska Taxpayers for Freedom, the Nebraska Farm Bureau, Nebraska Cattlemen, Nebraska Pork Producers, Nebraska Corn Growers, Nebraska Sorghum Producers, Renewable Fuels Nebraska, and the National Federation of Independent Business (NFIB). Testifying in opposition were the Nebraska Rural Community Schools Association (NERCSA); the City of Omaha; the City of La Vista; the Nebraska Community College Association; Omaha Public Schools; the Nebraska Educational Service Unit Coordinating Council; the Nebraska Association of County Officials (NACO); the League of Nebraska Municipalities; the Nebraska Association of School Boards (NASB); and the Greater Nebraska Schools Association. Dave Welsh of the Milford Public Schools Board, speaking as an individual in a neutral capacity.

Commissioners - LB1020 (Bostar) Nebraska Criminal Code Revisions: Mobile Tracking Devices, Stalking, Swatting, and Related Offenses. The bill prohibits the unauthorized installation or use of mobile tracking devices, with specific exceptions (e.g., law enforcement, parents in certain circumstances, business/government purposes). It creates criminal penalties for violations. Stalking penalties are increased by making all violations a Class IIIA felony and eliminating previous misdemeanor gradations. The bill also creates the new offense of swatting, with escalating penalties based on the outcome (misdemeanor to Class IB felony) and mandatory restitution. Definitions related to intrusion and the use of unmanned aircraft (drones) are expanded, and unauthorized drone operation in restricted airspace is criminalized. The requirement for mandatory probation for Class IV felonies is repealed, allowing courts more discretion in sentencing. Several statutory references and definitions are updated to reflect these changes. The hearing on this measure occurred before the Judiciary Committee on February 6, 2026. **POSITION: SUPPORT; STATUS: PASSED ON A VOTE OF 38-11 AS PART OF LB935**

LB 1020 intends to close gaps in current law and modernize statutes regarding misuse of technology for stalking and creates a standalone offense for swatting. Proponents included law enforcement, specifically the Lincoln Chief of Police, the Bellevue Chief of Police, Lancaster County Sheriff's Department, the County Attorney's Association, the OPOA, and the Nebraska Coalition to End Sexual and Domestic Violence, as well as victims of domestic violence and stalking. The only opposition was from the ACLU and Criminal Defense Attorneys Association.

Commissioners - LB1092 (Bostar) Nebraska Alternate License Plates Expansion and Grant Funds Act. The bill authorizes two new categories of license plates: Back the Blue (supporting law enforcement) and Iconic-Design Plates (featuring retro Nebraska plate designs). It creates the Back the Blue Cash Fund and the Developmental Disabilities Provider Capital and Equipment Maintenance Cash Fund, establishing grant programs for law enforcement associations and developmental disabilities service providers. The bill outlines fee structures, fund administration, eligible uses, and application processes. It also strikes obsolete language and updates existing provisions for alternate plates. The hearing on this bill occurred on February 10, 2026 before the Transportation & Telecommunications Committee. **POSITION: SUPPORT; STATUS: PASSED ON A VOTE OF 48-1 AS PART OF LB972.**

This bill was heard on Tuesday in the Transportation and Telecommunications Committee. Commissioner Yoakum testified in favor on behalf of the County and was joined in support of the bill by proponents from Apac, the Nebraska Association of Service Providers, Hands of Heartland, and other service providers as well as the State Troopers Association and various police officer's associations. There were no opponents, and the Director of the Nebraska DMV appeared in a neutral capacity with some technical concerns about the implementation of the 'Iconic Design' plate; but on the whole the committee was interested in the concept of the license plates and the revenue potential.

Commissioners - LB1097 (Conrad) Nebraska State and Political Subdivisions Sexual Abuse Liability Act and Related Statute of Limitations Reform. The bill creates a new cause of action allowing victims of child sexual abuse and individuals with developmental disabilities who are victims of sexual abuse to bring tort claims against state agencies and political subdivisions. It explicitly waives sovereign immunity for such claims and exempts them from the procedural and substantive limitations of the State Tort Claims Act and the Political Subdivisions Tort Claims Act, such as damage caps, jury trial limits, notice requirements, and statutes of limitations. The statute of limitations is removed for direct perpetrators, and a new extended limit applies to other defendants. Amendments to existing statutes redefine key terms and clarify that actions under this Act are not considered regular tort claims under existing state law. **POSITION: OPPOSE WITH A LETTER BASED ON FISCAL IMPACT; STATUS: DID NOT PASS.**

The hearing on this bill was held on February 12th, 2026. Testimony is supported by the Nebraska Association of Trial Attorneys, the Education Rights Council, and the Nebraska Children's Commission. Testifying in opposition were ALICAP (the school risk pool), the Nebraska Intergovernmental Risk Management Association (NIRMA), the Nebraska Attorney General's Office, and the Nebraska Association of County Officials (NACO), along with related county entities. No individuals or organizations were identified as testifying in a neutral capacity.

Commissioners - LR292CA (Andersen) Nebraska Real Property Tax Valuation and Emergency Levy Constitutional Amendment. ANDERSEN PRIORITY BILL. This amendment would create a dual valuation system for all real property, distinguishing between fair market value (dynamic, determined by the assessor) and taxable market value (used to establish the baseline for tax liability). It would cap annual property tax increases on real property to the percentage change in the Consumer Price Index unless certain triggering events occur (such as sale or new construction). For agricultural land, taxable market value would be set at 75% of fair market value, or 50% for certain school bonds. Detailed definitions and exceptions for transfers between spouses and combining parcels are provided. In emergencies, local taxing entities can hold a special bond levy election if financial needs exceed appropriations, subject to strict voter approval

requirements. Prioritized by Senator Andersen. **POSITION: OPPOSE; STATUS: DID NOT PASS**

The hearing on this bill was held on February 12th, 2026. Testimony in support from Americans for Tax Reform and Nebraska Taxpayers for Freedom. Testifying in opposition were the Nebraska Association of County Officials (NACO); the City of La Vista and the United Cities of Sarpy County; the Nebraska Community College Association; the Greater Nebraska Schools Association (GNSA); the Nebraska Realtors Association; the OpenSky Policy Institute; the Nebraska Association of School Boards; the Nebraska Association of Resources Districts; and the League of Nebraska Municipalities. Testifying in a neutral capacity were the Nebraska Farm Bureau and the Ag Leaders Organization, as well as the Tax Foundation.

Commissioners - LB969 (Hallstrom) Creation of Public Financial Databases for Nebraska Counties and Municipalities. This bill mandates that the Nebraska Auditor of Public Accounts develop, maintain, and publicly share online databases containing detailed financial data for all counties and municipalities in the state. The information must include revenue sources, expenditures, and balance sheets from the most recent audit reports, with historical data going back to 2016 where available. All relevant entities must submit their financial data annually, and the Auditor must update the database within 30 days of receipt. The bill exempts disclosure of confidential or non-public record information and sets an implementation deadline of January 1, 2027. **POSITION: SUPPORT ONLINE COMMENTS; STATUS: PASSED ON A VOTE OF 49-0 AS PART OF LB1075**

The hearing on this bill was held on February 18th, 2026. Testimony in support from the Nebraska Association of County Officials (NACO), the Platte Institute, the Nebraska Bankers Association, and the National Federation of Independent Business. The League of Nebraska Municipalities testified in a neutral capacity. No individuals or organizations testified in opposition. The provisions of this bill are amended into LB1075 via AM2496.

Commissioners - LB935 (Bosn) Awards of Costs and Attorney's Fees in Civil Actions Involving Political Subdivisions. JUDICIARY PRIORITY BILL. The legislation revises procedures for awarding attorney's fees and court costs in civil actions, especially those involving political subdivisions (local government entities). It creates a specific process to allow political subdivisions to recover costs and fees if they are subject to frivolous or harassing claims or defenses. The bill also updates key definitions and reorganizes statutory provisions for clarity and consistency. **POSITION: SUPPORT; STATUS: PASSED ON A VOTE OF 38-11**

The hearing on this bill was held on February 18th, 2026. Testimony in support from the City of Omaha and the City of David City, the League of Nebraska Municipalities. Additional proponent positions were noted through online comments referenced during testimony, including support from the City of Lincoln, Lancaster County, the Douglas County Sheriff, the Nebraska Association of County Officials, the County Attorneys Association, the Nebraska Intergovernmental Risk Management Association (NIRMA), Omaha Public Power District (OPPD), and the Metropolitan Utilities District (MUD). No opposition or neutral testimony was identified in the record provided.

AM 2743 is a comprehensive committee amendment that strikes the original bill and replaces it with a multi-bill package combining LB 935 with seven additional measures addressing legal procedure, public safety, and court administration. Among the key provisions, LB 1199 expands eligibility for the Legal Education for Public Service and Rural Practice Loan Repayment Assistance Act by increasing the population threshold for

qualifying communities and appropriating additional funding to support attorney recruitment in underserved areas. LB 978 creates new civil causes of action related to obscene material, child sexual abuse material (CSAM), and child sexual exploitation, allowing both private lawsuits and public enforcement actions regardless of whether criminal charges are filed. LB 876 establishes a statewide automatic “no-contact period” following arrest for certain domestic or sexual assault offenses, providing immediate, short-term protections for alleged victims before court intervention or protection orders can be secured. LB 789 adds a hearsay exception for cases in which a party intentionally causing a witness to be unavailable, ensuring such conduct does not prevent relevant evidence from being considered.

The amendment also incorporates LB 1020, which strengthens laws related to unmanned aircraft systems by restricting their operation in certain areas, expands stalking statutes to include mobile tracking devices, and creates the offense of swatting with associated penalties. LB 1139 reforms how liens arise from child and spousal support orders by shifting to a payment-based system that attaches only when payments are delinquent and automatically dissolves upon payment, while also streamlining real estate transactions for compliant obligors. Finally, LB 1228 establishes new court-related fees, including a state docket fee and a \$10 case management systems fee assessed in civil and traffic cases, to support judicial system operations.

Commissioners - LB919 (Sanders) Permitting Use of Durable Accessible Mediums for Public Records in Nebraska. The bill amends several Nebraska statutes to broaden acceptable formats for storing and preserving public records, allowing durable accessible mediums (not just microfilm) for recording, filing, and maintaining official documents. It defines 'accessible' mediums and ensures such mediums are permissible for preservation duplicates and official record-keeping in register of deeds offices and other agencies. The bill also updates requirements for retention and security of such records. **POSITION: SUPPORT TESTIMONY WITH CLERK HANSEN; STATUS: PASSED ON A VOTE OF 46-3 AS PART OF LB596.**

The hearing on this bill was held on February 19th, 2026. Testimony in support from the Nebraska Association of County Officials (NACO) and Matt Hansen representing the Lancaster County Clerk’s Office and the Lancaster County Board of Commissioners. No individuals or organizations testified in opposition or in a neutral capacity. The provisions of LB919 have been amended into LB596 via AM2282.

Commissioners – LB923 (Clouse) Changes to County Clerk Duties, Inventory, Warrants, and Discharge Records. The bill revises the duties of county clerks in counties with populations over 150,000, clarifies procedures for inventory management, updates procedures for issuance and record-keeping of county warrants (including new electronic and summary warrant options), and allows for the transfer of veterans' discharge records to the State Archives. It eliminates references to the registration of farm, ranch, or home names and repeals section 23-1313. **POSITION: SUPPORT TESTIMONY WITH CLERK HANSEN; STATUS: PASSED ON A VOTE OF 46-3 AS PART OF LB596.**

The hearing on this bill was held on February 19th, 2026. Testimony in support from the Nebraska Association of County Officials (NACO) and from the Lancaster County Board of Commissioners and Lancaster County Clerk’s Office, represented by Matt Hansen. No opposition or neutral testimony was recorded. The provisions of LB923 have been amended into LB596 via AM2282.

Commissioners – LB896 (Lonowski) Nebraska County Clerk Marriage Records Fee Increases. The bill increases the fees that county clerks in Nebraska may charge for issuing a marriage license and for providing certified copies of marriage records. The fee for the entire marriage license process is raised from \$25 to \$50, and the fee for each certified copy of a marriage record increases from \$9 to \$16. All such fees are to be deposited in the county general fund. **POSITION: SUPPORT; STATUS: PASSED ON A VOTE OF 46-3 AS PART OF LB596.**

The hearing on this bill was held on February 19th, 2026. Testimony in support from the Nebraska Association of County Officials (NACO). No other organizations or individuals testified in opposition or in a neutral capacity.

The provisions of LB896 have been amended into LB596 via AM2282 and advanced to Select File.

Commissioners – LB1021 (Ibach) Changes to Nameplate Capacity Tax: Penalties, Proceeds, and Revenue Distribution. The bill modifies how penalties, interest, and proceeds from the nameplate capacity tax on renewable energy generation facilities are collected and distributed. It introduces changes to penalty collection, administrative cost retention by the Department of Revenue, and restricts counties from retaining revenue for administrative purposes. It also removes prior restrictions on the Department of Revenue regarding retention and allocation of collected revenue. **POSITION: OPPOSE; STATUS: DID NOT PASS.**

The hearing on this bill was held on February 19th, 2026. Testimony in support from the Nebraska Department of Revenue. Testifying in opposition was the Nebraska Association of County Officials (NACO), the Nebraska Farmers Union. No organizations testified in a neutral capacity in person, though one neutral online comment was noted without identifying the organization in the transcript.

Commissioners – LB995 (Rountree) Juvenile Right to Counsel Reform. The legislation amends sections of Nebraska law related to the right to counsel juveniles in court proceedings. It expands mandatory appointment of counsel to cover all juveniles in proceedings under specific statutory subdivisions, regardless of county population. The bill also requires juvenile courts to provide written, accessible materials explaining the right to counsel and sets new procedural safeguards for waiving counsel, including a requirement that written materials are provided before any waiver is accepted. Additional guidance is included for courts to assess the validity of waivers, and the bill prohibits parents or guardians from waiving a juvenile's right to counsel. The circumstances under which waiver is not permitted are reiterated. **POSITION: MONITOR; STATUS: DID NOT PASS.**

The hearing on this bill was held on February 20th, 2026. Testimony in support from Voices for Children in Nebraska; the ACLU of Nebraska; Boys Town; the Nebraska Children's Commission; the Nebraska State Bar Association; and the Nebraska Commission on African American Affairs. Testifying in opposition was the Nebraska County Attorneys Association. No organizations testified in a neutral capacity.

Commissioners – LB1129 (Dover) Community Development Law Modernization and Expansion. The bill revises multiple sections of Nebraska's Community Development Law to allow redevelopment activities and tax increment financing (TIF) within a city's extraterritorial zoning jurisdiction, and to include underdeveloped parcels that have been under city control for more than 25 years as qualifying for redevelopment. The definitions of 'blighted area,' 'substandard area,' and 'extremely blighted area' are broadened.

Criteria for expedited review of small redevelopment projects are updated to include properties within extraterritorial zoning jurisdictions. The bill also amends the requirements for when TIF divisions become effective and clarifies eligibility for projects involving formerly used defense sites. **POSITION: MONITOR; STATUS: PASSED ON A VOTE OF 48-1 AS PART OF LB1135.**

The provisions of LB1129 have been amended into LB1135 via AM2460 and advanced to Select File.

Commissioners – LB1019 (Dorn) Immunity from Trespass Prosecution for County Assessors. The bill grants county assessors immunity from prosecution for trespass when conducting official inspections and reviews of taxable real property, as required by law. However, the immunity does not extend to entering enclosed buildings, which still requires the express permission of the property owner or occupant. The bill clarifies these terms and repeals the previous version of the statute. **POSITION: SUPPORT; DID NOT PASS.**

LB1019 has been advanced by the Government, Military & Veterans Affairs Committee with AM2437.

Commissioners – LB1203 (Clouse) Treatment of Uncashed County Checks. This bill requires county treasurers and clerks to maintain lists of checks that remain uncashed after two years. It stipulates that checks for less than \$100 become void three years after issuance, after which the obligation is removed and funds are credited to the county general fund. Additionally, such voided checks are exempt from Nebraska's Uniform Disposition of Unclaimed Property Act. **POSITION: SUPPORT; STATUS: DID NOT PASS.**

Commissioners – LB1040 (Kauth) Nebraska Mental Health Commitment Act Reform. The bill revises the Nebraska Mental Health Commitment Act to allow a broader range of 'interested parties,' not just county attorneys, to file petitions for civil commitment of individuals believed to be mentally ill and dangerous. It refines definitions, mandates additional information and declarations in petitions, adds procedural protections, and creates penalties for bad faith filings. The bill also updates notification and discovery requirements and alters responsibilities for mental health boards and county attorneys. **POSITION: MONITOR; STATUS: DID NOT PASS.**

Commissioners – LB1084 (Storer) Changes to Emergency Protective Custody and Sex Offender Commitment Procedures. The legislation revises Nebraska's procedures for the emergency protective custody of mentally ill and dangerous persons and dangerous sex offenders. It clarifies that convicted sex offenders taken into emergency protective custody must be admitted to a jail or Department of Correctional Services facility, unless medical or psychiatric emergencies require hospital care. The bill also addresses responsibilities when such actions involve persons domiciled within Indian country, outlining tribal roles and payment arrangements. Additionally, it updates a statutory reference in the Sex Offender Commitment Act to align with these procedural changes. The act is to take effect immediately due to an emergency clause. **POSITION: MONITOR; STATUS: PASSED ON A VOTE OF 46-3 AS PART OF LB816**

The bill has been amended into LB816.

Commissioners – LB1081 (Meyer, G) Requirement for State and Local Agencies to Purchase U.S. Made Flags. The bill requires that, effective January 1, 2027, any flag of the United States or the State of Nebraska purchased with public funds by a state agency or political subdivision must be 100% manufactured in the United States from

domestically grown or produced materials. The requirement does not apply to small or hand-held flags. The bill amends statutes governing state agency and school flag procurement to enforce this new standard. **POSITION: MONITOR; STATUS: DID NOT PASS.**

Commissioners – LB854 (Hunt) Prohibition on Law Enforcement Use of Facial Coverings and Disguises, Identification Requirement. The bill amends Nebraska law to require law enforcement officers to wear visible identification displaying their name, badge number, and agency while performing official duties. Officers are barred from wearing facial coverings or personal disguises that obscure their identity, except under specific circumstances such as covert operations, protection from airborne diseases, bodily fluids, environmental hazards, high-risk situations, underwater activities, or when using clear face shields or motorcycle helmets. Violations constitute a Class III misdemeanor. **POSITION: MONITOR; STATUS: DID NOT PASS.**

Commissioners – LB906 (Juarez) Prohibition of Facial Coverings and Disguises by On-Duty Law Enforcement Officers. The bill defines key terms related to law enforcement identification and facial coverings, and prohibits on-duty law enforcement officers from wearing facial coverings or personal disguises except under specific conditions (such as disease prevention, protection from hazards, covert operations, etc.). Officers must display identification showing their name, badge number, and agency. Agencies must adopt and publicly post compliant policies. Violations may result in a Class III misdemeanor unless a compliant agency policy is in place. Evidence collected or testimony given by officers in violation is generally inadmissible in civil or criminal proceedings. The bill amends the Political Subdivisions Tort Claims Act and State Tort Claims Act to allow claims against officers or agencies for certain intentional torts committed while in violation of these requirements. **POSITION: MONITOR; STATUS: DID NOT PASS.**

LB258	Raybould		Business and Labor 02/24/2025	Approved by Governor 02/10/2026 Strommen Priority Bill	Change provisions relating to the minimum wage under the Wage and Hour Act
Relating to the Wage and Hour Act. Amends sections 48-1203 and 48-1203.01 of the Nebraska Revised Statutes to introduce a youth minimum wage of \$13.50 per hour for individuals aged 14-15. Gradually increases the general minimum wage to \$15 per hour by January 1, 2026, with annual adjustments based on cost-of-living or inflation rates starting in 2027. Revises training wage provisions for employees aged 16-19, setting rates at 75% of the minimum wage during approved on-the-job training periods. Establishes protections against wage reductions or employee dismissals intended to exploit training wage provisions. The Business and Labor Committee's AM272 would increase the youth minimum wage by 1.5% every five years, with the first increase occurring on January 1, 2030. The training wage would increase by 1.5% annually, beginning January 1, 2027.					
LB400	Wordekempe r		Business and Labor 03/10/2025	General File 04/28/2025 Wordekemper Priority Bill	Provide for compensation under the Nebraska Workers' Compensation Act for cancers experienced by firefighters
Relating to the Nebraska Workers' Compensation Act. Expands the act to classify certain cancers as compensable occupational diseases for firefighters. Identifies known carcinogens linked to specific cancers, such as diesel exhaust, formaldehyde, and benzene, while allowing for case-by-case demonstrations of other carcinogens. Establishes a rebuttable presumption that cancer diagnosed during employment or a calculated time period that ranges from not exceeding 60 months (5 years) to not expiring depending on length of employment. Clarifies that a firefighter may not receive any money for the cancer under the Nebraska Workers' Compensation Act other than the medical benefits. Repeals conflicting provisions. AM 702 amends the rebuttable presumption to now require that previous physical exams, either at the time of employment or subsequent, not show any evidence of cancer. The rebuttable presumption shall control the awarding of benefits unless evidence is presented to show the cancer was caused by factors not related to the firefighter's employment. Additional carcinogens have been added to the list of those known to cause cancer.					
LB468	Clements	Oppose Testimony	Revenue 02/05/2025	Select File 05/06/2025 Clements Priority Bill	Change provisions relating to inheritance taxes, change certain fee and tax provisions, and eliminate a sales tax exemption relating to data centers
Relating to revenue and taxation. Proposes various amendments to state revenue laws, including changes to the motor vehicle tax, inheritance tax documentary stamp tax, distribution of taxes relating to car line companies, change fee provision relating to delinquent real estate taxes. Adjusts distributions from insurance premium taxes and other funds to counties. Modifies provisions of the ImagiNE Nebraska Act. Adds a section that beginning July 1, 2025, the State Treasurer shall distribute five million dollars annually from the Securities Act Cash Fund to the counties proportionately in the proportion that the population of each county bears to the entire state, as shown by the last federal decennial census. Removes many qualifications for entitlement to the sales and use tax incentives for data centers. Includes provisions to harmonize existing statutes, repeal obsolete sections, and declare an emergency for immediate implementation. AM874 is a white copy amendment adopted by the committee that strikes and replaces the original sections of LB468. It modifies the state inheritance tax structure by effectively applying a single rate of one percent on the clear market value for all property received by each person exceeding \$100,000. To compensate for the anticipated revenue loss to counties due to this change, the bill increases various taxes and fees, eliminates a sales tax exemption, adjusts allocation percentages of various collected taxes, and adjusts the allocation of tax funds, including funds from the Securities Act Cash Fund, for distribution to the counties proportionately. The bill also provides legislative intent to examine the increases at least once every five years to determine if adjustments are needed. NE Association of County Officials - Unknown

LB596	Sanders		Government, Military and Veterans Affairs 03/13/2025	Passed 04/10/2026 Government, Military and Veterans Affairs Priority Bill	Change requirements for legal publications and notices required by law, provisions of the Open Meetings Act, county inventories, warrants, and discharge records, storage requirements for certain records, petitions to change names, marriage license and record fees, reports of abandoned property, and the Nebraska Hall of Fame and eliminate a penalty for certain public officials and provisions relating to the registration of farm, ranch, or home names

Relating to legal notices. Amends section 25-2228 and repeals the original. Updates requirements for publishing legal notices, allowing publication in digital news platforms without print editions if they meet other legal qualifications.

AM 2282 makes substantive changes to the provisions of LB 596 and also adds provisions from five other bills: LB 896, LB 898, LB 919, LB 923, and LB 1145.

Sections 1, 2, and 3 contains the original provisions of LB 923. Sections 4, 5, 10 and 11 contain provisions from LB 919, amended to harmonize the use of the term "accessible durable medium." Sections 6, 7, 9, and 13 contain provisions from LB 596 as amended by AM 1768. These provisions define "digital newspaper" and "E-edition," and further provide that E-editions of legal newspapers shall be considered legal newspapers under certain circumstances. These sections also provide for the use of digital newspapers for purposes of giving public notice under the open meetings act in localities where no print edition or e-edition of a legal newspaper are published. Section 9 also includes a harmonizing change to a legal rate for publication of legal notices. Section 8 contains the original provisions from LB 896 to change fees relating to marriage licenses and marriage records. Section 12 contains provisions from LB 898, section 3, and from LB 1145, section 1. The provisions from LB 898 are amended to strike all original sections of the introduced bill and to instead provide virtual meeting authorization for three additional public bodies: the Semiquincentennial Commission, the board of trustees of Nebraska State Historical Society, and local foster care review boards. The provisions from LB 1145 are revised to refer to four regular newspaper notices per calendar year and also to accomodate public bodies without regular meetings. Section 14 contains the partial repealer. Section 15 contains the outright repealer from the revised LB 596 and from LB 923.

LB739 and LB869 were also amended into LB596.

LB739 eliminates the distinction in public notice duration for name-change petitions based on the petitioner's age. Previously, adults (19 and older) were required to publish notice for four consecutive weeks and minors for two consecutive weeks. The amendment mandates that notice for all petitioners, regardless of age, must now be published once a week for two consecutive weeks. The bill retains the court's ability to waive notice if publication would endanger the petitioner and maintains other procedural requirements.

LB869 amends procedures for notifying the public of unclaimed property. Instead of requiring publication in an English language newspaper where the last-known address is located or, if no address, in a statewide newspaper, the State Treasurer must now publish annually in each legal newspaper of general circulation in every county. The notice format is also updated: it may list names and counties or use a display ad covering at least 25% of a standard broadsheet describing how to search for unclaimed property. The bill also clarifies that the State Treasurer determines if items under \$50 are published, and replaces gendered language with neutral terms.

NE Association of School Boards- Neutral

As finalized, LB 596 does the following: Updates public meeting notice requirements by allowing digital/e-edition newspaper publication, removing the statewide notice repository requirement, and requiring public bodies to designate how notice will be given and publish meeting schedules quarterly. It also modernizes county records laws (allowing durable digital storage), increases marriage license fees to \$50, allows combining warrants across funds, permits transfer of certain military records to the State Historical Society, and eliminates select outdated requirements (annual supply estimates in large counties and farm name registrations). Additional provisions reduce publication requirements for adult name changes, provide alternative methods for unclaimed property notices, and allow nomination of Tom Osborne to the Nebraska Hall of Fame.

LB727	Kauth		Judiciary 01/22/2026	Passed 04/09/2026 Speaker Priority Bill	Authorize law enforcement agencies to obtain, maintain, and possess epinephrine autoinjectors and nasal epinephrine for use by a law enforcement officer and require training
-------	-------	--	-------------------------	--	---

Summary:

Kissel Kohout ES Associates LLC
Lancaster County Board of Commissioners
109th Legislature, 2nd Regular Session

Document	Senator	Position	Committee	Status	Description
The legislation allows law enforcement agencies in Nebraska to acquire and distribute epinephrine autoinjectors to their officers, provided they complete approved training. Officers may use autoinjectors in emergency situations as part of their official duties. The Department of Health and Human Services is tasked with approving training programs and may adopt rules to implement the section. The bill does not mandate agencies or officers to participate, but enables the option and sets certification requirements. AM 1787 strikes the original section of LB 727 and inserts a new version of that section which adds the option for law enforcement agencies and law enforcement officers to obtain, maintain, and possess and administer nasal epinephrine in addition to the autoinjectors. Nasal epinephrine is defined as a needle free, prescription nasal spray containing epinephrine. As amended/finalized, LB 727 does the following: Authorizes law enforcement agencies to obtain and administer epinephrine in emergency situations, provided officers are properly trained.					
LB764	Holdcroft		Judiciary 01/23/2026	Passed 04/10/2026 Speaker Priority Bill	Provide for certain Department of Correctional Services employees to be law enforcement officers
Summary: The bill explicitly adds employees of the Department of Correctional Services, when designated as law enforcement officers by the department, to the statutory definition of 'law enforcement officer.' It also clarifies the exclusion of other Department of Correctional Services employees from this definition unless specifically designated. The bill further updates references and punctuation to maintain clarity in the law enforcement officer definition. NACO: RWatch					
LB768	Dover		Banking, Commerce and Insurance 02/17/2026	Passed 04/09/2026 Dover Priority Bill	Provide powers for the Nebraska Investment Finance Authority and change provisions relating to the Nebraska Affordable Housing Act, the Rural Workforce Housing Investment Act, and the Middle Income Workforce Housing Investment Act
Summary: The legislation grants the Nebraska Investment Finance Authority new powers to form and manage nonprofit entities to fulfill its mission. It revises the Nebraska Affordable Housing Act by updating fund allocation processes, tightening reporting and recapture rules, and shortening application periods. The bill eliminates the housing advisory committee, adjusts rules for contracts under housing acts, and modifies which buildings must comply with the International Energy Conservation Code, exempting some grant-funded projects not owned or managed by the state. It also authorizes the Department of Economic Development to contract with non-state agents for administration of housing programs and harmonizes related statutory provisions. The committee amendment (AM 2364) contains the provisions of LB 768 as amended by AM 2239 (Sections 1-2, 4-12, and 14 of AM 2364) and also the provisions of one other bill (LB 1246) that was heard by the Banking, Commerce and Insurance Committee and was made part of the committee amendment on an 8-0 vote. LB1246 defines new terms related to public funds and sets out expanded duties for the Nebraska Investment Finance Authority regarding accounting, reporting, and information sharing with state officials. It amends the Nebraska Affordable Housing Act to establish new disbursement procedures, quarterly reporting requirements, annual reporting mandates, and enforcement mechanisms for recipients of affordable housing funds. The bill shifts the numbering of subsections and corrects terminology. These changes are aimed at increasing oversight, transparency, and accountability in the management and use of public and affordable housing funds. NE State Chamber - Support

LB781	Ballard		Transportation and Telecommunications 01/26/2026	Passed with E- Clause 04/10/2026 Speaker Priority Bill	Adopt updates to federal law relating to motor vehicles and motor carriers and change civil penalties against certain motor carriers

The bill systematically updates references throughout Nebraska's motor vehicle statutes to incorporate federal laws, regulations, and standards as they exist on January 1, 2026 (previously January 1, 2025). It also raises maximum civil penalty amounts for certain motor carrier violations, aligning with recent federal changes. The legislation further clarifies requirements for parking signage, dispute resolution standards, and data sharing for commercial drivers. The bill is set to take effect immediately upon passage.

LB803			Revenue 02/25/2026	Passed with E- Clause 04/10/2026 Revenue Priority Bill	Adopt the First-Time Home Buyer Savings Account Act and change provisions relating to the Sports Arena Facility Financing Assistance Act, the Property Tax Growth Limitation Act, the Domestic Violence and Human Trafficking Service Providers Tax Credit Act, property tax valuation and levy procedures, homestead exemptions, and income taxes
-------	--	--	-----------------------	--	--

The bill updates the terminology in Nebraska's property tax law to clarify that 'all persons'—not just 'every person'—required by statute must list and value taxable tangible personal property on forms prescribed by the Tax Commissioner. No substantive procedural changes are made, but the language is modernized and potentially broadened in scope. The bill reiterates annual filing requirements for those seeking exemptions under certain economic incentive acts and maintains forfeiture provisions for late filings. The original section is repealed and replaced with the updated language.

The Committee considered and adopted AM2651, which strikes LB803 and adds LB575 as amended, LB938, LB1116, and LB1154

LB575 limits political subdivisions' ability to increase property taxes when property valuations exceed the valuations from the previous year. The bill would limit the amount of property taxes collected to the same amount collected the previous year unless overridden by a two-thirds majority vote of the governing body. The bill also moves the joint public hearing window from September to July, to allow more time to adjust budgets following public input. These joint public hearings are required whenever a political subdivision is seeking to exceed the allowable growth percentage in its property tax request. LB575 was amended by AM1977 and such amendment is incorporated into the committee amendment.

LB 938 creates the First-Time Home Buyer Savings Account Act, which allows individuals or couples to contribute to a future purchase of a primary residence and to deduct such contributions from their federal adjusted gross income (AGI). Contributions are subject to annual and total contribution limits. There is also an annual reporting requirement, which the Department of Revenue oversees.

LB 1116 amends sections of the Nebraska Revised Statutes to allow second class cities and villages to use funds under the Sports Arena Facility Financing Assistance Act for ten years, up from five years; and changes certain provisions about review of applications by the board and quorum for actions taken by the board under the Act.

LB 1154 amends section 13-3403 of the Property Tax Growth Limitation Act by removing a political subdivision's ability to subtract the prior year's unused property tax request authority from the current year's preliminary property tax request authority. The result is that the unused property tax request authority is included in the calculation for allowable growth and inflation.

NACO: Watch

As amended/finalized, LB 803 does the following: Beginning in 2027, replaces the "pink postcard" tax notice and joint public hearing process with an updated system that incorporates valuation, prior-year tax comparisons, and protest information into the June valuation notice. It also requires the Department of Revenue to provide taxpayers with information on where to find local budget hearing details online. Political subdivisions must hold a hearing and pass a two-thirds (or four-sevenths, depending on board size) vote to increase tax levies. Additional provisions streamline homestead exemption recertification for certain disabled veterans and surviving spouses, address unused budget authority under the property tax cap, authorize first-time homebuyer savings accounts, and extend the timeframe for use of city sports arena funds.

LB826	DeKay	Support Testimony	Revenue 02/11/2026	Passed with E- Clause 04/10/2026 Speaker Priority Bill	Change provisions relating to late applications for homestead exemptions
The bill allows owners to file a late application for a homestead exemption if certification of veteran status from the U.S. Department of Veterans Affairs is received after June 30. It specifies that such late applications must include documentation of the late certification and be filed within the same timeframe as other late applications due to medical conditions or the death of a spouse. The bill also reorganizes subsections for clarity and maintains the requirement for the county assessor to review and decide on late filings within thirty days. The act is declared an emergency and takes effect immediately upon passage. NACO: Support As finalized, LB 826 does the following: Allows late filing of homestead exemption applications when delays are due to late certification of disability status from the U.S. Department of Veterans Affairs, extending the filing deadline to June 30 of the year taxes become delinquent. This aligns with existing provisions that permit late filings due to medical conditions or the death of a spouse.					
LB839	Rountree		Urban Affairs 01/27/2026	Passed 04/10/2026 Rountree Priority Bill	Change reporting requirements under the Municipal Density and Missing Middle Housing Act and provide requirements for projects under the Nebraska Affordable Housing Act
The bill requires cities to include additional information in their biennial reports on affordable housing efforts. Specifically, cities must now report the number of multifamily housing units constructed and issued an initial certificate of occupancy since March 13, 1991, and indicate how many of these qualify as covered multifamily dwellings compliant with the accessibility requirements of the federal Fair Housing Act. The bill also makes a technical renumbering of the final reporting requirement. AM 1865 changes the timeline of such accessible housing units to be reported from those constructed since March 13, 1991 to those constructed since January 1, 2021.					
LB852	Spivey		Revenue 02/06/2026	Passed 04/10/2026 Speaker Priority Bill	Provide for the recapture of funding distributed from the Convention Center Support Fund to certain recipients
The legislation adds a new requirement for recipients of funding from committees overseeing development in high-poverty areas: recipients must keep their principal place of business or primary operations within the area for at least three years following receipt of funds. If a recipient fails to comply, the county may recapture a pro rata share of the funds. Recaptured funds are returned either to the Convention Center Support Fund or a county development fund. The bill also authorizes counties to set policies for enforcement and clarifies that recapture is in addition to any other remedies. These changes are operative January 1, 2027. NACO: RWatch As finalized, LB 852 does the following: Allows counties and cities to recapture certain funds distributed under the Convention Center Facility Financing Assistance Act if recipients in high-poverty areas fail to maintain operations in the area for at least three years, permitting recaptured funds to be returned to the program or redirected to local development funds.					
LB866	Ballard	Neutral	Health and Human Services 01/30/2026	In Committee 01/12/2026 Speaker Priority Bill	Change distribution of the Nebraska Opioid Recovery Trust Fund, create a fund, and provide for drug detection activities
The legislation revises the distribution of funds from the Nebraska Opioid Recovery Trust Fund, expands allowable transfers to include the newly created Drug Detection and Prevention Cash Fund, and establishes the structure and authorized uses of this fund. It specifies annual transfers to various Cash Funds for opioid and drug-related initiatives and sets legislative intent for fund allocation percentages. The bill also empowers the Attorney General to administer the Drug Detection and Prevention Cash Fund, directing its use for statewide law enforcement and education efforts against fentanyl and other illicit drugs. The act is effective immediately upon passage as an emergency measure.

LB867			Health and Human Services 01/23/2026	Passed with E- Clause 04/10/2026 Health and Human Services Priority Bill	Change and eliminate provisions relating to programs and services administered by the Department of Health and Human Services
This legislation enacts broad reforms to statutes administered by the Nebraska Department of Health and Human Services. Key changes include the removal of spousal asset and income designations for Medicaid eligibility and recovery, modification of child care grant funding limits, updated special needs trust regulations, streamlined licensing fingerprint requirements, changes to eligibility for the bridge to independence program for young adults, and expanded use of wholesale drug distributor license fees for prescription drug monitoring. The bill also eliminates requirements and references to now-repealed programs and statutes, particularly those related to Medicaid spousal impoverishment and obsolete public health funds. The Committee considered and adopted a white copy committee amendment. The Standing Committee Amendment, AM 2270, includes LB 867 as amended and incorporates LB845 as amended, LB 733 as amended, and also LB 1144 and LB 1013. LB 845 was introduced as a committee bill. As amended, this bill combines two existing advisory groups—the Alzheimer's Disease and Other Dementia Advisory Council and the Division of Medicaid and Long-Term Care Advisory Committee on Aging—into a single new group called the Aging, Alzheimer, and Dementia Advisory Council which shall consist of seventeen voting members. The requirements about who serves on the council are changed to include an individual or advocate with experience or expertise in aging and special populations. A dedicated fund for the group's work is created. Additionally, the bill eliminates the Alternative Response Advisory Committee and renames the State Advisory Committee on Mental Health Services as the State Advisory Committee on Mental Health and Substance Use Services to better reflect its responsibilities. LB 733 was introduced by Senator Riepe. As amended, this bill changes the name of the Division of Developmental Disabilities of the Department of Health and Human Services to the Division of Disability and Aging of the Department of Health and Human Services. LB 1144 was introduced by Senator Hardin. This bill amends Medicaid statutes to broaden the definition of a “health plan” and establish clearer requirements for claim response and denial procedures. The bill expands the definition of “health plan” to include service benefit plans, managed care organizations, pharmacy benefit managers, and any other entity legally responsible—by law, contract, or agreement—for payment of a health care item or service claim. The bill also requires any entity issuing a health plan to respond to a request from the Department of Health and Human Services (DHHS) regarding a claim for payment if the claim relates to services provided within the preceding three years. The bill prohibits a health plan from denying a claim submitted by DHHS solely due to the date of submission, the type or format of the claim form, or improper documentation, provided that DHHS submits the claim within three years of the service date and initiates action within six years of claim submission. Health plans must provide requested information within thirty days of a DHHS request, absent good cause for delay, and requests for coverage information must identify the individual at issue. LB 1013 was introduced by Senator Hansen. This bill allows for flexibility by the state to use youth rehabilitation and treatment center facilities to house either boys or girls, but not both simultaneously. The state DHHS institutions are: Beatrice State Developmental Center, Lincoln Regional Center, Norfolk Regional Center, and Youth Rehabilitation and Treatment Center–Kearney. The Kearney center is normally single-sex, with other youth facilities ensuring gender separation. In emergencies like natural disasters or damage, facilities may house both genders for up to seven days with safe separation. Treatment for juveniles ordered by the court or deemed necessary must not be delayed.

LB889	Clouse		Judiciary 01/28/2026	Passed 04/10/2026 Clouse Priority Bill	Change a penalty and provisions regulating licensure and registration under the State Electrical Act
The bill changes the penalty for knowingly and willfully committing or directing violations of the State Electrical Act from a Class I misdemeanor to a Class IV felony. The types of violations affected include making false statements in applications, performing unlicensed electrical work, failing to request required inspections, interfering with inspectors, and noncompliance with the Act or board orders.

The committee amendment (AM 2168) strikes and replaces the original sections of LB 889 but retains the felony penalty increase. The amendment makes two additional changes. First, it limits the unlicensed-work violation in § 81-2143 to paid electrical work. Second, it adds a new subsection to § 81-2143 providing that the prohibition on performing paid electrical work without a license does not apply when a person performs paid electrical work for certain family members (a parent, stepparent, spouse, descendant, grandparent, sibling, cousin, aunt, or uncle) whether related by blood, adoption, or marriage.					
LB901			Revenue 02/25/2026	Approved by Governor (E-Clause) 04/07/2026 Revenue Priority Bill	Change the sales and use tax rate and provisions relating to fund distributions
The bill changes the structure of Nebraska's sales and use tax rates, introducing a new rate effective July 1, 2027, and adjusts how proceeds from sales and use taxes are distributed to various state funds, particularly regarding the Highway Trust Fund and Highway Allocation Fund. It also harmonizes and updates related statutory language. The Committee considered and adopted AM 2406, which strikes LB 901, and adds LB 890 as amended, LB 1109 as amended, LB 1110, and LB 1131 as amended. LB 890 increases the Mechanical Amusement Device Tax Act fees and taxes. It also ties future increases of those fees to an inflation index, removing the need for future legislatures to address the increases on a regular basis. The increased fees will fund the Department of Revenue's enforcement activities through their enforcement fund and the increase in occupation taxes will be split between that fund and the General Fund. LB 1109 removes several sales and use tax exemptions covering data center, biochips, cemeteries, game birds, community-based energy development (C-BED) projects, and mineral oil used as a dust suppressant. It also sunsets tax credits for renewable energy and makes such credits non-refundable. The operative date is the beginning of FY26-27 and the bill has an emergency clause. LB 1110 amends the Nebraska Revised Statutes to expand the allowable functions of the Department of Revenue Enforcement Fund to any functions and activities of the Tax Commissioner; redirects certain funds into the Department of Revenue Enforcement Fund; and provides for the provision of certain information between the Department of Health and Human Services and the Department of Revenue. LB 1131 creates the Domestic Violence and Human Trafficking Service Providers Tax Credit Act, a new income tax credit program for the programs and providers assisting victims of domestic violence and human trafficking. It requires the Department of Revenue to issue \$6 million dollars in refundable, transferable income tax credits annually to qualifying tribal programs and nonprofit organizations. LB 1131 also strikes the personal property and sales and use tax exemptions for data centers. As amended/finalized, LB 901 does the following: Generates an estimated \$26 million in state revenue by imposing a 10% excise tax on kratom, eliminating certain sales and personal property tax exemptions (including those for data centers), updating Department of Revenue collection procedures, and increasing taxes on skill-based gaming devices.					
LB905	Arch		Government, Military and Veterans Affairs 02/06/2026	Passed with E-Clause 04/10/2026 Speaker Priority Bill	Change and eliminate provisions relating to boards, commissions, committees, task forces, and funds that terminate
The bill eliminates the Nebraska Potato Development Act and related entities, consolidates numerous advisory committees and task forces (notably in health care, emergency management, infrastructure, and child welfare), and transfers or reassigns their statutory duties to relevant state agencies. It revises and updates definitions, board compositions, and terminology throughout Nebraska statutes, removes outdated references and redundant reporting, and harmonizes language regarding the management of state property, emergency planning, and technology oversight. The act has significant implications for administrative structure, streamlining government operations, and reducing duplicative or obsolete oversight bodies. NACO: RWatch

As finalized, LB 905 does the following: Cleans up inconsistencies from prior legislation consolidating boards and commissions by harmonizing statutory language, including the transfer of duties for the Board of Examiners for County Highway and City Street Superintendents to the Board of Public Roads Classifications and Standards.					
LB935	Bosn	Support Letter	Judiciary 02/18/2026	Passed with E- Clause 04/10/2026 Judiciary Priority Bill	Provide for court fees; change provisions relating to incentives for rural legal practice, protection orders, hearsay, sentencing, support order liens, and paternity proceedings; provide for no-contact periods for victims of certain assaults and civil actions for conduct relating to prohibited content or child exploitation devices; and provide for and change offenses involving mobile tracking devices, stalking, unlawful intrusion, operation of unmanned aircraft systems, and swatting
The legislation revises procedures for awarding attorney's fees and court costs in civil actions, especially those involving political subdivisions (local government entities). It creates a specific process to allow political subdivisions to recover costs and fees if they are subject to frivolous or harassing claims or defenses. The bill also updates key definitions and reorganizes statutory provisions for clarity and consistency.					
The committee amendment (AM 2743) strikes and replaces the original provisions of the bill. AM 2743 includes LB 935 as introduced, and also incorporates LB 789 as amended, LB 876 as amended, LB 978 as amended, LB 1020 as amended, LB 1139 as amended, LB 1199 as amended, and LB 1228 as amended.					
LB 1199 was introduced by Senator Ibach. As amended, the bill expands the population threshold to qualify for funds under the Legal Education for Public Service and Rural Practice Loan Repayment Assistance Act and appropriates funds to the program.					
LB 978 was introduced by Senator Storer. As amended, the bill creates new civil causes of action addressing obscene material, child sexual abuse material (CSAM), and child sexual exploitation devices or images. The bill supplements existing criminal statutes by authorizing private lawsuits and public enforcement actions that may proceed regardless of whether a criminal prosecution occurs.					
LB 876 was introduced by Senator Hallstrom. As amended, the bill creates a new statewide "no-contact period" that applies automatically when a person is arrested for certain domestic or sexual assault offenses. During a no-contact period, the arrested person must avoid the alleged victim. The purpose is to provide immediate, uniform protection in the first few days after an arrest—before the parties can realistically obtain a protection order or the court can act.					
LB 789 was introduced by Senator Bosn. As amended, the bill adds a hearsay exception for a statement offered against a party that wrongfully caused, or intentionally aided another in wrongfully causing, the declarant's unavailability as a witness and did so intending that result.					
LB 1020 was introduced by Senator Bostar. As amended, the bill prohibits the operation of an unmanned aircraft system in restricted areas and makes adjustment to the provisions related to unlawful intrusion through the use of unmanned aircraft systems. This bill also prohibits stalking through the use of mobile tracking devices and makes adjustments to the penalties for stalking. Finally, this bill creates the offense of swatting and establishes penalties.					
LB 1139 was introduced by Senator Hallstrom and relates to liens arising from child support and spousal support orders. Under current law, support judgments generally function as traditional judgment liens that attach to property and remain in place until formally released. As amended, the bill creates payment-based, automatic liens that attach only when a payment becomes due and unpaid and extinguish when the payment is made. The bill also establishes a streamlined process for real estate transfers when the obligor is current.					
LB 1228 was introduced by Senator Holdcroft. As amended, the bill creates a new state docket fee to be assessed as court costs in each civil cause of action and each traffic misdemeanor or infraction filed in the district courts and county courts. The bill also creates a case management systems software fee of \$10.00 that shall be taxed as costs in each civil cause of action and each traffic misdemeanor or infraction filed in the district courts and county courts.					
NACO: Support Letter					
As amended/finalized, LB 935 does the following: Establishes a new \$10 state docket fee on civil cases and traffic matters to support modernization of the JUSTICE case management system, while exempting counties, cities, and villages. It also increases certain court fees as part of a shift toward funding the judicial branch through user fees and allows political subdivisions to recover costs in frivolous lawsuits. Additional provisions create a three-day no-contact period following arrests for domestic or sexual assault, establish penalties for swatting, and prohibit placing tracking devices on another person's property without consent.

-------	--------	----------------------	-------------------------	--	---

The bill creates new felony offenses for sexual abuse by conservators, guardians, guardians ad litem, and child welfare service providers. It expands existing statutes on sexual abuse of inmates and parolees to include probationers and problem solving court participants. The bill updates definitions, adds these new offenses to the Sex Offender Registration Act, and extends notification, eligibility, and victim protection provisions to cover these expanded crimes. It also grants immunity to probation employees who administer opioid overdose reversal medications in good faith.

The committee amendment (AM 2846) strikes and replaces the original provisions of the bill. AM 2846 includes LB 965 as introduced and also incorporates LB 908 as amended, LB 1000 as introduced, LB 818 as introduced, LB 1123 as amended, LB 859 as amended, and LB 785 as amended.

LB 965 was unchanged by AM 2846.

LB 908 was introduced by Senator Storm. As amended, the bill requires a judge to take into account credible evidence showing increased intellectual and social growth in children who have equal access to both parents when developing a parenting plan in divorce proceedings.

LB 1000 was introduced by Senator Prokop. The bill establishes a graduated penalty structure for violations of domestic abuse and sexual assault protection orders by increasing the penalty for a third offense or fourth or subsequent offense.

LB 818 was introduced by Senator Storer. The bill strengthens Nebraska's laws addressing domestic violence and assault by enhancing penalties for the more serious domestic assault offenses and for repeat and high-risk offenders. The bill also enhances penalties for assault by strangulation or suffocation when the offender has a prior comparable conviction, including convictions from other jurisdictions.

LB 1123 was introduced by Senator Bostar. As amended, the bill strengthens due process protections for law enforcement officers in connection with Brady-Giglio disclosures. The bill establishes uniform notice, reconsideration, confidentiality, and review requirements for such disclosures. This bill also strengthens public safety by increasing penalties for impersonating a peace officer.

LB 859 was introduced by Senator Bostar. As amended, this bill permits counties to manage the cost of court-appointed counsel fees by employing county conflict counsel to provide constitutionally-required representation in matters in which the public defender cannot be appointed due to a conflict or other good cause.

LB 785 was introduced by Senator Hallstrom. As amended, the bill adds receptacle keys and locks adopted by a postal service for the deposit and delivery of mail to the list of burglar's tools in section 28-508, provided possession was knowingly and intended to be used in the commission of a crime.

As amended/finalized, LB 965 does the following: Addresses court and law enforcement procedures by allowing counties to hire or contract with conflict counsel for indigent defense when public defenders have conflicts, establishing due process protections before officers are placed on Brady-Giglio lists, increasing penalties for repeat violations of domestic abuse protection orders and domestic assault, and prohibiting individuals in positions of authority (e.g., probation officers, foster parents) from engaging in sexual contact with those in their care.

LB972	Fredrickson	Neutral	Transportation and Telecommunications 01/26/2026	Passed 04/10/2026 Transportation and Telecommunications Priority Bill	Adopt the Recreational Vehicle Industry Regulation Act and change provisions relating to parking spaces for handicapped or disabled persons, certain license revocations, the Motor Vehicle Industry Regulation Act, the Motor Vehicle Operator's License Act, the Motor Vehicle Registration Act, the Motor Vehicle Safety Responsibility Act, the Nebraska Rules of the Road, and the State Boat Act

The bill enacts broad changes to Nebraska's motor vehicle statutes, affecting registration, license plates (including ending and introducing new types), operator licensing, insurance proof, and vehicle titling. Notable changes include replacing license suspensions with revocations in certain criminal cases, requiring new notification and lien extinguishment processes for bonded titles on motorboats, adding a new 'In Transit' definition and process, shifting to electronic SR-22 insurance filings, eliminating the snowmobile safety certificate, and enabling digital/remote license renewals for qualified drivers. The bill also sunsets special interest license plates and introduces 'Choice Color Plates.'

LB972 as amended by AM2260 serves as the carrier bill and was modified to clean up statutory language and harmonize the effective date of In Transits with the transition from two to one license plates requirement passed in LB97 last year by the Legislature (Section 43). The requirement for a bonded certificate of title in a motorboat give notice to any party with a security interest is retained (section 38) as are the requirements for transporter license plates (Section 44). It requires additional information to be provided to the DMV when registering motor vehicles and trailers (Section 45). Special interested license plates will be discontinued beginning January 1, 2029 (Sections 47 and 48) and the DMV will now offer Choice Color Plates (Section 13). The DMV continues to retain the ability to waive testing requirements for motor vehicle operators seeking to reinstate their license after obtaining an ignition interlock permit (Section 56). Operators retain the ability to renew their licenses online or in person (Section 60). Starting January 1, 2027, the DMV will begin transmitting an SR-22 certificate, proof of financial responsibility coverage, to insurance companies electronically (Section 61). Finally, it continues to alter requirements to operate snowmobiles, setting the minimum age at 16 years old (Section 63).

LB922 changes fees related to various motor vehicle dealer licenses in Nebraska (Section 65).

LB1121, Recreational Vehicle Industry Regulation Act (RVIR Act) creates a new class of dealership licenses in Nebraska, a recreational vehicle dealer's license, regulated by the Motor Vehicle Industry Licensing Board (MVLB) (section 5). It describes the information needed on license applications (Section 7) and necessary terms for manufacturer-dealer agreements (section 9), addresses the procedures involved when those agreements are terminated (sections 12-15) and when the terms are changed (sections 17, 19-20).

LB1104 amends section 60-362 to allow the Department of Motor Vehicles (DMV) or the Department of Revenue (DOR) to make a determination that a Nebraska resident is avoiding motor vehicle taxes, fees, registration fees, or sales or use taxes by registering their motor vehicle or trailer in another state (Section 42).

LB738 creates a new type of alternate license plate honor the service of women veterans. It also creates Women Veterans Cash Fund which may be used by the Department of Motor Vehicles (DMV) for events that focus on highlighting women veterans (Sections 49 and 71).

LB769 adds University of Nebraska State Museum License Plates to the list of alternate license plates provided by the Department of Motor Vehicles (Sections 49 and 72). It is designed to promote the museums managed by the University of Nebraska including Ashfalls Fossil Beds, Morrill Hall, and the Trailside Museum.

LB 972 now also contains LB 1099 and LB 786.

LB 1099 creates a new Husker Red specialty license plate, with proceeds directed to the Highway Cash Fund. It amends the statutes outlining the uses of the Highway Cash Fund and the Roads Operations Cash Fund, expanding allowable expenditures, and clarifies that these funds may receive money from any source, including new license plate revenues. Obsolete language about specific required transfers to the Transportation Infrastructure Bank Fund is eliminated. The bill rennumbers and updates provisions relating to other specialty and awareness license plates.

LB 786 expands the types of Military Honor Plates to include specific armed forces branches and reserves, updates the fee allocation structure, and creates the Military Department Aid Fund. The Adjutant General is authorized to award grants from this fund to financially needy uniformed service members. The bill also clarifies eligibility requirements and administrative processes for the plates and fund.

It also reallocates Military Honor plate funds to provide grants for National Guard and Air Guard members, updates trailer registration requirements, transitions to a single In Transit placard ahead of the 2029 one-plate system, authorizes the DMV to address out-of-state vehicle registration used to avoid Nebraska taxes and fees, and expands municipal authority to regulate all-terrain vehicles.					
LB985	DeBoer		Judiciary 01/29/2026	Passed 04/09/2026 Speaker Priority Bill	Change provisions relating to guardians and conservators
The bill amends sections 30-2628 and 30-2655 of the Nebraska Probate Code. It prohibits any individual from accepting appointment as a guardian or conservator if that person already serves as guardian or conservator for twenty individuals. This limit applies to both guardianships and conservatorships. Other provisions regarding the duties and powers of guardians and conservators remain unchanged. The bill does not introduce appropriations. The Committee considered and adopted an amendment (AM 2117) which strikes and replaces the original sections of LB 985 and includes LB 985 as introduced. The committee amendment also incorporates LB 1178 as introduced. LB985 comprises sections 6 and 8 of AM 2117; and LB 1178 comprises sections 1 to 5, 7, and 9 of AM 2117. LB 1178 updates several guardianship and conservatorship provisions in the Nebraska Probate Code to provide that an incapacitated person, ward, minor, or protected person has the right to attend certain court hearings virtually or in person. The bill also codifies certain duties of guardians and adds a new provision authorizing courts to award costs and expenses, including reasonable attorney's fees, in certain guardianship or conservatorship proceedings.

The legislation expands the authority of public power districts and electric cooperatives to include energy storage under eminent domain and operational powers. It introduces and defines 'energy storage resource' and related terms, and establishes application and approval requirements for private electric suppliers seeking to construct or operate energy storage resources. The bill also amends compliance, notice, and violation provisions to include energy storage alongside generation and transmission facilities, clarifying that private suppliers cannot sell retail electricity, operate distribution facilities, or exercise eminent domain. New requirements are established for joint agreements, consents, and development agreements between private and consumer-owned suppliers for energy storage projects. The Committee considered and adopted the Standing Committee Amendment (AM2422) that replaces the original bill. AM2422 includes LB 1010 as amended by AM2350, LB 1064 as amended by AM2392, and LB 1111 as amended by AM2386. As amended by AM 2350, LB1010 no longer requires that the private ESR developer and consumer-owned electric provider with which the developer has a power purchase agreement make a joint application to the PRB and provides that evidence, rather than written notice, of the matters to be reviewed by the PRB must be included with the application. The bill also exempts ESRs that have been approved by the PRB from the exercise of eminent domain by any electric supplier. LB1064, introduced by Senator Bostar, is a new law that creates the Large Load Customer Regulation Act to regulate entities, other than consumer-owned electric utilities, that request a new or expanded interconnection where the total load at a single site would exceed twenty megawatts (20MW).

					The bill defines public power supplier consistent with sections 70-601 and 70-2103 and directs public power suppliers to establish standards for interconnecting large load customers that include a requirement that the large load customer (a) disclose whether the customer is pursuing a substantially similar request for electric service that, if approved, would materially change, delay, or cause the current request to be withdrawn, (b) disclose information about the customer's onsite backup generating facilities, (c) pay a flat rate fee of at least \$100,000 for initial studies for loads greater than 20MW, and an additional study fee if the customer requests additional capacity following the study, with studies to be completed within one-year after the study fee is paid, (d) provide a method for the customer to demonstrate site control for the proposed load location, and (e) financial commitment requirements for the development of transmission and generation infrastructure needed to serve the customer's large load. LB1064 states that a public power supplier is not required to establish a general rate tariff for large load customers and is authorized to establish or negotiate rates, charges, and operating standards that fairly allocate electricity system costs to the large load customer and mitigates operational and resource adequacy risks and the financial risks to other customers without regard to the requirements of section 70-655. LB1064 also requires suppliers to develop a procedure to procure demand response reductions and flexibility from a large load customer and, in the event of an emergency, to require the large load customer to curtail load or to deploy its onsite backup generation for the duration of the emergency condition. LB1111, introduced by Senator M. Cavanaugh, amends sections 70-1025 and 70-1506 to define and establish procedures and rules for developers of data centers with a peak electricity demand of ten megawatts (10MW) or more and requires an annual report from public power regarding intended and existing data centers. The bill defines a data center as a facility with a peak electricity demand of ten megawatts (10MW) or more wherein the primary services are the storage, management, and processing of digital data, and that is used to house computer and network systems for monitoring and managing infrastructure performance, internet-related equipment and services, data communications, connections, environmental controls, fire protection systems, and security systems and services, and adds "data center" to most provisions currently applicable only to "cryptocurrency mining operations". NE State Chamber - Watch NACO: Oppose As amended/finalized, LB 1010 does the following: Establishes new regulatory requirements for energy storage (battery storage) projects by requiring private developers to obtain approval from the Nebraska Power Review Board prior to construction or acquisition. This legislation amends, clarifies, and updates a broad range of Nebraska election statutes. It establishes duties and emergency procedures for village boards, modifies candidate filing and name change rules, refines notification and training requirements for election officials, updates procedures for special elections and election notice publication, revises requirements for early and mail-in voting, restricts access to certain election records, and changes recount procedures and costs. The bill also addresses penalties for election-related offenses and clarifies procedures for school district tax request elections. Several technical and procedural improvements are made, including changes to deadlines, ballot handling, and public inspection of certain records.

As amended/finalized, LB 1075 does the following: Serves as the Secretary of State's annual election omnibus/cleanup bill, incorporating updates to election administration, campaign reporting, and related statutes. It harmonizes rules on the use of post office box addresses in campaign filings, clarifies restrictions on foreign contributions to ballot initiatives, and establishes a statewide financial transparency database developed by the Department of Administrative Services using audit data from local governments. The bill also incorporates provisions related to campaign reporting penalties and unclaimed property, while proposals to allow voting rights for residents in extraterritorial zoning jurisdictions were ultimately not adopted.

--------	--------	--	-------------------------	---	--

This bill adopts the Preventing Lethal Agricultural and National Threats Act and the Critical Infrastructure Protection Act. It criminalizes the unauthorized import of high-risk agricultural pathogens or pests, with heightened penalties for concealment, foreign government involvement, or major economic harm. The bill prohibits companies and governmental entities from entering into agreements that grant foreign adversaries access to critical infrastructure, subject to narrow exceptions approved by the Attorney General. It requires registration, employee vetting, and incident reporting for companies with access to critical infrastructure, and mandates the removal of software or technologies produced or controlled by foreign adversaries. The Attorney General is empowered to enjoin sales or transfers of infrastructure to foreign entities and must maintain a public list of prohibited network-connected technologies. The bill expands public records exemptions to include critical water infrastructure and strengthens enforcement and penalties for communications providers using banned equipment.

The committee adopted AM 2313 and AM 2585 to LB 1096 which were incorporated into a white copy committee amendment (AM 2726). Original sections 6 to 13 of LB 1096 were removed by AM 2726.

The Standing Committee Amendment (AM 2360) amends LB 1114 as introduced and incorporates LB 850, LB 915 as amended, LB 976, LB 981, and LB 1130 as amended into LB 1114.					
LB 1114 amends Section 18-2155 of the Nebraska statutes related to the Community Development Law. The bill changes provisions related to the eligibility of redevelopment plans for expedited review. These eligibility changes include the number of years a structure has been within the corporate limits of a city, reducing such length of time from 60 years to 25 years. The bill also makes an allowance for platted or nonconforming lots of record in an expedited review. AM 2360 makes no changes to the original version of the bill.					
LB 850 amends the Local Option Municipal Economic Development Act to allow cities of the metropolitan and primary classes to use economic development programs for the purpose of the construction or rehabilitation of housing.					
LB 915 changes the number of inland port districts that may be created under the Municipal Inland Port Authority Act from five to six. AM 2265 to LB 915 changes county population eligibility and the number of allowed inland port districts from six to eight.					
LB 976 extends the number years after the first election of SID trustees, when three members of the SID board of trustees shall be elected by the legal property owners residing within such district, and provides that two members shall be elected by all of the owners of real estate located in the district. The bill also requires that contracts with a value of \$50,000 or more can be let by an SID to the lowest responsible bidder.					
LB 981 amends the Nebraska Housing Agency Act to provide prescribed responsibilities for a housing agency for a city of the metropolitan class in response to bed bugs in dwelling units. The bill requires the housing agency to conduct inspections, disclose infestations to prospective tenants, and promptly address reported bed bug issues through professional pest control services. The housing agency is also responsible for maintaining records of all complaints and control measures provided and for the costs of investigation and remediation.					
LB 1130 establishes the Community Improvement District Act, allowing property owners to voluntarily form Community Improvement Districts (CIDs) to finance, construct, and maintain public infrastructure and amenities within city or village limits. AM 2139 to LB 1130 harmonizes language to add references to the new Act or CIDs where applicable from Nebraska Revised Statutes chapters 10, 13, 32, and 77.					
As amended/finalized, LB 1114 does the following: Makes broad updates to urban development laws, including tax increment financing (TIF), inland port authorities, and housing policy. It expands eligibility for expedited review of small ("micro-TIF") projects, authorizes the creation of community improvement districts with taxing and bonding authority for local infrastructure, and increases the number of inland port authorities allowed statewide. It also permits metropolitan-class cities to regulate housing authority code enforcement and inspections. Additionally, it establishes the New Taxpayer Recruitment Grant Act, providing grants of up to \$250,000 to support efforts by cities, tribes, and nonprofits to attract new residents from out of state.

LB1235			General Affairs 02/02/2026	Approved by Governor (E-Clause) 04/07/2026 General Affairs Priority Bill	Change provisions of the Nebraska Liquor Control Act and the Nebraska Medical Cannabis Regulation Act

This bill revises and consolidates the Nebraska Medical Cannabis Patient Protection Act and the Nebraska Medical Cannabis Regulation Act. It creates robust registries for patients, caregivers, and practitioners, sets up a new regulatory commission, defines clear licensing procedures and duties, imposes rules for confidentiality, enforcement, and penalties, enacts a seed-to-sale tracking system, and modifies relevant tax and revenue statutes. Medical cannabis is removed from the state marijuana and controlled substances tax, and sales are taxed with revenues earmarked for school property tax relief. The bill takes immediate effect upon passage.

The Committee considered and adopted an amendment which accomplishes the following: The Standing Committee Amendment (AM 2178) amends LB 1235 and incorporates LB 1085 as amended and LB 1128 as amended into LB 1235.

LB 1235, as amended, strikes the original sections of LB 1235 and reorganizes the Nebraska Medical Cannabis Regulation Act's (Act) structure and administration. LB 1235 redefines the Act to include updated statutory sections and formally establishes the Nebraska Medical Cannabis Commission (Commission) to regulate persons who possess, manufacture, distribute, deliver, and dispense medical cannabis. The Commission is composed of the three members of the Nebraska Liquor Control Commission serving as ex officio members, with the Governor authorized to appoint up to two additional members subject to legislative confirmation. Appointed members serve six-year terms, may be reappointed, and each commissioner receives an annual salary of \$12,500. Additionally, LB 1235, as amended, creates the Nebraska Medical Cannabis Commission Cash Fund (Fund) to receive legislative transfers and all fees, gifts, grants, and other revenues collected under the act, excluding civil penalties. The Fund shall be used for administration and enforcement, with investment of balances as provided by law. The Commission is authorized to establish a fee schedule for applications and registrations, with no fee exceeding \$50,000, and shall require fingerprint-based national criminal history record checks for initial registration applicants.

LB 1085, as amended, was introduced by Senator Clouse and revises the Nebraska Liquor Control Act to revise the definition of "bottle club" to clarify that alcoholic liquor may be consumed "in or upon" the premises. LB 1085 also requires the Liquor Control Commission to consider whether an applicant, or any affiliated licensed entity in which the applicant has an ownership interest, is delinquent in paying federal, state, or local taxes when determining licensure. In addition, LB 1085 expands existing criminal penalties to apply to the unlicensed retail sale of alcoholic liquor, making such conduct subject to the same penalties as the unlicensed manufacture of spirits, and includes a repealer section.

LB 1128, as amended, was introduced by Senator Dover and revises the Nebraska Liquor Control Act to create a "consumption-only" entertainment district license and clarify existing provisions. Local governing bodies may designate areas within an entertainment district where alcohol can be consumed but not sold. Businesses in these areas may apply to the Nebraska Liquor Control Commission (LCC) for a \$25 license fee, which is remitted to the State Treasurer for credit to the Nebraska Liquor Control Commission Rule and Regulation Cash Fund. Licenses are granted if the local governing body has approved the applicant. The license allows patrons to carry alcohol purchased elsewhere into and out of the business, but the business may not sell or serve alcohol and must comply with all applicable laws, including prohibitions on underage drinking. LB 1128 also requires local governing bodies to file any designation or revocation with the LCC, extends consumption and container-marking rules to consumption-only areas, and explicitly includes consumption-only licensees among authorized licensees. The original sections are repealed.

NACO: RWatch

As amended/finalized, LB 1235 does the following: Allows local governments to designate consumption-only areas within entertainment districts, requires the Liquor Control Commission to consider tax delinquency when reviewing bottle club license applications, and authorizes the Nebraska Medical Cannabis Commission to establish application and renewal fees for licensed cannabis establishments.

The bill prohibits consumer-owned utilities in Nebraska from using eminent domain to acquire privately owned electric generation facilities constructed to serve industrial customers with projected new electric loads exceeding 1,000 megawatts, provided several contractual and operational criteria are met. The prohibition applies if the facility is co-located with the industrial customer, is approved by the Nebraska Power Review Board, and specific agreements are in place ensuring the consumer-owned utility's service rights, prohibiting electricity resale, and waiving eminent domain for the contract's duration. The industrial customer must cover all related costs incurred by affected utilities. The restriction applies to contracts entered into on or before December 31, 2031. The committee adopted AM2086 which strikes the word "projected" from line 2 on page 3 of the bill. This amendment would create a dual valuation system for all real property, distinguishing between fair market value (dynamic, determined by the assessor) and taxable market value (used to establish the baseline for tax liability). It would cap annual property tax increases on real property to the percentage change in the Consumer Price Index unless certain triggering events occur (such as sale or new construction). For agricultural land, taxable market value would be set at 75% of fair market value, or 50% for certain school bonds. Amends the Emergency Management Act to allow political subdivisions providing electricity, natural gas, water, or sewer services to directly request statewide emergency proclamations from the Governor without needing county-level approval. Clarifies that such proclamations may cover multiple counties. Provides the Governor with expanded authority to act during emergencies, including directing evacuations, controlling access to disaster areas, and commandeering private property if necessary. Declares an emergency, enabling the act to take immediate effect.
LB575	Hallstrom	Oppose	Revenue 02/20/2025	General File 03/17/2026	Change provisions relating to the Property Tax Request Act and property tax levy limits Relating to property taxes. Amends sections 77-1633 and 77-3442 to revise procedures under the Property Tax Request Act and modify levy limits. Provides that joint public hearings shall now be held between July 14 and July 24. Imposes stricter limitations on levy increases based on prior year property valuations. If the total taxable valuation of property in a political subdivision exceeds the total taxable valuation from the prior year, then the subdivision's levy shall be no more than the levy necessary to raise the exact same amount of property taxes as was raised by the subdivision in the preceding year. A political subdivision may override this levy limit with an affirmative vote of at least 2/3 of the members of its governing body. NE Association of School Boards - Oppose

Amends section 43-2404.02 to revise the distribution and use of state aid for community-based juvenile services. Allocates 10% of the annual General Fund appropriation to support a common data set for evaluating program effectiveness, including recidivism rates. Provides grants for community-based organizations in qualified census tracts with budgets under \$1 million, focusing on juvenile crime prevention before court involvement. Provides criteria for consideration in distributing funds. Provides that the University of Nebraska at Omaha, Juvenile Justice Institute, will assist community-based organizations receiving funds in creating models and developing evaluation metrics.
LB586	Spivey	Neutral Testimony	Government, Military and Veterans Affairs 03/05/2025	In Committee 01/24/2025	Provide assistance for voters who are unable to vote in person and who are residents of or housed in certain facilities Relating to elections. Amends section 32-944 and repeals the original. Establishes provisions for ensuring voting rights for individuals unable to vote in-person due to being housed in facilities such as jails, detention centers, assisted-living facilities, nursing homes, rehabilitation centers, or hospitals. Requires election commissioners or county clerks to collaborate with facility staff to create an election plan facilitating voter registration, ballot delivery, and ballot return. Includes training provisions for facility staff and specifies how voting information and materials must be made accessible to restricted individuals. Imposes penalties for non-compliance by facility staff.
LB612	Andersen	Support Letter	Judiciary 02/13/2025	In Committee 01/24/2025	Require the state to pay fifty percent of the operational costs of county courts Relating to county courts. Amends section 24-514 to require the State of Nebraska to pay 50% of the operational costs of county courts. Repeals prior language requiring reimbursement for computer hardware and software, communication lines, and recording equipment used in court operations. Assigns counties responsibility for any remaining expenses. Property acquired by counties for court operations remains county property.

Defines "measure" as any ordinance, charter provision, or resolution within a county board's legislative authority, excluding actions under the Nebraska Advantage Transformational Tourism and Redevelopment Act. Establishes rules for petition circulators and procedural requirements for implementing initiatives and referendums.
LB636	Ibach	Support Testimony	Government, Military and Veterans Affairs 02/27/2025	In Committee 01/24/2025	Change provisions relating to fees allowed for sheriffs and provide for reimbursement to counties for medical services for jail inmates Relating to counties. Amends sections 77-1720 and 33-117 to allow counties to seek reimbursement from the state for medical costs incurred while providing care to county jail inmates. Defines eligible medical costs and requires claims to be submitted to the Jail Standards Board, which will reimburse counties quarterly based on available appropriations. Limits annual reimbursements to \$21 million statewide and prohibits payments for costs caused by negligence or misconduct of jail staff. Updates fees for sheriffs' services.
LB684	Bostar	Support Testimony	Judiciary 02/28/2025	In Committee 01/24/2025	Transfer juvenile probation functions to a new Juvenile Probation Agency in the executive branch Relating to juvenile probation. Adopts the Juvenile Probation Administration Act, transferring juvenile probation responsibilities from the judicial branch's Office of Probation Administration to the newly created Juvenile Probation Agency under the executive branch, effective July 1, 2026. Establishes the role of Juvenile Probation Administrator, appointed by the Governor with legislative approval, to oversee policies, training, and operations. Defines new procedures for hiring, training, and managing juvenile probation officers and specifies duties such as intake interviews, supervision, and enforcement of probation conditions. Creates two cash funds to support operations: the Juvenile Probation Contractual Services Cash Fund and the Juvenile Probation Program Cash Fund. Transfers existing probation resources, contracts, and personnel to the new agency while maintaining continuity of services. Includes provisions for performance metrics, interlocal agreements, and compliance with federal requirements.
LB734	Hunt	Monitor	Health and Human Services 02/26/2026	In Committee 01/09/2026	Change waiver of work requirements under the Supplemental Nutrition Assistance Program Summary: The bill directs the Department of Health and Human Services to submit an annual application to the USDA for a waiver of SNAP work requirements for homeless individuals, veterans, and foster care individuals (defined as those up to age 24 who were in foster care at age 18 or older). This restores work requirement exemptions for these groups that were removed by recent federal law changes. The bill strikes previous prohibitions on seeking work requirement waivers and discretionary authority for the department to require participation in employment and training programs under SNAP.

LB826	DeKay	Support Testimony	Revenue 02/11/2026	Passed with E- Clause 04/10/2026 Speaker Priority Bill	Change provisions relating to late applications for homestead exemptions
The bill allows owners to file a late application for a homestead exemption if certification of veteran status from the U.S. Department of Veterans Affairs is received after June 30. It specifies that such late applications must include documentation of the late certification and be filed within the same timeframe as other late applications due to medical conditions or the death of a spouse. The bill also reorganizes subsections for clarity and maintains the requirement for the county assessor to review and decide on late filings within thirty days. The act is declared an emergency and takes effect immediately upon passage.					
NACO: Support					
As finalized, LB 826 does the following: Allows late filing of homestead exemption applications when delays are due to late certification of disability status from the U.S. Department of Veterans Affairs, extending the filing deadline to June 30 of the year taxes become delinquent. This aligns with existing provisions that permit late filings due to medical conditions or the death of a spouse.					
LB854	Hunt	Monitor	Judiciary 02/27/2026	In Committee 01/12/2026	Prohibit law enforcement officers from wearing facial coverings or disguises and require them to wear appropriate identification
The bill amends Nebraska law to require law enforcement officers to wear visible identification displaying their name, badge number, and agency while performing official duties. Officers are barred from wearing facial coverings or personal disguises that obscure their identity, except under specific circumstances such as covert operations, protection from airborne diseases, bodily fluids, environmental hazards, high-risk situations, underwater activities, or when using clear face shields or motorcycle helmets. Violations constitute a Class III misdemeanor.					
LB859	Bostar	Support Testimony	Judiciary 02/11/2026	In Committee 01/12/2026	Provide for county conflict counsel to represent certain indigent persons when the public defender is unavailable
The legislation creates a statutory framework for the appointment and use of county conflict counsel—attorneys employed or contracted by counties to represent indigent clients when public defenders have a conflict of interest or other good cause prevents their representation. The bill defines 'county conflict counsel,' mandates notification procedures for their appointment, clarifies their responsibilities, and amends multiple statutes to require that courts appoint county conflict counsel before appointing other private attorneys in applicable cases. The bill also specifies compensation and fee structures, and clarifies when county conflict counsel, rather than other court-appointed attorneys, should be used in criminal, juvenile, and mental health commitment proceedings.

LB935	Bosn	Support Letter	Judiciary 02/18/2026	Passed with E- Clause 04/10/2026 Judiciary Priority Bill	Provide for court fees; change provisions relating to incentives for rural legal practice, protection orders, hearsay, sentencing, support order liens, and paternity proceedings; provide for no-contact periods for victims of certain assaults and civil actions for conduct relating to prohibited content or child exploitation devices; and provide for and change offenses involving mobile tracking devices, stalking, unlawful intrusion, operation of unmanned aircraft systems, and swatting The legislation revises procedures for awarding attorney's fees and court costs in civil actions, especially those involving political subdivisions (local government entities). It creates a specific process to allow political subdivisions to recover costs and fees if they are subject to frivolous or harassing claims or defenses. The bill also updates key definitions and reorganizes statutory provisions for clarity and consistency. The committee amendment (AM 2743) strikes and replaces the original provisions of the bill. AM 2743 includes LB 935 as introduced, and also incorporates LB 789 as amended, LB 876 as amended, LB 978 as amended, LB 1020 as amended, LB 1139 as amended, LB 1199 as amended, and LB 1228 as amended. LB 1199 was introduced by Senator Ibach. As amended, the bill expands the population threshold to qualify for funds under the Legal Education for Public Service and Rural Practice Loan Repayment Assistance Act and appropriates funds to the program. LB 978 was introduced by Senator Storer. As amended, the bill creates new civil causes of action addressing obscene material, child sexual abuse material (CSAM), and child sexual exploitation devices or images. The bill supplements existing criminal statutes by authorizing private lawsuits and public enforcement actions that may proceed regardless of whether a criminal prosecution occurs.

LB 876 was introduced by Senator Hallstrom. As amended, the bill creates a new statewide “no-contact period” that applies automatically when a person is arrested for certain domestic or sexual assault offenses. During a no-contact period, the arrested person must avoid the alleged victim. The purpose is to provide immediate, uniform protection in the first few days after an arrest—before the parties can realistically obtain a protection order or the court can act. LB 789 was introduced by Senator Bosn. As amended, the bill adds a hearsay exception for a statement offered against a party that wrongfully caused, or intentionally aided another in wrongfully causing, the declarant’s unavailability as a witness and did so intending that result. LB 1020 was introduced by Senator Bostar. As amended, the bill prohibits the operation of an unmanned aircraft system in restricted areas and makes adjustment to the provisions related to unlawful intrusion through the use of unmanned aircraft systems. This bill also prohibits stalking through the use of mobile tracking devices and makes adjustments to the penalties for stalking. Finally, this bill creates the offense of swatting and establishes penalties. LB 1139 was introduced by Senator Hallstrom and relates to liens arising from child support and spousal support orders. Under current law, support judgments generally function as traditional judgment liens that attach to property and remain in place until formally released. As amended, the bill creates payment-based, automatic liens that attach only when a payment becomes due and unpaid and extinguish when the payment is made. The bill also establishes a streamlined process for real estate transfers when the obligor is current. LB 1228 was introduced by Senator Holdcroft. As amended, the bill creates a new state docket fee to be assessed as court costs in each civil cause of action and each traffic misdemeanor or infraction filed in the district courts and county courts. The bill also creates a case management systems software fee of \$10.00 that shall be taxed as costs in each civil cause of action and each traffic misdemeanor or infraction filed in the district courts and county courts. NACO: Support Letter As amended/finalized, LB 935 does the following: Establishes a new \$10 state docket fee on civil cases and traffic matters to support modernization of the JUSTICE case management system, while exempting counties, cities, and villages. It also increases certain court fees as part of a shift toward funding the judicial branch through user fees and allows political subdivisions to recover costs in frivolous lawsuits. Additional provisions create a three-day no-contact period following arrests for domestic or sexual assault, establish penalties for swatting, and prohibit placing tracking devices on another person’s property without consent.					
LB951	Ballard	Neutral Testimony	Government, Military and Veterans Affairs	In Committee 01/13/2026 01/22/2026	Include extraterritorial zoning jurisdiction in municipal elections and districts
The legislation mandates that cities and villages in Nebraska redraw their governing board district boundaries to include their extraterritorial zoning jurisdictions by January 1, 2027. Additionally, residents of these areas are to be considered electors of the corresponding city or village, enabling them to vote in municipal elections. These changes apply to metropolitan, primary, first class, second class cities, and villages. The bill creates new felony offenses for sexual abuse by conservators, guardians, guardians ad litem, and child welfare service providers. It expands existing statutes on sexual abuse of inmates and parolees to include probationers and problem solving court participants. The bill updates definitions, adds these new offenses to the Sex Offender Registration Act, and extends notification, eligibility, and victim protection provisions to cover these expanded crimes. It also grants immunity to probation employees who administer opioid overdose reversal medications in good faith. The committee amendment (AM 2846) strikes and replaces the original provisions of the bill. AM 2846 includes LB 965 as introduced and also incorporates LB 908 as amended, LB 1000 as introduced, LB 818 as introduced, LB 1123 as amended, LB 859 as amended, and LB 785 as amended. LB 965 was unchanged by AM 2846. LB 908 was introduced by Senator Storm. As amended, the bill requires a judge to take into account credible evidence showing increased intellectual and social growth in children who have equal access to both parents when developing a parenting plan in divorce proceedings. LB 1000 was introduced by Senator Prokop. The bill establishes a graduated penalty structure for violations of domestic abuse and sexual assault protection orders by increasing the penalty for a third offense or fourth or subsequent offense. LB 818 was introduced by Senator Storer. The bill strengthens Nebraska's laws addressing domestic violence and assault by enhancing penalties for the more serious domestic assault offenses and for repeat and high-risk offenders. The bill also enhances penalties for assault by strangulation or suffocation when the offender has a prior comparable conviction, including convictions from other jurisdictions. LB 1123 was introduced by Senator Bostar. As amended, the bill strengthens due process protections for law enforcement officers in connection with Brady-Giglio disclosures. The bill establishes uniform notice, reconsideration, confidentiality, and review requirements for such disclosures. This bill also strengthens public safety by increasing penalties for impersonating a peace officer. LB 859 was introduced by Senator Bostar. As amended, this bill permits counties to manage the cost of court-appointed counsel fees by employing county conflict counsel to provide constitutionally-required representation in matters in which the public defender cannot be appointed due to a conflict or other good cause. LB 785 was introduced by Senator Hallstrom. As amended, the bill adds receptacle keys and locks adopted by a postal service for the deposit and delivery of mail to the list of burglar's tools in section 28-508, provided possession was knowingly and intended to be used in the commission of a crime. As amended/finalized, LB 965 does the following: Addresses court and law enforcement procedures by allowing counties to hire or contract with conflict counsel for indigent defense when public defenders have conflicts, establishing due process protections before officers are placed on Brady-Giglio lists, increasing penalties for repeat violations of domestic abuse protection orders and domestic assault, and prohibiting individuals in positions of authority (e.g., probation officers, foster parents) from engaging in sexual contact with those in their care.					
LB969	Hallstrom	Support Letter	Government, Military and Veterans Affairs 02/18/2026	In Committee 01/14/2026	Establish a database of financial information from counties and municipalities

LB972	Fredrickson	Neutral	Transportation and Telecommunications 01/26/2026	Passed 04/10/2026 Transportation and Telecommunications Priority Bill	Adopt the Recreational Vehicle Industry Regulation Act and change provisions relating to parking spaces for handicapped or disabled persons, certain license revocations, the Motor Vehicle Industry Regulation Act, the Motor Vehicle Operator's License Act, the Motor Vehicle Registration Act, the Motor Vehicle Safety Responsibility Act, the Nebraska Rules of the Road, and the State Boat Act
The bill enacts broad changes to Nebraska's motor vehicle statutes, affecting registration, license plates (including ending and introducing new types), operator licensing, insurance proof, and vehicle titling. Notable changes include replacing license suspensions with revocations in certain criminal cases, requiring new notification and lien extinguishment processes for bonded titles on motorboats, adding a new 'In Transit' definition and process, shifting to electronic SR-22 insurance filings, eliminating the snowmobile safety certificate, and enabling digital/remote license renewals for qualified drivers. The bill also sunsets special interest license plates and introduces 'Choice Color Plates.'					
LB972 as amended by AM2260 serves as the carrier bill and was modified to clean up statutory language and harmonize the effective date of In Transits with the transition from two to one license plates requirement passed in LB97 last year by the Legislature (Section 43). The requirement for a bonded certificate of title in a motorboat give notice to any party with a security interest is retained (section 38) as are the requirements for transporter license plates (Section 44). It requires additional information to be provided to the DMV when registering motor vehicles and trailers (Section 45). Special interested license plates will be discontinued beginning January 1, 2029 (Sections 47 and 48) and the DMV will now offer Choice Color Plates (Section 13). The DMV continues to retain the ability to waive testing requirements for motor vehicle operators seeking to reinstate their license after obtaining an ignition interlock permit (Section 56). Operators retain the ability to renew their licenses online or in person (Section 60). Starting January 1, 2027, the DMV will begin transmitting an SR-22 certificate, proof of financial responsibility coverage, to insurance companies electronically (Section 61). Finally, it continues to alter requirements to operate snowmobiles, setting the minimum age at 16 years old (Section 63).					
LB922 changes fees related to various motor vehicle dealer licenses in Nebraska (Section 65).					
LB1121, Recreational Vehicle Industry Regulation Act (RVIR Act) creates a new class of dealership licenses in Nebraska, a recreational vehicle dealer's license, regulated by the Motor Vehicle Industry Licensing Board (MVILB) (section 5). It describes the information needed on license applications (Section 7) and necessary terms for manufacturer-dealer agreements (section 9), addresses the procedures involved when those agreements are terminated (sections 12-15) and when the terms are changed (sections 17, 19-20).					
LB1104 amends section 60-362 to allow the Department of Motor Vehicles (DMV) or the Department of Revenue (DOR) to make a determination that a Nebraska resident is avoiding motor vehicle taxes, fees, registration fees, or sales or use taxes by registering their motor vehicle or trailer in another state (Section 42).					
LB738 creates a new type of alternate license plate honor the service of women veterans. It also creates Women Veterans Cash Fund which may be used by the Department of Motor Vehicles (DMV) for events that focus on highlighting women veterans (Sections 49 and 71).					
LB769 adds University of Nebraska State Museum License Plates to the list of alternate license plates provided by the Department of Motor Vehicles (Sections 49 and 72). It is designed to promote the museums managed by the University of Nebraska including Ashfalls Fossil Beds, Morrill Hall, and the Trailside Museum.					
LB 972 now also contains LB 1099 and LB 786.					
LB 1099 creates a new Husker Red specialty license plate, with proceeds directed to the Highway Cash Fund. It amends the statutes outlining the uses of the Highway Cash Fund and the Roads Operations Cash Fund, expanding allowable expenditures, and clarifies that these funds may receive money from any source, including new license plate revenues. Obsolete language about specific required transfers to the Transportation Infrastructure Bank Fund is eliminated. The bill renumbers and updates provisions relating to other specialty and awareness license plates.					
LB 786 expands the types of Military Honor Plates to include specific armed forces branches and reserves, updates the fee allocation structure, and creates the Military Department Aid Fund. The Adjutant General is authorized to award grants from this fund to financially needy uniformed service members. The bill also clarifies eligibility requirements and administrative processes for the plates and fund.

As amended/finalized, LB 972 does the following: Serves as a DMV cleanup bill by creating new specialty license plates (e.g., Back the Blue, Scarlet and Cream, and solid color plates) with revenues directed to designated funds, including support for individuals with developmental disabilities and injured law enforcement personnel. It also reallocates Military Honor plate funds to provide grants for National Guard and Air Guard members, updates trailer registration requirements, transitions to a single In Transit placard ahead of the 2029 one-plate system, authorizes the DMV to address out-of-state vehicle registration used to avoid Nebraska taxes and fees, and expands municipal authority to regulate all-terrain vehicles.

The legislation establishes a civil remedy for individuals whose constitutional rights are violated by law enforcement officers acting under color of law. Qualified immunity and similar defenses are eliminated for these claims. Public employers are generally required to indemnify law enforcement officers unless the officer acted in bad faith or with malicious intent. The bill waives sovereign immunity for these claims, sets a three-year statute of limitations, and specifies that such claims are not subject to the Political Subdivisions Tort Claims Act or the State Tort Claims Act. The legislation amends sections of Nebraska law related to the right to counsel for juveniles in court proceedings. It expands mandatory appointment of counsel to cover all juveniles in proceedings under specific statutory subdivisions, regardless of county population. The bill also requires juvenile courts to provide written, accessible materials explaining the right to counsel and sets new procedural safeguards for waiving counsel, including a requirement that written materials are provided before any waiver is accepted. Additional guidance is included for courts to assess the validity of waivers, and the bill prohibits parents or guardians from waiving a juvenile's right to counsel. The circumstances under which waiver is not permitted are reiterated.

The legislation expands the authority of public power districts and electric cooperatives to include energy storage under eminent domain and operational powers. It introduces and defines 'energy storage resource' and related terms, and establishes application and approval requirements for private electric suppliers seeking to construct or operate energy storage resources. The bill also amends compliance, notice, and violation provisions to include energy storage alongside generation and transmission facilities, clarifying that private suppliers cannot sell retail electricity, operate distribution facilities, or exercise eminent domain. New requirements are established for joint agreements, consents, and development agreements between private and consumer-owned suppliers for energy storage projects.					
The Committee considered and adopted the Standing Committee Amendment (AM2422) that replaces the original bill. AM2422 includes LB 1010 as amended by AM2350, LB 1064 as amended by AM2392, and LB 1111 as amended by AM2386.					
As amended by AM 2350, LB1010 no longer requires that the private ESR developer and consumer-owned electric provider with which the developer has a power purchase agreement make a joint application to the PRB and provides that evidence, rather than written notice, of the matters to be reviewed by the PRB must be included with the application. The bill also exempts ESRs that have been approved by the PRB from the exercise of eminent domain by any electric supplier.					
LB1064, introduced by Senator Bostar, is a new law that creates the Large Load Customer Regulation Act to regulate entities, other than consumer-owned electric utilities, that request a new or expanded interconnection where the total load at a single site would exceed twenty megawatts (20MW).

					The bill defines public power supplier consistent with sections 70-601 and 70-2103 and directs public power suppliers to establish standards for interconnecting large load customers that include a requirement that the large load customer (a) disclose whether the customer is pursuing a substantially similar request for electric service that, if approved, would materially change, delay, or cause the current request to be withdrawn, (b) disclose information about the customer's onsite backup generating facilities, (c) pay a flat rate fee of at least \$100,000 for initial studies for loads greater than 20MW, and an additional study fee if the customer requests additional capacity following the study, with studies to be completed within one-year after the study fee is paid, (d) provide a method for the customer to demonstrate site control for the proposed load location, and (e) financial commitment requirements for the development of transmission and generation infrastructure needed to serve the customer's large load. LB1064 states that a public power supplier is not required to establish a general rate tariff for large load customers and is authorized to establish or negotiate rates, charges, and operating standards that fairly allocate electricity system costs to the large load customer and mitigates operational and resource adequacy risks and the financial risks to other customers without regard to the requirements of section 70-655. LB1064 also requires suppliers to develop a procedure to procure demand response reductions and flexibility from a large load customer and, in the event of an emergency, to require the large load customer to curtail load or to deploy its onsite backup generation for the duration of the emergency condition. LB1111, introduced by Senator M. Cavanaugh, amends sections 70-1025 and 70-1506 to define and establish procedures and rules for developers of data centers with a peak electricity demand of ten megawatts (10MW) or more and requires an annual report from public power regarding intended and existing data centers. The bill defines a data center as a facility with a peak electricity demand of ten megawatts (10MW) or more wherein the primary services are the storage, management, and processing of digital data, and that is used to house computer and network systems for monitoring and managing infrastructure performance, internet-related equipment and services, data communications, connections, environmental controls, fire protection systems, and security systems and services, and adds "data center" to most provisions currently applicable only to "cryptocurrency mining operations". NE State Chamber - Watch NACO: Oppose As amended/finalized, LB 1010 does the following: Establishes new regulatory requirements for energy storage (battery storage) projects by requiring private developers to obtain approval from the Nebraska Power Review Board prior to construction or acquisition. It also imposes reporting and operational requirements on data centers, including annual disclosures on size, location, and resource usage, mandates that operators cover all decommissioning costs, and requires community benefit agreements with impacted communities.

It creates criminal penalties for violations. Stalking penalties are increased by making all violations a Class IIIA felony and eliminating previous misdemeanor gradations. The bill also creates the new offense of swatting, with escalating penalties based on the outcome (misdemeanor to Class IB felony) and mandatory restitution. Definitions related to intrusion and the use of unmanned aircraft (drones) are expanded, and unauthorized drone operation in restricted airspace is criminalized. The requirement for mandatory probation for Class IV felonies is repealed, allowing courts more discretion in sentencing. LB239	Cavanaugh, M.		Health and Human Services 03/05/2025	In Committee 01/16/2025	Change requirements relating to developmental disabilities funding priorities and eliminate a sunset date Relating to developmental disabilities services. Amends sections 83-1216 and 83-1216.02 of the Nebraska Revised Statutes to update priorities and procedures for Medicaid home and community-based services waivers for individuals with developmental disabilities. Residential funding is required for individuals depending on the funding priority group and the individual or legal representative has greater service choice. Enhances transparency by requiring publication of assessment tools and independent review processes. Requires expedited funding for persons in priority one status. Lightens requirements for individuals to meet second, third, and fourth priority funding. Eliminates the June 30, 2025 termination date for specific services provided to individuals aged 21 transitioning from the education system.
LB242	Riepe	Support Letter	Revenue 03/05/2025	In Committee 01/16/2025	Change the Property Tax Growth Limitation Act and the School District Property Tax Relief Act and change provisions relating to budget limitations, municipal occupation taxes, and property tax statements Relating to revenue and taxation. Amends sections of the Property Tax Growth Limitation Act and related statutes to revise calculations for property tax requests and growth limitations in order to raise tax revenue. Adds more ways of land valuation under the definition of allowable growth percentage for property tax calculation purposes. Changes the calculation for the increase in a political subdivision's preliminary property tax authority. Adds ways for a political subdivision to increase its property tax request authority, including: for substance abuse prevention, behavioral health, and opioid use prevention; for matching state and federal grants; and for the amount of taxes needed to replace a revenue stream eliminated or reduced through prior legislative action. Allows political subdivisions to convert accumulated unrestricted tax funds into unused property tax request authority. (Unused authority must not exceed 5% of the total property taxes levied in 2024.) Repeals Neb. Rev. Stat. § 18-1208 allowing for occupation taxes to be imposed after the question is submitted to voters in a special election. The municipality no longer must get approval by election for imposing occupation taxes. Changes how property tax credits are credited against the amount of property taxes owed to school districts. The credit is now multiplied by the current tax year amount, rather than the prior tax year amount. (This will provide tax credit for the municipality.) The county treasurer is now permitted to retain 1% for administration of the tax before disbursement to the county. Declares an emergency for immediate enactment?. LB258	Raybould		Business and Labor 02/24/2025	Approved by Governor 02/10/2026 Strommen Priority Bill	Change provisions relating to the minimum wage under the Wage and Hour Act Relating to the Wage and Hour Act. Amends sections 48-1203 and 48-1203.01 of the Nebraska Revised Statutes to introduce a youth minimum wage of \$13.50 per hour for individuals aged 14-15. Gradually increases the general minimum wage to \$15 per hour by January 1, 2026, with annual adjustments based on cost-of-living or inflation rates starting in 2027. Revises training wage provisions for employees aged 16-19, setting rates at 75% of the minimum wage during approved on-the-job training periods. Establishes protections against wage reductions or employee dismissals intended to exploit training wage provisions. The Business and Labor Committee's AM272 would increase the youth minimum wage by 1.5% every five years, with the first increase occurring on January 1, 2030. The training wage would increase by 1.5% annually, beginning January 1, 2027.
LB272	Dungan		Revenue 01/29/2025	In Committee 01/17/2025	Change provisions relating to homestead exemptions for certain disabled veterans and surviving spouses Relating to revenue and taxation. Expands eligibility for homestead exemptions for certain disabled veterans and their surviving spouses. Beginning January 1, 2026, veterans with a service-connected disability rated between 10% and 100% by the U.S. Department of Veterans Affairs may qualify for a percentage exemption proportional to their disability rating. Previously, only veterans with a permanent disability were eligible. LB276	McKinney		Judiciary 03/20/2025	In Committee 01/17/2025	Adopt the Municipal Police Oversight Act, require maintenance of Brady and Giglio lists, ban no-knock warrants, and change requirements on law enforcement officer records Relating to law enforcement. Adopts the Municipal Police Oversight Act, requiring cities of the metropolitan class to establish citizen police oversight boards by January 1, 2028. These boards, composed of seven community members appointed by the city council (must also be representative of the entire city and not employed by law enforcement), will investigate grievances, complaints, and incidents of police misconduct, evaluate policing practices, and provide recommendations to law enforcement and city officials. The boards have subpoena power and the ability to access police records. Oversight boards may summarily dismiss a complaint without investigation in narrow circumstances. All meetings and written summaries and reports prepared by the oversight board are subject to the Open Meetings Act. Prohibits the issuance of no-knock warrants; requires city, county, and state attorneys to maintain public Brady and Giglio lists identifying officers whose credibility may impair legal proceedings; and mandates the retention and reporting of law enforcement records related to misconduct. Includes an emergency clause for immediate enactment.
LB277	McKinney		Judiciary 03/20/2025	In Committee 01/17/2025	Change provisions relating to grand juries in cases of death during apprehension or custody Relating to deaths involving officer conduct. This bill mandates the appointment of a special prosecutor in cases involving deaths occurring during apprehension by, or in the custody of, law enforcement officers or detention personnel. The special prosecutor must have at least five years of criminal litigation experience and will assemble a team of three homicide investigators, with at least two from outside the jurisdiction of the incident. Law enforcement or detention personnel involved in such incidents are prohibited from returning to duty until the grand jury concludes its investigation.
LB283	Spivey		Health and Human Services 03/13/2025	In Committee 01/17/2025	Require the Department of Health and Human Services to implement express lane eligibility Relating to the Medical Assistance Act. This bill requires the Department of Health and Human Services (DHHS) to amend the Medicaid and Children's Health Insurance Program (CHIP) state plans to implement express lane eligibility by October 1, 2025. This eligibility option will allow the Division of Children and Family Services to use Supplemental Nutrition Assistance Program (SNAP) data to streamline Medicaid and CHIP enrollment, redeterminations, automatic enrollment, and renewals for eligible children. The amended plans must take effect no later than January 1, 2026, and DHHS must maximize federal funding opportunities to implement these changes.

LB438	Spivey		General Affairs 03/10/2025	In Committee 01/23/2025	Allow an authorized gaming operator to conduct sports wagering by means of an online sports wagering platform under the Nebraska Racetrack Gaming Act and change the distribution of taxes collected from sports wagering Relating to gambling. Amends sections 9-1204, 9-1103, and 9-1110 of the Revised Statutes of Nebraska. The bill authorizes sports wagering via online platforms under the Nebraska Racetrack Gaming Act, permitting authorized gaming operators to offer online sports wagering on an online platform alone or in partnership with up to one online platform provider. Bettors must be located in the state of Nebraska. It establishes controls and oversight requirements for such online platforms who partner with authorized gaming operators. Adjusts tax revenue distribution for sports wagering, allocating funds to the Compulsive Gamblers Assistance Fund, Racetrack Gaming Fund, Property Tax Credit Cash Fund, General Fund, and Education Future Fund. Aims to expand regulated gaming while ensuring accountability and supporting public programs.
LB439	Spivey		Revenue 02/28/2025	In Committee 01/23/2025	Adopt the Property Tax Circuit Breaker Act Relating to revenue and taxation. Amends section 77-2715.07 and enacts the Property Tax Circuit Breaker Act. Establishes a refundable income tax credit for qualifying taxpayers whose property taxes or rent exceed 5% of their federal adjusted gross income. The refundable income tax credit is calculated as the total amount of property taxes or rent paid less 5% of federal adjusted gross income multiplied by 50%. The credit is capped at \$4,000 for general taxpayers and \$5,000 for seniors aged 65 or older. Eligibility requires the individual to reside at the property for at least 6 months of the taxable year. Property tax credits are calculated based on taxes or rent paid on primary residences, with limits on taxable value. Includes provisions for application, certification, and administrative rules by the Department of Revenue.
LB441	Spivey		Urban Affairs 02/04/2025	Approved by Governor 02/25/2026	Authorize virtual inspections for certain building permits under the Building Construction Act Relating to the Building Construction Act. Amends section 71-6401 to allow virtual inspections for certain building permits. Authorizes virtual inspections for residential buildings under three stories and less than 10,000 square feet, provided the permit holder provides a list of onsite personnel who are completing the work and participates live with an authorized inspector. Nonstructural re-inspections may be completed using video or photo documentation. Requires all building inspections to be conducted by authorized inspectors and mandates that inspection records be made publicly available if the structure is still standing. Aims to modernize inspection practices while ensuring transparency and accountability.
LB443	Von Gillern		Judiciary 03/05/2025	In Committee 01/23/2025	Create the offense of unlawful squatting and provide a penalty Relating to crimes and offenses. Amends section 28-101 to establish the offense of unlawful squatting. Defines unlawful squatting as residing on another's property with the intent to claim ownership or appropriate property without the owner's knowledge or consent. Law enforcement officers are required to issue a warning citation if probable cause exists, including signs of abandonment or nonpermanent structures. Recipients of citations must provide valid documentation of residency within three business days or face arrest. If sufficient documentation is not provided, convictions result in a Class I misdemeanor.
LB445	Von Gillern		Government, Military and Veterans Affairs 02/05/2025	In Committee 01/23/2025	Adopt the State Building Construction Alternatives Act and change and eliminate provisions regarding planning, bidding, construction, and procurement of art for state buildings Relating to state buildings. Amends sections 72-803, 2 73-307, 81-1108.15, 81-1701, 82-316, 85-106, and 85-304. Enacts the State Building Construction Alternatives Act, providing the State Building Division with alternative methods of contracting for state buildings. The State Building Division may solicit and execute design-build and construction manager-general contractor contracts for state building projects. The State Building Division shall adopt guidelines for entering into such design-build or construction manager-general contractor contracts. Establishes processes for qualification, proposal evaluation, contract negotiation, and bidding processes. Excludes specific entities like the University of Nebraska and state colleges. Adjusts bidding and reporting procedures for public works projects and eliminates provisions mandating art procurement for new state buildings.

LB447	Cavanaugh, J.		Urban Affairs 02/18/2025	In Committee 01/23/2025	Provide certain requirements for redevelopment contracts under the Community Development Law Relating to the Community Development Law. Amends sections 18-2103 and 18-2119 to include wage and apprentice requirements in redevelopment contracts for certain projects. Mandates that laborers and mechanics employed on redevelopment projects that include the division of taxes as provided in section 18-2147 and that involve real property located in a county with a population of 60,000 or more be paid prevailing wages as determined by federal standards. Requires at least 15% of construction labor hours on such projects to be performed by qualified apprentices, subject to any applicable federal or Nebraska Department of Labor apprenticeship-to-journeyworker ratios. For those who employ four or more individuals on such projects, at least one or more qualified apprentices must be employed on the job. Establishes provisions for apprenticeship requests and exceptions if programs cannot supply apprentices.
LB448	Dungan		Judiciary 03/14/2025	In Committee 01/23/2025	Provide for postconviction relief for a claim of actual innocence, change provisions relating to time limitations, required disclosures, and procedural defaults, and name the Postconviction Relief Act Relating to postconviction relief. Amends sections 29-3002, 29-3003, 29-3004, and 29-3915. Names the Postconviction Relief Act, which provides a framework for prisoners to seek relief based on (1) alleged violations of rights of the prisoner that would render a judgment void or voidable under the Constitution of Nebraska or Constitution of the United States or (2) actual innocence. Defines "actual innocence" and establishes evidentiary standards. Allows courts to waive procedural defaults or time limits to prevent manifest injustice in such cases. Provides access to law enforcement, trial, and prosecutorial files for postconviction motions and permits discovery to aid in case preparation.
LB449	Fredrickson		Transportation and Telecommunications 02/10/2025	In Committee 01/23/2025	Change provisions relating to the priority of projects and requirements of the state highway system plan Relating to the state highway system. Amends section 39-1365.01 to update the requirements for the state highway system plan. Requires the State Highway System Plan to include the designation of portions of the state highway system that are expressways and to account for highway revenue raised by each district specified in section 39-1102. At least 70% of revenue raised in each district shall be allocated to projects within that district.
LB450	Fredrickson		Urban Affairs 02/11/2025	In Committee 01/23/2025	Change provisions relating to the Property Assessed Clean Energy Act Relating to the Property Assessed Clean Energy Act. Amends sections 13-3202, 13-3203, and 13-3204 to expand clean energy financing options for municipalities. Updates legislative findings to emphasize grid resiliency as critical for economic development and public health. Redefines terms to include grid resiliency improvements, such as backup generators and smart grid technologies.
LB458	Bostar		Revenue 01/30/2025	In Committee 01/23/2025	Change provisions relating to tax sale certificates, real property sold for delinquent taxes, certain tax-related foreclosure actions, and land banks and adopt the Permitting Approval Timeliness Act and the By-Right Housing Development Act Relating to land use and property. Enacts the Permitting Approval Timeliness Act and the By-Right Housing Development Act. The Permitting Approval Timelines Act establishes a 60-day deadline for governmental entities to process permit applications, automatic approval for delays, and independent court review for permitting authority denials. The By-Right Housing Development Act promotes affordable housing by allowing single-family, multifamily, and accessory dwelling units without discretionary review if zoning requirements are met. Mandates cities allow duplexes and manufactured homes where single-family homes are permitted. Provides that the provisions apply to municipalities, but not private restrictive covenants. Clarifies that municipalities may still regulate short-term rentals. Updates land bank and property tax foreclosure laws to streamline processes, increases and clarifies fees surrounding condemned real property, and changes and clarifies provisions related to transfers of vacant and abandoned properties. Contains an emergency clause for immediate enactment.
LB459	Conrad		Natural Resources 02/06/2025	In Committee 01/23/2025	Establish the Home Weatherization Clearinghouse within the Department of Environment and Energy Relating to home weatherization. Establishes the Home Weatherization Clearinghouse within the Department of Environment and Energy. Serves as a central hub for coordinating grants, loans, and funding for home weatherization and whole-home rehabilitation projects. Focuses on streamlining efforts among state, local, and federal agencies to enhance housing quality and maximize the receipt of federal funds. Prioritizes funding for projects that achieve comprehensive home rehabilitation. Limits administrative costs for public and nonprofit entities administering such grants to 10% of program costs unless otherwise required by funding guidelines.

Amends various statutes to redefine child abuse and neglect, revise reporting and investigation requirements, and change juvenile court jurisdiction and termination of parental rights. Introduces protections for parents or guardians who allow minors with sufficient maturity and ability to engage in independent activities, such as traveling alone, playing outdoors, or staying at home unattended. Updates the definitions of child abuse and neglect. Defines mandatory reporter. Requires mandatory reporters to complete training on child abuse, neglect, implicit bias, and trauma-informed responses by October 1, 2027. Requires the Department of Health and Human Services to create a free, publicly available online training for all persons required to report child abuse or neglect. Amends juvenile court jurisdiction and termination of parental rights to reflect new standards.
LB464	Bosn		Judiciary 03/05/2025	In Committee 01/23/2025	Create the offense of organized retail crime and provide penalties under the Nebraska Criminal Code Relating to crimes and offenses. Amends section 28-101 and repeals the original. Prohibits organized retail crime, defined as theft of retail merchandise with intent to resell, distribute, or reenter the merchandise into commerce. Establishes level of violation based on the aggregated retail value of the stolen merchandise: a Class IIA felony for values of \$5,000 or more, a Class IV felony for values between \$1,500 and \$5,000, and a Class I misdemeanor for values between \$500 and \$1,500. Subsequent offenses for misdemeanor violations may be escalated to a Class IV felony. Clarifies aggregation rules for related thefts. Adds it is not a defense to a violation of the act if the retail merchandise was not stolen, embezzled, or converted property at the time of the violation if the merchandise was explicitly represented as being stolen, embezzled or converted property.
LB466	Bosn		Judiciary 03/27/2025	In Committee 01/23/2025	Redefine a term under the Nebraska Juvenile Code Relating to juvenile justice. Amends section 43-245 of the Nebraska Juvenile Code to redefine terms. Clarifies definitions in the Nebraska Juvenile Code. Specifically changes definition of young adult from “under” to “younger than” twenty-one years of age. Repeals the original section.
LB468	Clements	Oppose Testimony	Revenue 02/05/2025	Select File 05/06/2025 Clements Priority Bill	Change provisions relating to inheritance taxes, change certain fee and tax provisions, and eliminate a sales tax exemption relating to data centers Relating to revenue and taxation. Proposes various amendments to state revenue laws, including changes to the motor vehicle tax, inheritance tax documentary stamp tax, distribution of taxes relating to car line companies, change fee provision relating to delinquent real estate taxes. Adjusts distributions from insurance premium taxes and other funds to counties. Modifies provisions of the ImagiNE Nebraska Act. Adds a section that beginning July 1, 2025, the State Treasurer shall distribute five million dollars annually from the Securities Act Cash Fund to the counties proportionately in the proportion that the population of each county bears to the entire state, as shown by the last federal decennial census. Removes many qualifications for entitlement to the sales and use tax incentives for data centers. Includes provisions to harmonize existing statutes, repeal obsolete sections, and declare an emergency for immediate implementation. AM874 is a white copy amendment adopted by the committee that strikes and replaces the original sections of LB468. It modifies the state inheritance tax structure by effectively applying a single rate of one percent on the clear market value for all property received by each person exceeding \$100,000. To compensate for the anticipated revenue loss to counties due to this change, the bill increases various taxes and fees, eliminates a sales tax exemption, adjusts allocation percentages of various collected taxes, and adjusts the allocation of tax funds, including funds from the Securities Act Cash Fund, for distribution to the counties proportionately. The bill also provides legislative intent to examine the increases at least once every five years to determine if adjustments are needed. NE Association of County Officials - Unknown

LB488	Hallstrom		Judiciary 02/19/2025	In Committee 01/23/2025	Require a peace officer to assume custody of a probationer or temporary custody of a juvenile upon request by a probation officer Relating to the administration of justice. Requires peace officers, when called upon, to assume custody of probationers or temporarily detain juveniles upon request from probation officers if there is a reasonable belief a condition of their probation is about to be violated. Applies to juveniles, probationers sentenced for a felony, and a probationer sentenced for a misdemeanor. Harmonizes provisions and repeals conflicting statutes.
LB494	Dorn		Revenue 03/06/2025	In Committee 01/23/2025	Change provisions relating to the School District Property Tax Relief Act and transfers of General Fund net receipts to the Cash Reserve Fund and the School District Property Tax Relief Credit Fund Relating to revenue and taxation. Amends sections 77-4602, 77-7304, and 77-7305 of the Revised Statutes. Revises provisions concerning the transfer of General Fund net receipts to the Cash Reserve Fund and the School District Property Tax Relief Credit Fund. Requires the Tax Commissioner to determine the General Fund net receipts for the most recently completed fiscal year minus 103% of the actual general fund net receipts from the prior fiscal year. Depending on whether this number is positive or negative and whether the forecast and actual General Fund net receipts align determines where the money will be transferred. The money may be transferred to the Cash Reserve Fund, the School District Property Tax Relief Credit Fund, or both funds depending on the result. The changes also clarify the minimum (rather than total) amount of property tax credit to be granted by the changes. Contains an emergency clause for immediate enactment. Amends section 60-6,111 of the Nebraska Revised Statutes to modify provisions regarding animals and livestock being led or driven on highways. Requires motor vehicle operators to exercise caution when approaching or passing individuals herding livestock on highways. Mandates that drivers stop their vehicles if signaled by a person herding livestock, unless moving is necessary to prevent an accident. Allows drivers to be requested to turn off their engines and requires yielding the right of way to livestock.
LB503	Bosn	Support	Revenue 02/19/2025	In Committee 01/23/2025	Authorize the designation of American energy friendly counties and change provisions relating to privately developed renewable energy generation facilities and the nameplate capacity tax Relating to privately developed renewable energy generation facilities. Amends section 77-6203 to establish "American energy friendly county" designations for counties supporting renewable energy development. Eligible counties benefit from additional local tax revenue from the owners of privately developed renewable energy generation facilities. To pursue a designation, the county board may either by resolution apply to the department for a county designation or submit the question of whether to apply to the voters of the county. To qualify, the county must permit privately developed renewable energy facilities by right in all zoning areas that allow structures of any type by right, and abide by other requirements. The owner of a privately developed renewable energy generation facility in such a county must pay a nameplate capacity tax of 1.5 times the standard rate for new facilities. Introduces a grant program to assist counties with associated costs. Updates other tax provisions related to the nameplate name tax.

LB532	Kauth		Business and Labor 03/03/2025	General File 03/19/2025	Require employers to use E-Verify, prohibit knowingly hiring an unauthorized alien, and provide for discipline against employers' licenses Relating to Employment Verification and Immigration. Requires all employers with 25 or more employees working for twenty or more calendar weeks to use the federal E-Verify system to confirm the work eligibility of newly hired employees and imposes penalties for violations. Establishes public websites to help employers in complying and maintains a public database of violations on the website. Prohibits knowingly hiring unauthorized aliens and imposes penalties for violations, including license probation, suspension, or fines. Operative date is January 1, 2026. Ensures alignment with federal immigration laws. The Standing Committee's AM692 incorporates LB397 and LB544 into the legislation. LB397 amends the Nebraska Workers' Compensation Act ("Act") to remove the requirement of employers subject to the Act to have a safety committee. Employers have been required to have a safety committee since 1994. The safety committees created and maintained written injury prevention programs for each employer. The safety committees are assisted and supported by the Workplace Safety Consultation Program Cash Fund ("Fund"). Employers would no longer be required to have one to be considered in good faith and entitled to be covered by workers' compensation insurance pursuant to the Act, and remaining funds are to be transferred to the General Fund. LB544 requires that individuals who are receiving unemployment benefits to respond to job offers and to show up to job interviews. If they fail to respond to job offers or interviews within one week or fail to show up to an interview without notifying the possible employer of their need to cancel or reschedule, the individuals will lose unemployment benefits for the week. Relating to elections. Amends section 32-944 and repeals the original. Establishes provisions for ensuring voting rights for individuals unable to vote in-person due to being housed in facilities such as jails, detention centers, assisted-living facilities, nursing homes, rehabilitation centers, or hospitals. Requires election commissioners or county clerks to collaborate with facility staff to create an election plan facilitating voter registration, ballot delivery, and ballot return. Includes training provisions for facility staff and specifies how voting information and materials must be made accessible to restricted individuals. Imposes penalties for non-compliance by facility staff.					
LB588	Conrad		Health and Human Services 03/13/2025	In Committee 01/24/2025	Require the maximum level of monthly assistance to be tied to the annual inflation factor for aid to dependent children
Relating to public assistance. Amends section 43-512 and repeals the original. Modifies the determination of maximum monthly assistance levels under the Aid to Dependent Children program by tying the calculation to an annual inflation factor instead of a fixed percentage of the standard of need. Retains all other provisions.					
LB594	Prokop		Transportation and Telecommunications 02/24/2025	In Committee 01/24/2025	Change and eliminate provisions relating to the use of handheld wireless communication devices while operating a motor vehicle
Relating to motor vehicles. Amends section 60-6,179.01 and repeals the original. Expands restrictions on handheld wireless communication device use while operating a motor vehicle. Prohibits holding, supporting, or using such devices in any manner while driving, unless initiating a function with a single touch or using the device hands-free. Maintains exceptions for emergency personnel and utility workers responding to emergencies. Repeals a provision providing that violations are cited only if another offense occurs.					
LB596	Sanders		Government, Military and Veterans Affairs 03/13/2025	Passed 04/10/2026 Government, Military and Veterans Affairs Priority Bill	Change requirements for legal publications and notices required by law, provisions of the Open Meetings Act, county inventories, warrants, and discharge records, storage requirements for certain records, petitions to change names, marriage license and record fees, reports of abandoned property, and the Nebraska Hall of Fame and eliminate a penalty for certain public officials and provisions relating to the registration of farm, ranch, or home names
Relating to legal notices. Amends section 25-2228 and repeals the original. Updates requirements for publishing legal notices, allowing publication in digital news platforms without print editions if they meet other legal qualifications.					
AM 2282 makes substantive changes to the provisions of LB 596 and also adds provisions from five other bills: LB 896, LB 898, LB 919, LB 923, and LB 1145.					
Sections 1, 2, and 3 contains the original provisions of LB 923. Sections 4, 5, 10 and 11 contain provisions from LB 919, amended to harmonize the use of the term "accessible durable medium." Sections 6, 7, 9, and 13 contain provisions from LB 596 as amended by AM 1768. These provisions define "digital newspaper" and "E-edition," and further provide that E-editions of legal newspapers shall be considered legal newspapers under certain circumstances. These sections also provide for the use of digital newspapers for purposes of giving public notice under the open meetings act in localities where no print edition or e-edition of a legal newspaper are published. Section 9 also includes a harmonizing change to a legal rate for publication of legal notices. Section 8 contains the original provisions from LB 896 to change fees relating to marriage licenses and marriage records. Section 12 contains provisions from LB 898, section 3, and from LB 1145, section 1. The provisions from LB 898 are amended to strike all original sections of the introduced bill and to instead provide virtual meeting authorization for three additional public bodies: the Semiquincentennial Commission, the board of trustees of Nebraska State Historical Society, and local foster care review boards. The provisions from LB 1145 are revised to refer to four regular newspaper notices per calendar year and also to accomodate public bodies without regular meetings. Section 14 contains the partial repealer. Section 15 contains the outright repealer from the revised LB 596 and from LB 923.					
LB739 and LB869 were also amended into LB596.					
LB739 eliminates the distinction in public notice duration for name-change petitions based on the petitioner's age. Previously, adults (19 and older) were required to publish notice for four consecutive weeks and minors for two consecutive weeks. The amendment mandates that notice for all petitioners, regardless of age, must now be published once a week for two consecutive weeks. The bill retains the court's ability to waive notice if publication would endanger the petitioner and maintains other procedural requirements.

LB869 amends procedures for notifying the public of unclaimed property. Instead of requiring publication in an English language newspaper where the last-known address is located or, if no address, in a statewide newspaper, the State Treasurer must now publish annually in each legal newspaper of general circulation in every county. The notice format is also updated: it may list names and counties or use a display ad covering at least 25% of a standard broadsheet describing how to search for unclaimed property. The bill also clarifies that the State Treasurer determines if items under \$50 are published, and replaces gendered language with neutral terms.					
NE Association of School Boards- Neutral					
As finalized, LB 596 does the following: Updates public meeting notice requirements by allowing digital/e-edition newspaper publication, removing the statewide notice repository requirement, and requiring public bodies to designate how notice will be given and publish meeting schedules quarterly. It also modernizes county records laws (allowing durable digital storage), increases marriage license fees to \$50, allows combining warrants across funds, permits transfer of certain military records to the State Historical Society, and eliminates select outdated requirements (annual supply estimates in large counties and farm name registrations). Additional provisions reduce publication requirements for adult name changes, provide alternative methods for unclaimed property notices, and allow nomination of Tom Osborne to the Nebraska Hall of Fame.					
LB600	DeBoer		Judiciary 03/28/2025	In Committee 01/24/2025	Change provisions relating to the Nebraska Rules of the Road and the Automatic License Plate Reader Privacy Act
Relating to motor vehicles and road safety. Amends multiple sections of Nebraska law, including the Nebraska Rules of the Road, to establish new safety protocols and enforcement measures. Authorizes the use of speed control enforcement systems that take pictures of speed limit violations in school crossing and highway work zones. Expands the Department of Transportation's authority to remove vehicles and objects obstructing highways and grants immunity for damage caused during such removals. Updates speed limit provisions and allows temporary reductions in maximum speed limits in certain situations. Imposes civil fees for violations. Includes severability and repeals conflicting provisions.					
LB604	Storm		Government, Military and Veterans Affairs 02/20/2025	In Committee 01/24/2025	Change provisions regarding initiative and referendum petitions
Relating to initiative and referendum measures. Amends sections 32-1405 and 32-1412 to revise procedural requirements and timelines for filing and challenging initiative and referendum petitions. Mandates the Secretary of State to post online notice of petitions in circulation and state reasons for refusing ballot placement (other than for insufficiency of signatures) within the same notice. Failure to give notice waives the Secretary of State's defense. Grants the district court of Lancaster County jurisdiction over related disputes and power to declare the ballot legally removed. If the issue does not involve signature collection, the Supreme Court must hear the case if practicable and petitioned at least one of the parties. Allows either party to argue that there is substantive facial insufficiency to bring a claim. This argument may also be the party's only argument.					
LB607	Bostar		Natural Resources 02/27/2025	In Committee 01/24/2025	Adopt the Environmental Stewardship of Batteries Act, the Extended Producer Responsibility Data Collection Act, and the Minimum Recycled Content Act, and change provisions relating to the Integrated Solid Waste Management Act, the Environmental Protection Act, and the Waste Reduction and Recycling Incentive Fund
Relating to environmental stewardship and solid waste management. Adopts three new acts: the Environmental Stewardship of Batteries Act, the Extended Producer Responsibility Data Collection Act, and the Minimum Recycled Content Act. Adjusts disposal fees under the Integrated Solid Waste Management Act and provides for penalties for noncompliance. Introduces regulatory requirements for manufacturers, sellers, and recyclers of batteries. Implements mandates for producer participation in stewardship programs, ensuring proper recycling, collection, and reuse practices. Establishes new oversight measures through the Department of Environment and Energy. Specifies rules for funding and administrative oversight, with operative provisions phased in through 2028.					
LB611			Urban Affairs 02/18/2025	In Committee 01/24/2025	Adopt updates to building and energy codes
Relating to building and energy codes. Updates Nebraska's state building code to incorporate the 2021 editions of the International Building Code, International Residential Code, and International Energy Conservation Code, with specific section exceptions. Requires all new state buildings to meet the 2021 energy conservation standards.					
LB612	Andersen	Support Letter	Judiciary 02/13/2025	In Committee 01/24/2025	Require the state to pay fifty percent of the operational costs of county courts
Relating to county courts. Amends section 24-514 to require the State of Nebraska to pay 50% of the operational costs of county courts. Repeals prior language requiring reimbursement for computer hardware and software, communication lines, and recording equipment used in court operations. Assigns counties responsibility for any remaining expenses. Property acquired by counties for court operations remains county property.

LB620	Guereca		Judiciary 03/19/2025	In Committee 01/24/2025	Adopt the Neighborhood Revitalization Act and authorize certain civil actions relating to real property Relating to real property. Adopts the Neighborhood Revitalization Act, establishing legal mechanisms to address public nuisances caused by unsafe or dilapidated residential properties. Defines responsibilities for property owners to maintain residential properties to community standards. Three or more code violations within a one year period without action by the owner constitutes prima facie evidence of a violation. Permits acceptable petitioners, such as municipal corporations, nonprofit organizations, or affected neighbors, to file in rem actions for abatement of public nuisances. Authorizes courts to appoint and release receivers to manage and rehabilitate properties, with expenses secured by a lien imposed against the owner. Provides procedures for property auctions if owners fail to comply with abatement orders. Allows recovery of damages by neighbors impacted by poorly maintained properties. Establishes January 1, 2026, as the operative date.
LB626	Dover		Urban Affairs 02/25/2025	In Committee 01/24/2025	Authorize redevelopment projects involving affordable housing under the Community Development Law Relating to the Community Development Law. Amends sections 18-2102, 18-2101.02, and 18-2103 to authorize redevelopment projects focused on affordable housing in substandard, blighted, or extremely blighted areas. Redefines "affordable housing" to include workforce housing, housing targeted at households earning below 60% of the county median income, and housing under Section 42 of the IRS code. Expands the scope of redevelopment plans to include the construction of affordable housing in extremely blighted areas and rural communities. Redefines "blighted areas" and "substandard area" to include areas where less than 20% of the area is affordable housing.
LB629	Hardin	Oppose	Government, Military and Veterans Affairs 03/27/2025	In Committee 01/24/2025	Adopt the County Initiative and Referendum Act Relating to counties. Adopts the County Initiative and Referendum Act, granting qualified electors in Nebraska counties the powers of initiative to enact a referendum to amend or repeal measures affecting county governance. Defines "measure" as any ordinance, charter provision, or resolution within a county board's legislative authority, excluding actions under the Nebraska Advantage Transformational Tourism and Redevelopment Act. Establishes rules for petition circulators and procedural requirements for implementing initiatives and referendums.

AM 1787 strikes the original section of LB 727 and inserts a new version of that section which adds the option for law enforcement agencies and law enforcement officers to obtain, maintain, and possess and administer nasal epinephrine in addition to the autoinjectors. Nasal epinephrine is defined as a needle free, prescription nasal spray containing epinephrine.					
As amended/finalized, LB 727 does the following: Authorizes law enforcement agencies to obtain and administer epinephrine in emergency situations, provided officers are properly trained.					
LB734	Hunt	Monitor	Health and Human Services 02/26/2026	In Committee 01/09/2026	Change waiver of work requirements under the Supplemental Nutrition Assistance Program
Summary: The bill directs the Department of Health and Human Services to submit an annual application to the USDA for a waiver of SNAP work requirements for homeless individuals, veterans, and foster care individuals (defined as those up to age 24 who were in foster care at age 18 or older). This restores work requirement exemptions for these groups that were removed by recent federal law changes. The bill strikes previous prohibitions on seeking work requirement waivers and discretionary authority for the department to require participation in employment and training programs under SNAP.					
LB738	Rountree		Transportation and Telecommunications 01/20/2026	In Committee 01/09/2026	Provide for Honoring Women Veterans license plates
Summary: The bill adds a new 'Honoring Women Veterans' license plate to the list of alternate license plates issued by the Nebraska Department of Motor Vehicles. The plate's design will depict a woman soldier and include specific wording, developed in consultation with a nongovernment organization supporting veterans. Fees from these plates will be credited to a newly created Women Veterans Cash Fund, which will be administered by the Department of Veterans' Affairs and used for events focusing on women veterans. The bill also renumbers subsequent license plate provisions accordingly.					
LB739	Rountree		Judiciary 02/20/2026	General File 03/03/2026	Change notice requirements for a petition to change an individual's name
Summary: The bill eliminates the distinction in public notice duration for name-change petitions based on the petitioner's age. Previously, adults (19 and older) were required to publish notice for four consecutive weeks and minors for two consecutive weeks. The amendment mandates that notice for all petitioners, regardless of age, must now be published once a week for two consecutive weeks. The bill retains the court's ability to waive notice if publication would endanger the petitioner and maintains other procedural requirements.

Summary: The legislation grants the Nebraska Investment Finance Authority new powers to form and manage nonprofit entities to fulfill its mission. It revises the Nebraska Affordable Housing Act by updating fund allocation processes, tightening reporting and recapture rules, and shortening application periods. The bill eliminates the housing advisory committee, adjusts rules for contracts under housing acts, and modifies which buildings must comply with the International Energy Conservation Code, exempting some grant-funded projects not owned or managed by the state. It also authorizes the Department of Economic Development to contract with non-state agents for administration of housing programs and harmonizes related statutory provisions. The committee amendment (AM 2364) contains the provisions of LB 768 as amended by AM 2239 (Sections 1-2, 4-12, and 14 of AM 2364) and also the provisions of one other bill (LB 1246) that was heard by the Banking, Commerce and Insurance Committee and was made part of the committee amendment on an 8-0 vote. LB1246 defines new terms related to public funds and sets out expanded duties for the Nebraska Investment Finance Authority regarding accounting, reporting, and information sharing with state officials. It amends the Nebraska Affordable Housing Act to establish new disbursement procedures, quarterly reporting requirements, annual reporting mandates, and enforcement mechanisms for recipients of affordable housing funds. Summary: The bill revises residency requirements for sheriffs in certain Nebraska counties, allowing some to reside in adjoining counties. It updates appointment procedures for sheriffs and clarifies qualifications, including certification. The bill significantly restructures continuing education requirements for law enforcement officers, specifying minimum annual hour requirements, subject areas, and a new three-year cycle for specific training topics. It also makes technical updates to harmonize statutory language and clarify elective office restrictions.					
AM 2236 strikes and replaces the original sections of the bill.					
Section by Section Summary: Section 1: Amends section 23-1701 to provide that in a county that does not contain a city of the metropolitan, primary, or first class, the sheriff need not be a resident of the county when he or she files for election as sheriff of such county, but when holding office, such sheriff shall reside in such county or an adjoining county; Section 2: Harmonizing change to section 23-1701.01 for the change made to section 23-1701; Section 3: Clean-up changes to section 23-1717; Section 4: Amends section 23-1719 to revise the uniform requirements for sheriff offices. Specifically, it states the uniform required by section 23-2717 shall be at the discretion of the sheriff and may be separated into classes to best fit the needs of each sheriff. Any such uniform shall be readily distinguishable from the uniform of other law enforcement agencies in Nebraska. This section differentiates Class A or dress uniforms from Class B or patrol uniforms, and provides various options available to sheriffs including hats, insignias, external carriers, shirts, trousers, badges, leather, jackets, and boots. Many of the options available are dependent on rank and the calendar season; Section 5: Harmonizing change to section 32-604 for the change made to section 23-1701; Section 6: Amends section 81-1414.07 to require law enforcement officers employed by agencies consisting of less than twenty-five full time officers to attend at least twenty-four hours of continuing education, and law enforcement officers employed by agencies consisting of twenty-five or more full time officers to attend at least thirty-two hours of continuing education annually. Such annual continuing education shall include a refresher course on de-escalation; anti-bias and implicit bias training; firearms training; wellness training; and legal update training. At least once in each three-calendar-year period, a law enforcement officer shall attend continuing education that includes refresher courses on mental health and substance abuse issues; and vehicle pursuit policies. The requirements of this section do not apply to a noncertified conditional officer; Section 7 : Operative dates; Section 8: Repealer; Section 9: Repealer

The bill updates the terminology in Nebraska's property tax law to clarify that 'all persons'—not just 'every person'—required by statute must list and value taxable tangible personal property on forms prescribed by the Tax Commissioner. No substantive procedural changes are made, but the language is modernized and potentially broadened in scope. The bill reiterates annual filing requirements for those seeking exemptions under certain economic incentive acts and maintains forfeiture provisions for late filings. The original section is repealed and replaced with the updated language. The Committee considered and adopted AM2651, which strikes LB803 and adds LB575 as amended, LB938, LB1116, and LB1154 LB575 limits political subdivisions' ability to increase property taxes when property valuations exceed the valuations from the previous year. The bill would limit the amount of property taxes collected to the same amount collected the previous year unless overridden by a two-thirds majority vote of the governing body. The bill also moves the joint public hearing window from September to July, to allow more time to adjust budgets following public input. These joint public hearings are required whenever a political subdivision is seeking to exceed the allowable growth percentage in its property tax request. LB575 was amended by AM1977 and such amendment is incorporated into the committee amendment. LB 938 creates the First-Time Home Buyer Savings Account Act, which allows individuals or couples to contribute to a future purchase of a primary residence and to deduct such contributions from their federal adjusted gross income (AGI). Contributions are subject to annual and total contribution limits. There is also an annual reporting requirement, which the Department of Revenue oversees. LB 1116 amends sections of the Nebraska Revised Statutes to allow second class cities and villages to use funds under the Sports Arena Facility Financing Assistance Act for ten years, up from five years; and changes certain provisions about review of applications by the board and quorum for actions taken by the board under the Act. LB 1154 amends section 13-3403 of the Property Tax Growth Limitation Act by removing a political subdivision's ability to subtract the prior year's unused property tax request authority from the current year's preliminary property tax request authority. The result is that the unused property tax request authority is included in the calculation for allowable growth and inflation. NACO: Watch As amended/finalized, LB 803 does the following: Beginning in 2027, replaces the “pink postcard” tax notice and joint public hearing process with an updated system that incorporates valuation, prior-year tax comparisons, and protest information into the June valuation notice. It also requires the Department of Revenue to provide taxpayers with information on where to find local budget hearing details online. Political subdivisions must hold a hearing and pass a two-thirds (or four-sevenths, depending on board size) vote to increase tax levies. Additional provisions streamline homestead exemption recertification for certain disabled veterans and surviving spouses, address unused budget authority under the property tax cap, authorize first-time homebuyer savings accounts, and extend the timeframe for use of city sports arena funds.

LB816	Storer		Judiciary 01/22/2026	Approved by Governor (E-Clause) 04/07/2026	Provide privileges and immunities relating to peer support services communications by public safety personnel and change provisions relating to emergency protective custody
This bill creates a legal privilege and confidentiality for communications and records related to peer support services for Nebraska public safety personnel, including law enforcement, firefighters, emergency care providers, and support staff. It defines key terms such as 'peer support services,' 'peer support team,' and 'public safety personnel.' The bill makes such communications confidential and not subject to public records, discovery, or admissibility in proceedings, with exceptions for safety concerns, consent, mandatory reporting, and legal defense. It also grants immunity from liability for good faith disclosures and protects recipients from being compelled to testify about privileged communications without consent.					
The Committee considered and adopted an amendment (AM 1814) which strikes and replaces the original sections. AM 1814 combines portions of LB 755 and LB 816 into a single proposal establishing and protecting peer support services for public safety personnel. Sections (1) and (3) contain provisions derived from LB 755; and Sections (2) and (4) contain provisions derived from LB 816. In addition, AM 1814 expands the scope of covered "public safety personnel" to include hospital personnel and includes hospitals within the definition of public safety agencies.					
The language of LB1084 was also amended into LB816. LB1084 revises Nebraska's procedures for the emergency protective custody of mentally ill and dangerous persons and dangerous sex offenders. It clarifies that convicted sex offenders taken into emergency protective custody must be admitted to a jail or Department of Correctional Services facility, unless medical or psychiatric emergencies require hospital care. The bill also addresses esponsibilities when such actions involve persons domiciled within Indian country, outlining tribal roles and payment arrangements. Additionally, it updates a statutory reference in the Sex Offender Commitment Act to align with these procedural changes. The act is to take effect immediately due to an emergency clause.

The Committee considered and adopted a white copy committee amendment. The Standing Committee Amendment, AM 2270, includes LB 867 as amended and incorporates LB845 as amended, LB 733 as amended, and also LB 1144 and LB 1013. LB 845 was introduced as a committee bill. As amended, this bill combines two existing advisory groups—the Alzheimer's Disease and Other Dementia Advisory Council and the Division of Medicaid and Long-Term Care Advisory Committee on Aging—into a single new group called the Aging, Alzheimer, and Dementia Advisory Council which shall consist of seventeen voting members. The requirements about who serves on the council are changed to include an individual or advocate with experience or expertise in aging and special populations. A dedicated fund for the group's work is created. Additionally, the bill eliminates the Alternative Response Advisory Committee and renames the State Advisory Committee on Mental Health Services as the State Advisory Committee on Mental Health and Substance Use Services to better reflect its responsibilities. LB 733 was introduced by Senator Riepe. As amended, this bill changes the name of the Division of Developmental Disabilities of the Department of Health and Human Services to the Division of Disability and Aging of the Department of Health and Human Services. LB 1144 was introduced by Senator Hardin. This bill amends Medicaid statutes to broaden the definition of a “health plan” and establish clearer requirements for claim response and denial procedures. The bill expands the definition of “health plan” to include service benefit plans, managed care organizations, pharmacy benefit managers, and any other entity legally responsible—by law, contract, or agreement—for payment of a health care item or service claim. The bill also requires any entity issuing a health plan to respond to a request from the Department of Health and Human Services (DHHS) regarding a claim for payment if the claim relates to services provided within the preceding three years. The bill prohibits a health plan from denying a claim submitted by DHHS solely due to the date of submission, the type or format of the claim form, or improper documentation, provided that DHHS submits the claim within three years of the service date and initiates action within six years of claim submission. Health plans must provide requested information within thirty days of a DHHS request, absent good cause for delay, and requests for coverage information must identify the individual at issue. LB 1013 was introduced by Senator Hansen. This bill allows for flexibility by the state to use youth rehabilitation and treatment center facilities to house either boys or girls, but not both simultaneously. The state DHHS institutions are: Beatrice State Developmental Center, Lincoln Regional Center, Norfolk Regional Center, and Youth Rehabilitation and Treatment Center–Kearney. The Kearney center is normally single-sex, with other youth facilities ensuring gender separation. In emergencies like natural disasters or damage, facilities may house both genders for up to seven days with safe separation. Treatment for juveniles ordered by the court or deemed necessary must not be delayed. NABHO: Monitor

The committee amendment (AM 2168) strikes and replaces the original sections of LB 889 but retains the felony penalty increase. The amendment makes two additional changes. First, it limits the unlicensed-work violation in § 81-2143 to paid electrical work. Second, it adds a new subsection to § 81-2143 providing that the prohibition on performing paid electrical work without a license does not apply when a person performs paid electrical work for certain family members (a parent, stepparent, spouse, descendant, grandparent, sibling, cousin, aunt, or uncle) whether related by blood, adoption, or marriage.					
LB896	Lonowski	Support	Government, Military and Veterans Affairs 02/19/2026	In Committee 01/12/2026	Change fees related to marriage licenses and records
The bill increases the fees that county clerks in Nebraska may charge for issuing a marriage license and for providing certified copies of marriage records. The fee for the entire marriage license process is raised from \$25 to \$50, and the fee for each certified copy of a marriage record increases from \$9 to \$16. All such fees are to be deposited in the county general fund. NACO: Support					
LB897	Lonowski		Judiciary 02/11/2026	In Committee 01/12/2026	Change a penalty and provide a fee for violating the open burning ban
The bill upgrades the penalty for violating the statewide open burning ban from a Class IV to a Class III misdemeanor. It also allows municipalities and rural or suburban fire protection districts to charge violators a fee covering the costs incurred in responding to and extinguishing fires resulting from such violations. The fee structure must be consistent with the approximate response costs.					
LB898	Lonowski		Government, Military and Veterans Affairs 02/05/2026	In Committee 01/12/2026	Change which political subdivisions may use virtual conferencing for meetings under the Open Meetings Act and change related requirements
The bill revises the Nebraska Open Meetings Act to streamline and broaden the ability of public bodies to conduct meetings via virtual conferencing. It removes the exhaustive list of entities previously allowed to use virtual conferencing and instead allows all public bodies to utilize this option, subject to new standardized requirements. The bill also modifies requirements for public notice, physical site access, document availability, and annual limits on virtual meetings for certain bodies. Related cross-references in sections 70-1014 and 70-1014.02 are updated to reflect these changes. NACO: Watch					
LB900	Lonowski		Revenue 01/22/2026	Passed 04/09/2026	Change provisions relating to fees, commissions, and mileage of county sheriffs for distress warrants issued for the collection of taxes
The bill increases the fee for issuing distress warrants from two dollars to twenty dollars, removes the separate one dollar levy fee, and eliminates prorated mileage charges when multiple warrants are served. It also increases the commission thresholds from one hundred to five hundred dollars for both the ten-cent and eight-cent per dollar commission rates on collected taxes. NACO: Support As finalized, LB 900 does the following: Increases the fee sheriffs may collect for serving distress warrants from \$2 to \$20 to better reflect the cost of collecting delinquent personal property taxes, as part of a broader effort to update and right-size local government fees.

LB901			Revenue 02/25/2026	Approved by Governor (E-Clause) 04/07/2026 Revenue Priority Bill	Change the sales and use tax rate and provisions relating to fund distributions The bill changes the structure of Nebraska's sales and use tax rates, introducing a new rate effective July 1, 2027, and adjusts how proceeds from sales and use taxes are distributed to various state funds, particularly regarding the Highway Trust Fund and Highway Allocation Fund. It also harmonizes and updates related statutory language. The Committee considered and adopted AM 2406, which strikes LB 901, and adds LB 890 as amended, LB 1109 as amended, LB 1110, and LB 1131 as amended. LB 890 increases the Mechanical Amusement Device Tax Act fees and taxes. It also ties future increases of those fees to an inflation index, removing the need for future legislatures to address the increases on a regular basis. The increased fees will fund the Department of Revenue's enforcement activities through their enforcement fund and the increase in occupation taxes will be split between that fund and the General Fund. LB 1109 removes several sales and use tax exemptions covering data center, biochips, cemeteries, game birds, community-based energy development (C-BED) projects, and mineral oil used as a dust suppressant. It also sunsets tax credits for renewable energy and makes such credits non-refundable. The operative date is the beginning of FY26-27 and the bill has an emergency clause. LB 1110 amends the Nebraska Revised Statutes to expand the allowable functions of the Department of Revenue Enforcement Fund to any functions and activities of the Tax Commissioner; redirects certain funds into the Department of Revenue Enforcement Fund; and provides for the provision of certain information between the Department of Health and Human Services and the Department of Revenue. LB 1131 creates the Domestic Violence and Human Trafficking Service Providers Tax Credit Act, a new income tax credit program for the programs and providers assisting victims of domestic violence and human trafficking. It requires the Department of Revenue to issue \$6 million dollars in refundable, transferable income tax credits annually to qualifying tribal programs and nonprofit organizations. LB 1131 also strikes the personal property and sales and use tax exemptions for data centers. As amended/finalized, LB 901 does the following: Generates an estimated \$26 million in state revenue by imposing a 10% excise tax on kratom, eliminating certain sales and personal property tax exemptions (including those for data centers), updating Department of Revenue collection procedures, and increasing taxes on skill-based gaming devices.
LB905	Arch		Government, Military and Veterans Affairs 02/06/2026	Passed with E-Clause 04/10/2026 Speaker Priority Bill	Change and eliminate provisions relating to boards, commissions, committees, task forces, and funds that terminate The bill eliminates the Nebraska Potato Development Act and related entities, consolidates numerous advisory committees and task forces (notably in health care, emergency management, infrastructure, and child welfare), and transfers or reassigns their statutory duties to relevant state agencies. It revises and updates definitions, board compositions, and terminology throughout Nebraska statutes, removes outdated references and redundant reporting, and harmonizes language regarding the management of state property, emergency planning, and technology oversight. The act has significant implications for administrative structure, streamlining government operations, and reducing duplicative or obsolete oversight bodies. NACO: RWatch As finalized, LB 905 does the following: Cleans up inconsistencies from prior legislation consolidating boards and commissions by harmonizing statutory language, including the transfer of duties for the Board of Examiners for County Highway and City Street Superintendents to the Board of Public Roads Classifications and Standards.

The committee amendment (AM 2743) strikes and replaces the original provisions of the bill. AM 2743 includes LB 935 as introduced, and also incorporates LB 789 as amended, LB 876 as amended, LB 978 as amended, LB 1020 as amended, LB 1139 as amended, LB 1199 as amended, and LB 1228 as amended. LB 1199 was introduced by Senator Ibach. As amended, the bill expands the population threshold to qualify for funds under the Legal Education for Public Service and Rural Practice Loan Repayment Assistance Act and appropriates funds to the program. LB 978 was introduced by Senator Storer. As amended, the bill creates new civil causes of action addressing obscene material, child sexual abuse material (CSAM), and child sexual exploitation devices or images. The bill supplements existing criminal statutes by authorizing private lawsuits and public enforcement actions that may proceed regardless of whether a criminal prosecution occurs. LB 876 was introduced by Senator Hallstrom. As amended, the bill creates a new statewide “no-contact period” that applies automatically when a person is arrested for certain domestic or sexual assault offenses. During a no-contact period, the arrested person must avoid the alleged victim. The purpose is to provide immediate, uniform protection in the first few days after an arrest—before the parties can realistically obtain a protection order or the court can act. LB 789 was introduced by Senator Bosn. As amended, the bill adds a hearsay exception for a statement offered against a party that wrongfully caused, or intentionally aided another in wrongfully causing, the declarant’s unavailability as a witness and did so intending that result. LB 1020 was introduced by Senator Bostar. As amended, the bill prohibits the operation of an unmanned aircraft system in restricted areas and makes adjustment to the provisions related to unlawful intrusion through the use of unmanned aircraft systems. This bill also prohibits stalking through the use of mobile tracking devices and makes adjustments to the penalties for stalking. Finally, this bill creates the offense of swatting and establishes penalties. LB 1139 was introduced by Senator Hallstrom and relates to liens arising from child support and spousal support orders. Under current law, support judgments generally function as traditional judgment liens that attach to property and remain in place until formally released. As amended, the bill creates payment-based, automatic liens that attach only when a payment becomes due and unpaid and extinguish when the payment is made. The bill also establishes a streamlined process for real estate transfers when the obligor is current. LB 1228 was introduced by Senator Holdcroft. As amended, the bill creates a new state docket fee to be assessed as court costs in each civil cause of action and each traffic misdemeanor or infraction filed in the district courts and county courts. The bill also creates a case management systems software fee of \$10.00 that shall be taxed as costs in each civil cause of action and each traffic misdemeanor or infraction filed in the district courts and county courts. NACO: Support Letter As amended/finalized, LB 935 does the following: Establishes a new \$10 state docket fee on civil cases and traffic matters to support modernization of the JUSTICE case management system, while exempting counties, cities, and villages. It also increases certain court fees as part of a shift toward funding the judicial branch through user fees and allows political subdivisions to recover costs in frivolous lawsuits. Additional provisions create a three-day no-contact period following arrests for domestic or sexual assault, establish penalties for swatting, and prohibit placing tracking devices on another person’s property without consent.

					LB972 as amended by AM2260 serves as the carrier bill and was modified to clean up statutory language and harmonize the effective date of In Transits with the transition from two to one license plates requirement passed in LB97 last year by the Legislature (Section 43). The requirement for a bonded certificate of title in a motorboat give notice to any party with a security interest is retained (section 38) as are the requirements for transporter license plates (Section 44). It requires additional information to be provided to the DMV when registering motor vehicles and trailers (Section 45). Special interested license plates will be discontinued beginning January 1, 2029 (Sections 47 and 48) and the DMV will now offer Choice Color Plates (Section 13). The DMV continues to retain the ability to waive testing requirements for motor vehicle operators seeking to reinstate their license after obtaining an ignition interlock permit (Section 56). Operators retain the ability to renew their licenses online or in person (Section 60). Starting January 1, 2027, the DMV will begin transmitting an SR-22 certificate, proof of financial responsibility coverage, to insurance companies electronically (Section 61). Finally, it continues to alter requirements to operate snowmobiles, setting the minimum age at 16 years old (Section 63). LB922 changes fees related to various motor vehicle dealer licenses in Nebraska (Section 65). LB1121, Recreational Vehicle Industry Regulation Act (RVIR Act) creates a new class of dealership licenses in Nebraska, a recreational vehicle dealer's license, regulated by the Motor Vehicle Industry Licensing Board (MVILB) (section 5). It describes the information needed on license applications (Section 7) and necessary terms for manufacturer-dealer agreements (section 9), addresses the procedures involved when those agreements are terminated (sections 12-15) and when the terms are changed (sections 17, 19-20). LB1104 amends section 60-362 to allow the Department of Motor Vehicles (DMV) or the Department of Revenue (DOR) to make a determination that a Nebraska resident is avoiding motor vehicle taxes, fees, registration fees, or sales or use taxes by registering their motor vehicle or trailer in another state (Section 42). LB738 creates a new type of alternate license plate honor the service of women veterans. It also creates Women Veterans Cash Fund which may be used by the Department of Motor Vehicles (DMV) for events that focus on highlighting women veterans (Sections 49 and 71). LB769 adds University of Nebraska State Museum License Plates to the list of alternate license plates provided by the Department of Motor Vehicles (Sections 49 and 72). It is designed to promote the museums managed by the University of Nebraska including Ashfalls Fossil Beds, Morrill Hall, and the Trailside Museum. LB 972 now also contains LB 1099 and LB 786. LB 1099 creates a new Husker Red specialty license plate, with proceeds directed to the Highway Cash Fund. It amends the statutes outlining the uses of the Highway Cash Fund and the Roads Operations Cash Fund, expanding allowable expenditures, and clarifies that these funds may receive money from any source, including new license plate revenues. Obsolete language about specific required transfers to the Transportation Infrastructure Bank Fund is eliminated. The bill rennumbers and updates provisions relating to other specialty and awareness license plates. LB 786 expands the types of Military Honor Plates to include specific armed forces branches and reserves, updates the fee allocation structure, and creates the Military Department Aid Fund. The Adjutant General is authorized to award grants from this fund to financially needy uniformed service members. The bill also clarifies eligibility requirements and administrative processes for the plates and fund. NACO: Support As amended/finalized, LB 972 does the following: Serves as a DMV cleanup bill by creating new specialty license plates (e.g., Back the Blue, Scarlet and Cream, and solid color plates) with revenues directed to designated funds, including support for individuals with developmental disabilities and injured law enforcement personnel. It also reallocates Military Honor plate funds to provide grants for National Guard and Air Guard members, updates trailer registration requirements, transitions to a single In Transit placard ahead of the 2029 one-plate system, authorizes the DMV to address out-of-state vehicle registration used to avoid Nebraska taxes and fees, and expands municipal authority to regulate all-terrain vehicles.

LB985	DeBoer		Judiciary 01/29/2026	Passed 04/09/2026 Speaker Priority Bill	Change provisions relating to guardians and conservators The bill amends sections 30-2628 and 30-2655 of the Nebraska Probate Code. It prohibits any individual from accepting appointment as a guardian or conservator if that person already serves as guardian or conservator for twenty individuals. This limit applies to both guardianships and conservatorships. Other provisions regarding the duties and powers of guardians and conservators remain unchanged. The bill does not introduce appropriations. The Committee considered and adopted an amendment (AM 2117) which strikes and replaces the original sections of LB 985 and includes LB 985 as introduced. The committee amendment also incorporates LB 1178 as introduced. LB985 comprises sections 6 and 8 of AM 2117; and LB 1178 comprises sections 1 to 5, 7, and 9 of AM 2117. LB 1178 updates several guardianship and conservatorship provisions in the Nebraska Probate Code to provide that an incapacitated person, ward, minor, or protected person has the right to attend certain court hearings virtually or in person. The bill also codifies certain duties of guardians and adds a new provision authorizing courts to award costs and expenses, including reasonable attorney's fees, in certain guardianship or conservatorship proceedings.
LB990	Dover		Revenue 02/18/2026	In Committee 01/15/2026	Rename the School District Property Tax Relief Act as the Live Here Thrive Here Act and the School District Property Tax Relief Credit Fund as the Live Here Thrive Here Credit Fund and change the distribution of property tax credits under the act The legislation renames the 'School District Property Tax Relief Act' and its associated credit fund to the 'Live Here Thrive Here Act' and 'Live Here Thrive Here Credit Fund.' It adds a definition for 'resident individual' and, beginning in tax year 2027, restricts eligibility for school district property tax credits to real property owners who are Nebraska resident individuals. The bill establishes a schedule for minimum annual property tax relief amounts, starting at \$750 million in 2024 and increasing annually. It outlines procedures for transferring General Fund money to the credit fund and modifies the method for distributing property tax credits. The bill also clarifies procedures for returning unused credits and reporting by county treasurers. NE State Chamber - Watch NACO: Neutral
LB992	Dover		Appropriations 02/02/2026	In Committee 01/15/2026	State intent regarding appropriations The bill provides appropriations from the Nebraska General Fund for two fiscal years to an unspecified program, including amounts specifically designated for state aid. LB993	McKinney	Oppose	Judiciary 02/19/2026	In Committee 01/15/2026	Provide a cause of action for deprivation of constitutional rights by a law enforcement officer, eliminate the defense of qualified immunity as prescribed, and change provisions of the Political Subdivisions Tort Claims Act and State Tort Claims Act The legislation establishes a civil remedy for individuals whose constitutional rights are violated by law enforcement officers acting under color of law. Qualified immunity and similar defenses are eliminated for these claims. Public employers are generally required to indemnify law enforcement officers unless the officer acted in bad faith or with malicious intent. The bill waives sovereign immunity for these claims, sets a three-year statute of limitations, and specifies that such claims are not subject to the Political Subdivisions Tort Claims Act or the State Tort Claims Act. Definitions and statutory language are updated accordingly. NACO: Oppose

Good-time reductions will now explicitly apply to both tentative release dates and parole eligibility dates. The bill establishes procedures to avoid penalizing individuals due to administrative delays and allows certain previously released parolees to seek reductions in their parole terms. These changes are intended to clarify and expand the impact of good-time credits within the parole process.
LB995	Rountree	Monitor	Judiciary 02/20/2026	In Committee 01/15/2026	Require appointment of counsel for juveniles and provide duties for juvenile courts The legislation amends sections of Nebraska law related to the right to counsel for juveniles in court proceedings. It expands mandatory appointment of counsel to cover all juveniles in proceedings under specific statutory subdivisions, regardless of county population. The bill also requires juvenile courts to provide written, accessible materials explaining the right to counsel and sets new procedural safeguards for waiving counsel, including a requirement that written materials are provided before any waiver is accepted. Additional guidance is included for courts to assess the validity of waivers, and the bill prohibits parents or guardians from waiving a juvenile's right to counsel. It introduces and defines 'energy storage resource' and related terms, and establishes application and approval requirements for private electric suppliers seeking to construct or operate energy storage resources. The bill also amends compliance, notice, and violation provisions to include energy storage alongside generation and transmission facilities, clarifying that private suppliers cannot sell retail electricity, operate distribution facilities, or exercise eminent domain. New requirements are established for joint agreements, consents, and development agreements between private and consumer-owned suppliers for energy storage projects.

The Committee considered and adopted the Standing Committee Amendment (AM2422) that replaces the original bill. AM2422 includes LB 1010 as amended by AM2350, LB 1064 as amended by AM2392, and LB 1111 as amended by AM2386. As amended by AM 2350, LB1010 no longer requires that the private ESR developer and consumer-owned electric provider with which the developer has a power purchase agreement make a joint application to the PRB and provides that evidence, rather than written notice, of the matters to be reviewed by the PRB must be included with the application. The bill also exempts ESRs that have been approved by the PRB from the exercise of eminent domain by any electric supplier. LB1064, introduced by Senator Bostar, is a new law that creates the Large Load Customer Regulation Act to regulate entities, other than consumer-owned electric utilities, that request a new or expanded interconnection where the total load at a single site would exceed twenty megawatts (20MW). The bill defines public power supplier consistent with sections 70-601 and 70-2103 and directs public power suppliers to establish standards for interconnecting large load customers that include a requirement that the large load customer (a) disclose whether the customer is pursuing a substantially similar request for electric service that, if approved, would materially change, delay, or cause the current request to be withdrawn, (b) disclose information about the customer's onsite backup generating facilities, (c) pay a flat rate fee of at least \$100,000 for initial studies for loads greater than 20MW, and an additional study fee if the customer requests additional capacity following the study, with studies to be completed within one-year after the study fee is paid, (d) provide a method for the customer to demonstrate site control for the proposed load location, and (e) financial commitment requirements for the development of transmission and generation infrastructure needed to serve the customer's large load. LB1064 states that a public power supplier is not required to establish a general rate tariff for large load customers and is authorized to establish or negotiate rates, charges, and operating standards that fairly allocate electricity system costs to the large load customer and mitigates operational and resource adequacy risks and the financial risks to other customers without regard to the requirements of section 70-655. LB1064 also requires suppliers to develop a procedure to procure demand response reductions and flexibility from a large load customer and, in the event of an emergency, to require the large load customer to curtail load or to deploy its onsite backup generation for the duration of the emergency condition. LB1111, introduced by Senator M. Cavanaugh, amends sections 70-1025 and 70-1506 to define and establish procedures and rules for developers of data centers with a peak electricity demand of ten megawatts (10MW) or more and requires an annual report from public power regarding intended and existing data centers. The bill defines a data center as a facility with a peak electricity demand of ten megawatts (10MW) or more wherein the primary services are the storage, management, and processing of digital data, and that is used to house computer and network systems for monitoring and managing infrastructure performance, internet-related equipment and services, data communications, connections, environmental controls, fire protection systems, and security systems and services, and adds "data center" to most provisions currently applicable only to "cryptocurrency mining operations". NE State Chamber - Watch NAO: Oppose As amended/finalized, LB 1010 does the following: Establishes new regulatory requirements for energy storage (battery storage) projects by requiring private developers to obtain approval from the Nebraska Power Review Board prior to construction or acquisition. It also imposes reporting and operational requirements on data centers, including annual disclosures on size, location, and resource usage, mandates that operators cover all decommissioning costs, and requires community benefit agreements with impacted communities.

The key change is that the Youth Rehabilitation and Treatment Center-Kearney must operate as a single-sex facility, but it can be used for either boys or girls (not both simultaneously), whereas previously it was limited to boys. The institutional names are updated, removing Hastings Regional Center and Geneva from the official list. Requirements for safe and appropriate gender separation in all facilities are maintained. Clarifications are made for emergency situations allowing temporary co-gender treatment. The bill also states legislative intent to avoid unnecessary delays in treatment for juveniles in need.
LB1017	Raybould		Government, Military and Veterans Affairs 02/27/2026	In Committee 01/15/2026	Provide a limit on contributions made to a candidate committee under the Nebraska Political Accountability and Disclosure Act The bill sets a maximum contribution limit of \$3,500 from any individual to a candidate committee during an election period, effective January 1, 2027. Contributions exceeding this amount must be refunded within ten days, and such actions must be reported with specific contributor details. The limit does not apply to contributions from a candidate's own personal funds. Starting January 1, 2029, the contribution limit will be biennially adjusted for inflation using the Consumer Price Index, rounded to the nearest \$100. The bill defines 'election period' as the calendar year of the election and harmonizes related provisions within the Nebraska Political Accountability and Disclosure Act.

It creates criminal penalties for violations. Stalking penalties are increased by making all violations a Class IIIA felony and eliminating previous misdemeanor gradations. The bill also creates the new offense of swatting, with escalating penalties based on the outcome (misdemeanor to Class IB felony) and mandatory restitution. Definitions related to intrusion and the use of unmanned aircraft (drones) are expanded, and unauthorized drone operation in restricted airspace is criminalized. The requirement for mandatory probation for Class IV felonies is repealed, allowing courts more discretion in sentencing. Several statutory references and definitions are updated to reflect these changes.

It amends the process for commencing construction of such facilities, requiring advance certifications and public meetings, and mandates that the Power Review Board hold a hearing and approve or deny construction based on compliance with these requirements. It also revises notification, certification, and enforcement provisions, including penalties for noncompliance. A new requirement is added that the owner must enter into a power purchase agreement with a public power district and receive board approval before construction. The legislation prohibits the Nebraska Investment Council and the state investment officer from investing public retirement system assets in entities defined as 'restricted entities,' which are primarily certain Chinese entities identified by various federal lists and executive orders. Both the Council and the investment officer must identify and divest from such holdings as soon as practicable, with exceptions for existing contractual terms or fiduciary duties. The bill requires the state investment officer to submit semiannual reports to the Legislature listing any holdings in restricted entities. The State Treasurer must maintain and update a public list of restricted entities and notify relevant authorities of changes. The act takes effect July 1, 2026, with an emergency clause.					
LB1096	Bostar		Judiciary 02/05/2026	Passed 04/10/2026 Bostar Priority Bill	Adopt the Preventing Lethal Agricultural and National Threats Act, create restrictions on contracts with foreign principals, authorize the withholding of records, and provide civil penalties
This bill adopts the Preventing Lethal Agricultural and National Threats Act and the Critical Infrastructure Protection Act. It criminalizes the unauthorized import of high-risk agricultural pathogens or pests, with heightened penalties for concealment, foreign government involvement, or major economic harm. The bill prohibits companies and governmental entities from entering into agreements that grant foreign adversaries access to critical infrastructure, subject to narrow exceptions approved by the Attorney General. It requires registration, employee vetting, and incident reporting for companies with access to critical infrastructure, and mandates the removal of software or technologies produced or controlled by foreign adversaries. The Attorney General is empowered to enjoin sales or transfers of infrastructure to foreign entities and must maintain a public list of prohibited network-connected technologies. The bill expands public records exemptions to include critical water infrastructure and strengthens enforcement and penalties for communications providers using banned equipment. The committee adopted AM 2313 and AM 2585 to LB 1096 which were incorporated into a white copy committee amendment (AM 2726). Original sections 6 to 13 of LB 1096 were removed by AM 2726. NE State Chamber - Oppose NACO: RWatch As amended/finalized, LB 1096 does the following: Prohibits governmental entities from contracting with foreign companies for work involving critical infrastructure if the agreement would allow direct or remote access. It also exempts sensitive information related to critical infrastructure—such as 911 systems, telecommunications, broadband, water, and cybersecurity systems—from public records disclosure.					
LB1097	Conrad	Oppose Letter	Judiciary 02/12/2026	In Committee 01/21/2026	Adopt the State and Political Subdivisions Sexual Abuse Liability Act
The bill creates a new cause of action allowing victims of child sexual abuse and individuals with developmental disabilities who are victims of sexual abuse to bring tort claims against state agencies and political subdivisions. It explicitly waives sovereign immunity for such claims and exempts them from the procedural and substantive limitations of the State Tort Claims Act and the Political Subdivisions Tort Claims Act, such as damage caps, jury trial limits, notice requirements, and statutes of limitations. The statute of limitations is removed for direct perpetrators, and a new extended limit applies to other defendants. The Standing Committee Amendment (AM 2360) amends LB 1114 as introduced and incorporates LB 850, LB 915 as amended, LB 976, LB 981, and LB 1130 as amended into LB 1114. LB 1114 amends Section 18-2155 of the Nebraska statutes related to the Community Development Law. The bill changes provisions related to the eligibility of redevelopment plans for expedited review. These eligibility changes include the number of years a structure has been within the corporate limits of a city, reducing such length of time from 60 years to 25 years. The bill also makes an allowance for platted or nonconforming lots of record in an expedited review. AM 2360 makes no changes to the original version of the bill. LB 850 amends the Local Option Municipal Economic Development Act to allow cities of the metropolitan and primary classes to use economic development programs for the purpose of the construction or rehabilitation of housing. LB 915 changes the number of inland port districts that may be created under the Municipal Inland Port Authority Act from five to six. AM 2265 to LB 915 changes county population eligibility and the number of allowed inland port districts from six to eight. LB 976 extends the number years after the first election of SID trustees, when three members of the SID board of trustees shall be elected by the legal property owners residing within such district, and provides that two members shall be elected by all of the owners of real estate located in the district. The bill also requires that contracts with a value of \$50,000 or more can be let by an SID to the lowest responsible bidder. LB 981 amends the Nebraska Housing Agency Act to provide prescribed responsibilities for a housing agency for a city of the metropolitan class in response to bed bugs in dwelling units. The bill requires the housing agency to conduct inspections, disclose infestations to prospective tenants, and promptly address reported bed bug issues through professional pest control services. The housing agency is also responsible for maintaining records of all complaints and control measures provided and for the costs of investigation and remediation. LB 1130 establishes the Community Improvement District Act, allowing property owners to voluntarily form Community Improvement Districts (CIDs) to finance, construct, and maintain public infrastructure and amenities within city or village limits. AM 2139 to LB 1130 harmonizes language to add references to the new Act or CIDs where applicable from Nebraska Revised Statutes chapters 10, 13, 32, and 77. As amended/finalized, LB 1114 does the following: Makes broad updates to urban development laws, including tax increment financing (TIF), inland port authorities, and housing policy. It expands eligibility for expedited review of small ("micro-TIF") projects, authorizes the creation of community improvement districts with taxing and bonding authority for local infrastructure, and increases the number of inland port authorities allowed statewide. It also permits metropolitan-class cities to regulate housing authority code enforcement and inspections. Additionally, it establishes the New Taxpayer Recruitment Grant Act, providing grants of up to \$250,000 to support efforts by cities, tribes, and nonprofits to attract new residents from out of state.

LB1235			General Affairs 02/02/2026	Approved by Governor (E-Clause) 04/07/2026 General Affairs Priority Bill	Change provisions of the Nebraska Liquor Control Act and the Nebraska Medical Cannabis Regulation Act

This bill revises and consolidates the Nebraska Medical Cannabis Patient Protection Act and the Nebraska Medical Cannabis Regulation Act. It creates robust registries for patients, caregivers, and practitioners, sets up a new regulatory commission, defines clear licensing procedures and duties, imposes rules for confidentiality, enforcement, and penalties, enacts a seed-to-sale tracking system, and modifies relevant tax and revenue statutes. Medical cannabis is removed from the state marijuana and controlled substances tax, and sales are taxed with revenues earmarked for school property tax relief. The bill takes immediate effect upon passage.

The Committee considered and adopted an amendment which accomplishes the following: The Standing Committee Amendment (AM 2178) amends LB 1235 and incorporates LB 1085 as amended and LB 1128 as amended into LB 1235.

LB 1235, as amended, strikes the original sections of LB 1235 and reorganizes the Nebraska Medical Cannabis Regulation Act's (Act) structure and administration. LB 1235 redefines the Act to include updated statutory sections and formally establishes the Nebraska Medical Cannabis Commission (Commission) to regulate persons who possess, manufacture, distribute, deliver, and dispense medical cannabis. The Commission is composed of the three members of the Nebraska Liquor Control Commission serving as ex officio members, with the Governor authorized to appoint up to two additional members subject to legislative confirmation. Appointed members serve six-year terms, may be reappointed, and each commissioner receives an annual salary of \$12,500. Additionally, LB 1235, as amended, creates the Nebraska Medical Cannabis Commission Cash Fund (Fund) to receive legislative transfers and all fees, gifts, grants, and other revenues collected under the act, excluding civil penalties. The Fund shall be used for administration and enforcement, with investment of balances as provided by law. The Commission is authorized to establish a fee schedule for applications and registrations, with no fee exceeding \$50,000, and shall require fingerprint-based national criminal history record checks for initial registration applicants.

LB 1085, as amended, was introduced by Senator Clouse and revises the Nebraska Liquor Control Act to revise the definition of "bottle club" to clarify that alcoholic liquor may be consumed "in or upon" the premises. LB 1085 also requires the Liquor Control Commission to consider whether an applicant, or any affiliated licensed entity in which the applicant has an ownership interest, is delinquent in paying federal, state, or local taxes when determining licensure. In addition, LB 1085 expands existing criminal penalties to apply to the unlicensed retail sale of alcoholic liquor, making such conduct subject to the same penalties as the unlicensed manufacture of spirits, and includes a repealer section.

LB 1128, as amended, was introduced by Senator Dover and revises the Nebraska Liquor Control Act to create a "consumption-only" entertainment district license and clarify existing provisions. Local governing bodies may designate areas within an entertainment district where alcohol can be consumed but not sold. Businesses in these areas may apply to the Nebraska Liquor Control Commission (LCC) for a \$25 license fee, which is remitted to the State Treasurer for credit to the Nebraska Liquor Control Commission Rule and Regulation Cash Fund. Licenses are granted if the local governing body has approved the applicant. The license allows patrons to carry alcohol purchased elsewhere into and out of the business, but the business may not sell or serve alcohol and must comply with all applicable laws, including prohibitions on underage drinking. LB 1128 also requires local governing bodies to file any designation or revocation with the LCC, extends consumption and container-marking rules to consumption-only areas, and explicitly includes consumption-only licensees among authorized licensees. The original sections are repealed.

NACO: RWatch

As amended/finalized, LB 1235 does the following: Allows local governments to designate consumption-only areas within entertainment districts, requires the Liquor Control Commission to consider tax delinquency when reviewing bottle club license applications, and authorizes the Nebraska Medical Cannabis Commission to establish application and renewal fees for licensed cannabis establishments.

The bill prohibits consumer-owned utilities in Nebraska from using eminent domain to acquire privately owned electric generation facilities constructed to serve industrial customers with projected new electric loads exceeding 1,000 megawatts, provided several contractual and operational criteria are met. The prohibition applies if the facility is co-located with the industrial customer, is approved by the Nebraska Power Review Board, and specific agreements are in place ensuring the consumer-owned utility's service rights, prohibiting electricity resale, and waiving eminent domain for the contract's duration. The industrial customer must cover all related costs incurred by affected utilities. The restriction applies to contracts entered into on or before December 31, 2031. The committee adopted AM2086 which strikes the word "projected" from line 2 on page 3 of the bill. As amended, when the specific conditions are met, a consumer-owned utility is prohibited from exercising the power of eminent domain to acquire an electric generation facility that is constructed to provide electricity to an industrial customer with an actual new electric load greater than 1,000 MW. NE State Chamber - Support As amended/finalized, LB 1261 does the following: Prohibits consumer-owned utilities from using eminent domain to acquire privately owned electric generation facilities.					
LR5CA	Cavanaugh, M.		Judiciary 01/31/2025	In Committee 01/14/2025	Constitutional amendment to eliminate provisions relating to marriage and marriage licenses
Proposed Constitutional Amendment Relating to Marriage. Resolves to repeal Article I, Section 29, of the Nebraska Constitution, which prohibits the recognition of same-sex marriages and civil unions. Proposes submitting the amendment to Nebraska voters at the general election in November 2026. The ballot language will ask voters whether to approve the elimination of provisions restricting marriage recognition and licensing.					
LR6CA	Cavanaugh, M.		Judiciary 01/31/2025	In Committee 01/14/2025	Constitutional amendment to recognize marriage of couples regardless of gender and race and strike language regarding gender
Proposed Constitutional Amendment Relating to Marriage. Proposes amending Article I, Section 29, of the Nebraska Constitution to affirm the recognition of marriage and issuance of marriage licenses to couples regardless of gender or race. Seeks to remove existing provisions limiting marriage to opposite-sex couples and invalidating same-sex civil unions or domestic partnerships. The proposed amendment will be submitted to voters at the general election in November 2026, with ballot language allowing electors to vote for or against changing provisions relating to marriage.					
LR7CA	Dorn		Executive Board 02/24/2025	In Committee 01/14/2025	Constitutional amendment to change legislative salaries to thirty thousand dollars annually
Proposed Constitutional Amendment Relating to Legislative Salaries. Seeks to amend Article III, Section 7, of the Nebraska Constitution to increase the annual salary for members of the Legislature to \$30,000, replacing the current limit of \$1,000 per month. Retains provisions for reimbursing actual travel expenses for regular and special sessions. Specifies that members and legislative employees may receive no additional pay or perquisites beyond salary and expenses. Proposes submitting the amendment to voters at the general election in November 2026, with ballot language to approve or reject the salary change.					
LR12CA	Kauth		Revenue 02/28/2025	In Committee 01/16/2025	Constitutional amendment to impose a limit on ad valorem taxes for real property, provide a new method of valuing real property for tax purposes, provide certain exceptions, and eliminate conflicting constitutional provisions
Proposed constitutional amendment relating to property taxes. Proposes amending Article VIII of the Nebraska Constitution to impose a 1.5% cap on ad valorem property taxes based on full cash value, effective January 1, 2027. Repeals a provision allowing the legislature to tax farm land differently than other real property. Exempts from the changes taxes for bonded indebtedness approved before the effective date or under specific voter-approved accountability measures. Introduces provisions for transferring assessed values to replacement properties for individuals over 55, disabled persons, or victims of natural disasters. Sets valuation adjustments based on inflation or deflation, capped at 2% annually. Provides ballot language for submission to voters in the November 2026 general election.

LR23CA	Sanders		Government, Military and Veterans Affairs 02/20/2025	In Committee 01/23/2025	Constitutional amendment to change the deadline to file initiative and referendum petitions
Relating to a proposed constitutional amendment. Proposes amending Article III, section 2, of the Nebraska Constitution to change the deadline for filing initiative petitions. Establishes that for petitions filed on or after July 7, 2028, measures will be placed on the next general election ballot only if the petition is filed by the second Wednesday in July of the preceding calendar year. Retains the current requirement for measures to be filed at least four months prior to the general election for petitions filed before July 7, 2028. Sets the measure for submission to voters at the general election in November 2026.					
LR24CA	Dorn		Government, Military and Veterans Affairs 01/30/2025	General File 03/11/2025 Meyer, F. Priority Bill	Constitutional amendment to provide for selection of presidential electors
Relating to a proposed constitutional amendment. Proposes adding Article VI-7 to the Nebraska Constitution to require that all presidential electors for the state represent the presidential and vice-presidential candidates who receive the highest number of votes in the statewide general election. Eliminates the current system of awarding electors by congressional district. Sets the measure for submission to voters at the general election in November 2026.					
LR25CA	Hansen		Executive Board 02/24/2025	General File 03/06/2025	Constitutional amendment to change the compensation of members of the Legislature and provide for health insurance
Relating to a proposed constitutional amendment. Proposes amending Article III, section 7, of the Nebraska Constitution to change legislative compensation. Replaces the current monthly salary cap of \$1,000 with a compensation rate tied to the state minimum wage, effective January 6, 2027. Additionally, requires the state to provide legislators with health insurance equivalent to Medicaid benefits in effect at the start of their terms. Retains existing provisions for reimbursement of travel expenses and prohibits other forms of compensation. Sets the measure for submission to voters at the general election in November 2026. The Executive Board Committee's AM256 creates a legislative compensation commission to determine compensation for members of the legislature. The question will be placed on the ballot for the 2026 General Election and will impact Senators beginning in 2029.

LR282			Executive Board 01/12/2026	In Committee 01/07/2026	Provide for the expulsion of Senator Dan McKeon, Legislative District 41, from the Nebraska Legislature This resolution formally expels Senator Dan McKeon, representing the 41st Legislative District, from the Nebraska Legislature. The expulsion follows a formal investigation substantiating multiple violations of the Nebraska Legislature's Workplace Harassment Policy, including inappropriate sexual remarks, physical contact, retaliation, disregard for directives, and behavior undermining workplace decorum. The Executive Board unanimously recommended expulsion, and the resolution is to be transmitted to the Governor for filling the resulting vacancy.
LR284CA	McKinney		Government, Military and Veterans Affairs 01/22/2026	In Committee 01/09/2026	Constitutional amendment to change the voting age to sixteen years of age Summary: This resolution proposes amending Article VI, section 1 of the Nebraska Constitution to reduce the minimum voting age from 18 to 16. If approved by voters in the November 2026 general election, citizens who are at least 16 years old by the first Tuesday after the first Monday in November would be eligible to vote starting that calendar year and in all subsequent years. The amendment is to be submitted to the electors with clear ballot language indicating the change.
LR292CA	Andersen	Oppose	Revenue 02/12/2026	In Committee 01/09/2026 Andersen Priority Bill	Constitutional amendment to provide a new method of valuing real property for property tax purposes, provide a limit on property tax increases, provide certain exceptions, provide requirements for declared emergencies, provide for emergency bond levies, and eliminate conflicting constitutional provisions This amendment would create a dual valuation system for all real property, distinguishing between fair market value (dynamic, determined by the assessor) and taxable market value (used to establish the baseline for tax liability). It would cap annual property tax increases on real property to the percentage change in the Consumer Price Index unless certain triggering events occur (such as sale or new construction). For agricultural land, taxable market value would be set at 75% of fair market value, or 50% for certain school bonds. Detailed definitions and exceptions for transfers between spouses and combining parcels are provided. In emergencies, local taxing entities can hold a special bond levy election if financial needs exceed appropriations, subject to strict voter approval requirements. The recall process would be conducted through procedures established by statute, and would be an additional method of removal beyond those already provided in the Constitution. The amendment will be submitted to voters at the November 2026 general election.
LR311CA	Cavanaugh, J.		Executive Board 02/18/2026	In Committee 01/23/2026	Constitutional amendment to create a Commission on Redistricting and provide requirements for drawing district boundaries This resolution proposes a constitutional amendment that would create a nine-member, bipartisan Commission on Redistricting responsible for drawing and recommending boundaries for federal and state election districts. The process removes direct redistricting authority from the Legislature and provides strict eligibility, selection, transparency, and procedural requirements to ensure a fair and nonpartisan process. The commission's maps are subject to approval by the Legislature, but the Legislature cannot redraw them, only reject and return for revision. The amendment includes public participation requirements and provides judicial recourse for enforcement. NACO: RWatch
