RE: Public Records Request

Dear Jeff Geiger,

On September 9, 2026, the Lancaster County Sheriff's Office ("our Office") received your letter containing the following request for public records:

"Pursuant to the Nebraska Public Records Act, Neb. Rev. Stat. §§ 84-712 through 84-712.09, I request copies of the following existing records held by the Lancaster County Sheriff's Office, its Support Services Division, County Purchasing, County IT, County Facilities, or any other County office that maintains responsive records.

Please search for records created, received, or maintained from January 1, 2018 through the date this request is processed concerning automatic license plate readers, automated license plate readers, automatic license plate recognition, license plate recognition, ALPR, LPR, Motorola, Axon, Flock, "plate reader," or "license plate reader."

Please provide:

All current and superseded ALPR/LPR policies, privacy policies, directives, standard operating procedures, field guides, retention schedules, training materials, audit procedures, and policy approval or revision records.

All annual ALPR/LPR practice and usage reports, attachments, corrections, and related correspondence prepared or submitted under Neb. Rev. Stat. § 60-3206.

All contracts, statements of work, purchase orders, quotes, bids, evaluations, sole-source justifications, procurement records, amendments, renewals, invoices, payment records, grants, grant applications, grant awards, reimbursements, and vendor correspondence concerning ALPR/LPR systems or services.

All records related to any Motorola mobile license-plate-recognition or ALPR/LPR procurement, installation, maintenance, vehicle assignment, device commissioning, technical acceptance, or replacement.

A current and historical inventory of all ALPR/LPR equipment, including vendor, model, serial number or asset identifier, system identifier, fixed/mobile designation, vehicle/unit assignment or fixed installation location, and installation, removal, reassignment, or replacement dates.

All records concerning ALPR/LPR installation, operation, maintenance, or removal on Nebraska Department of Transportation right-of-way, including executed agreements, amendments, applications, site plans, site-selection records, maps, approvals, utility/pole/cabinet records, work orders, correspondence, and maintenance responsibility records.

All existing aggregate or de-identified reports, dashboards, exports, audit records, and statistics concerning ALPR/LPR scans, alerts, confirmed matches, non-correlating matches, manual plate entries, user access, queries, information sharing, exports, retention/deletion, and audit/compliance review.

All data-sharing, access, interoperability, or memorandum-of-understanding records involving ALPR/LPR information and LPD, the Lancaster County Attorney, Nebraska State Patrol, Nebraska Department of Transportation, Lincoln-Lancaster County 911, federal task forces, other local agencies, or private vendors.

All complaints, misuse investigations, compliance reviews, audit findings, corrective actions, and disciplinary records concerning ALPR/LPR use, access, dissemination, retention, or sharing. Please redact protected personal, investigative, or disciplinary information as necessary rather than withholding entire responsive records.

I am not requesting raw captured plate data, individual license plate numbers, raw images, or other data excluded from disclosure by Neb. Rev. Stat. § 60-3209. Please redact exempt information where needed and release all reasonably segregable non-exempt portions.

Please provide responsive records electronically by email or download link, with structured data in native or reasonably accessible machine-readable format where maintained in that form.

I am a Nebraska resident. Please notify me before incurring fees exceeding \$50. If you expect substantial review time or cost, please provide an itemized estimate and identify the record categories or search terms driving that estimate so I may prioritize or narrow the request.

If another County office maintains responsive records, please forward this request to that custodian or identify the appropriate office and contact information. If any record is withheld in whole or in part, please state the specific statutory basis for withholding. The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 4 business days, as the statute requires.

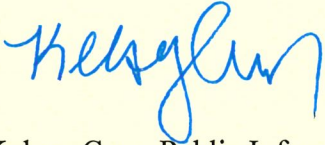

After a review of your request, our Office is unable to provide the records as requested. The description provided is nonspecific in nature and does not allow our Office to locate or determine the existence of records responsive to your inquiry without additional clarification or narrowing.

Pursuant to Nebraska Revised Statute § 84-712.01 et seq., public records are subject to inspection and copying except as expressly exempted. A request must be sufficiently specific to enable the custodian to identify and produce the exact records in question, preventing such identification and correlation to records. *See* § 84-712.01(4)(c).

Any administrative or judicial right of review regarding this response is provided to you under Neb. Rev. Stat. § 84-712.03.

Sincerely,

TERRY T. WAGNER, Sheriff

Kelsey Cruz, Public Information Officer
Lancaster County Sheriff's Office
